

# CARDIAC STUDY DAY

**free teaching for paediatricians, nurses , AHPs  
+ junior doctors**  
**May 17<sup>th</sup> 1000hrs-1600hrs**  
<https://tinyurl.com/42bhpee6>

A free, online study day for paediatricians, AHPs and nurses. This cardiac study day will arm you with skills in recognising and assessing cardiac infants, babies and children and make you feel more confident in your clinical care.

Expert faculty includes GOSH cardiac consultants, specialist cardiac nurse educators and specialist nurses caring for adults who are living with congenital heart disease

*The Great Ormond Street Hospital Cardiology Team presents*

# Heart Failure - A Lifelong Journey

## Includes-

- Signs and symptoms of heart failure
- Management of the deteriorating child
- Drug trials
- Echocardiography in cardiomyopathy
- Cardiac transplantation
- Heart failure- care of the adult with congenital heart disease
- A parent's journey
