

Precision-Tune Studios

Standard Studio Agreement & Terms of Service

By booking a session with Precision-Tune Studios and replying “Yes, I agree,” the Client acknowledges and agrees to the following terms:

1. Session Booking & Time Policy

Sessions are scheduled for the specific date and time selected during booking.

Sessions begin promptly at the scheduled start time. Time will begin at the agreed start time whether or not the Client arrives on time. Late arrival may result in reduced session time. Additional time, if available, will be billed accordingly.

Clients must provide all beats, instrumentals, or backing tracks in downloadable MP3 or WAV format prior to the session (stems preferred). Precision-Tune Studios does not convert YouTube links or streaming links into audio files.

2. Payment Policy

All session pricing, deposits, and balances are determined at the time of booking through the official booking platform.

A deposit is required to confirm and hold studio time. The remaining balance must be paid by the end of the session unless otherwise agreed in writing.

If a session exceeds the scheduled time, additional time will be billed at the current applicable studio rate.

There are no refunds. Deposits are non-refundable.

Rescheduling requires at least forty-eight (48) hours’ notice. Same-day cancellations, rescheduling, or no-shows will result in forfeiture of the deposit. A new deposit will be required to book a new session.

3. File Delivery & Storage

Clients will receive high-resolution WAV files of the final approved masters via digital delivery.

Recording session rates do not automatically include mixing and mastering unless explicitly selected and paid for during booking.

Mix revisions (if included in the selected service) are limited to 2. Additional revisions beyond the included amount may incur additional fees.

Show mixes (live performance mixes), radio edits, alternate versions, and unmixed stems are available for an additional fee.

Precision-Tune Studios does not claim ownership of any recorded music.

After delivery, Precision-Tune Studios is not responsible for files that are lost, stolen, corrupted, or leaked.

All session files are stored securely for approximately six (6) to twelve (12) months. After that period, files may be permanently deleted. Clients are responsible for backing up their own files.

4. Credits & Attribution

Proper credit to Precision-Tune Studios is required for all music recorded at the studio.

By booking a session, the Client grants Precision-Tune Studios permission to use session footage, photos, and audio for promotional use, including social media, websites, advertisements, and other marketing materials.
