

Paediatric Congenital Heart Disease Echocardiography

NETWORK

7 - 8 May 2022, Freeman Hospital,
Cardiothoracic Centre, Newcastle upon Tyne.

This two-day course with lunch and refreshments is limited to 20 spaces and it's aimed at enhancing understanding of congenital echocardiography at a basic level of experience. It covers all primary applications of paediatric congenital cardiac echocardiography, providing comprehensive learning through case based lectures and practical hands on sessions with volunteer paediatric patients.

The course costs £450 per delegate and it's suitable for anyone involved in care and management of CHD disease (neonates, infants and children). This includes consultants and trainees (paediatrics, neonatology, paediatric cardiology, ACHD, cardiac surgery, cardiac anaesthesia and intensive care), paediatricians with expertise in cardiology (PECS) and cardiac physiologists.

Secure your space no later than 7th May!
Eventbrite: <https://echo-course-may.eventbrite.co.uk>

Course faculty: Consultant paediatric cardiologists, senior specialist cardiac physiologists and specialist cardiology registrars from the Level 1 specialist centre in Newcastle.

Organisers: Dr Abbas Khushnood and Network Lead Nurse Kaye Walsh.
