Michael Wynn is a compassionate and creative individual who empowers people to overcome obstacles to “Win”. Michael is a proud native Detroit and the CEO of Coach Win, LLC, a professional development company. He is a Habit Success Strategist, Financial Consultant, Author, and Speaker that was inspired to get certified as a Financial Literacy Trainer, Authenticity Coach, and Fraud Examiner.

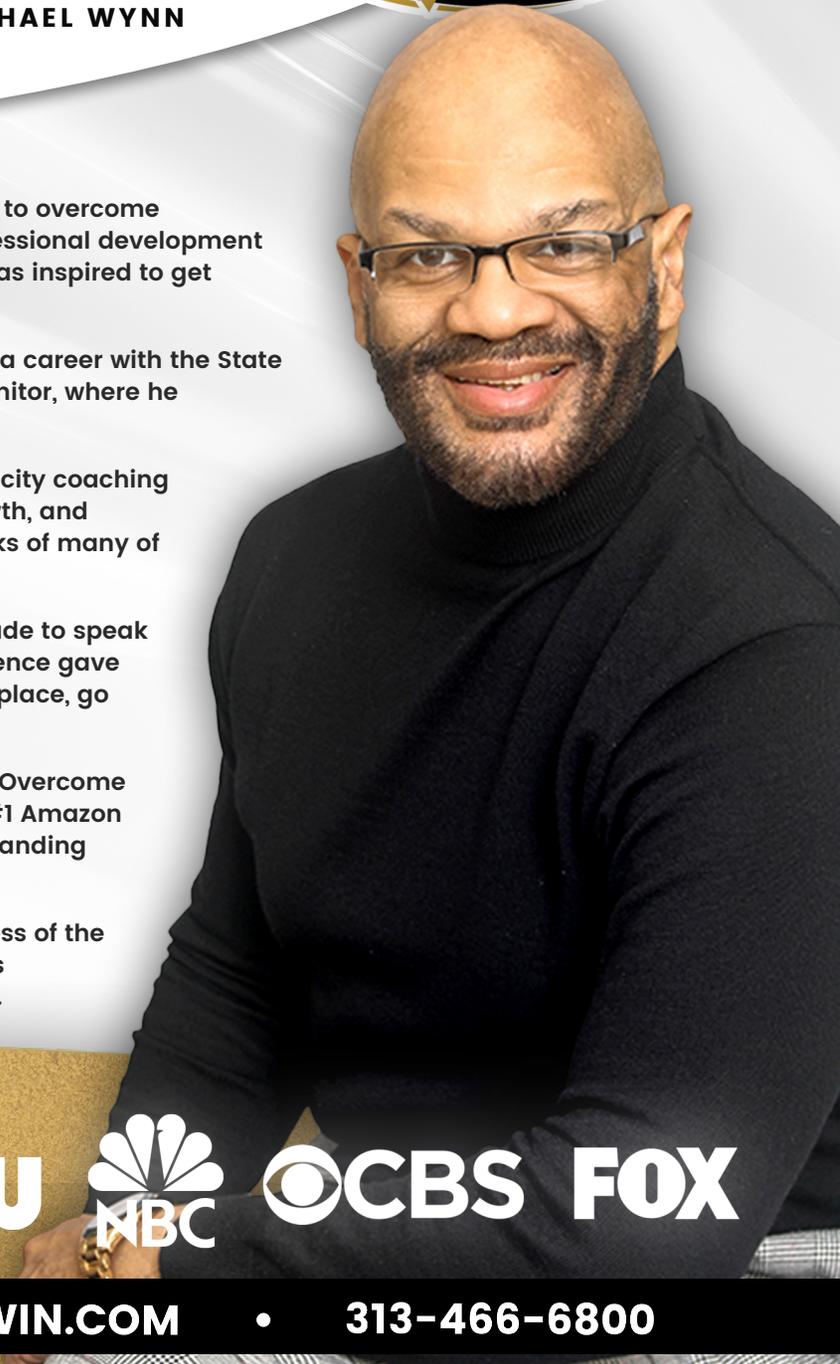

Michael earned a Bachelor of Science Degree in Accounting, and he worked and retired from a career with the State of Michigan in various departments as a Commission Auditor, Casino Auditor, and Fiscal Monitor, where he provided oversight and monitoring responsibilities of over \$600 million a year.

Michael uses his 30-plus years of financial compliance, business management, and authenticity coaching experience to motivate entrepreneurs and organizations to take action in development, growth, and stability by using a “Habit Matrix”. He also passionately received training or studied the works of many of the world’s best motivational and training experts.

Michael gained an enormous amount of motivation and inspiration that gave him the fortitude to speak about how he overcame his bi-polar depression disorder with habits. This rewarding experience gave him a reason to live by one of his favorite quotes by Maya Angelo, “As soon as healing takes place, go out and heal somebody else”.

Michael’s breakthrough victory allowed him to author 2 books; “Habits Don’t Lie ~ 7 Habits To Overcome Obstacles To Win”, a #2 Amazon Bestseller; and “The Habit Effect ~ Your Life, Your Money”, a #1 Amazon Bestseller. He was proudly featured on many media outlets and was the recipient of an Outstanding Financial Literacy Award.

Michael feels obligated to continue to serve others and his community by providing awareness of the benefits and importance of using financial literacy as a foundation for personal and business growth. Michael resides in Michigan with his wife and together they have 6 amazing children.

I just had the pleasure of hearing Mr. Michael Wynn. He was our Keynote Speaker for our Myositis K.I.T Group to discuss his book "Habits Don't Lie". And what really struck me about it, was the high energy, transparency and insight that Michael showed as he first came out to speak. I am so grateful to have had this opportunity to have him speak and tell his story to help all of us cope with our rare neuromuscular disease. Thank you and we truly enjoyed it.

Mr. Wynn, I had an opportunity to attend a seminar sponsored by the Michigan Chapter of the International Association of Financial Crimes Investigators where you were a featured presenter. I also, enjoyed your presentation of the information, which was informative, interesting and entertaining.
