Slayer™

controls grass and weeds... naturally

NON-SELECTIVE BROAD-SPECTRUM ALL NATURAL HERBICIDE

Unique broad spectrum organic herbicide made from Eugenol, an essential oil of clove and unique proprietary powerful bio surfactant that helps translocate the herbicide materials through the plant.

Weed Slayer can be applied to control grass and weeds. Residuality has been observed on some plants up to 8 weeks.

7 DAYS BEFORE

AFTER

Weed Slayer is exempted from registration. (FIFRA 25(b))

From the farm to the table....naturally
