# Cherished Memories

## To My Partner

*I Thank God everyday that I was blessed and favor enough to be able To experience you. I am grateful to have experienced your love, light, generosity, smile, and your protection. You always made me feel so safe and I had no worries whenever I was with you. Neither time or reason will change the way I feel. Gone are the days we used to share, but in my heart you are always there. I will hold and cherish every memory we had together. I miss you more than anybody knows. I am grateful that you blessed me with your mini and I will always see you in him. I will love you forever and ever and I'll miss you until we meet again*

## To My Daddy

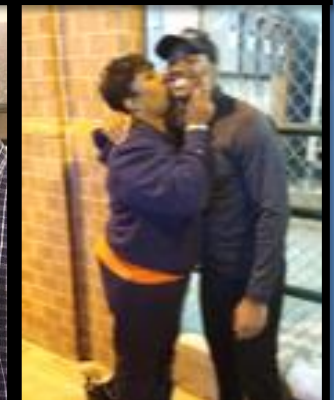

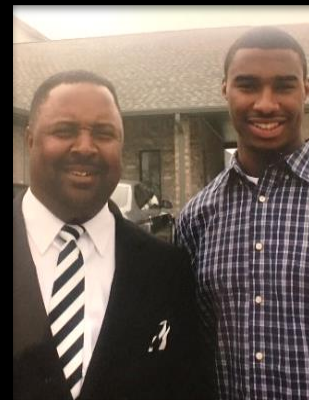

*You were a Dad who was so special and who was loved so very much and brought so much happiness to the lives you touched. You were always kind and caring and so understanding too, and if help was ever needed, it came so freely from you. You were a gift to all the world and brought joy to everyone. You were the best daddy in the world! I know you're watching over me and I'm going to be everything you ever wanted me to become. I love and miss you Daddy... Until we meet again!!!*

# *Tribute From Mom and Dad*

## *To Our Son*

*When I found out I was carrying you I prayed and asked God for a Boy, God granted my wish and months later you were born healthy, happy, and handsome as ever. I remember being so happy and excited that God heard my prayers and gave us you. You ever Disappointed us (Not once). We have always been so proud of you. Your presence was magical, and your big kool-aid smile had the power to lite up any room. Although you were Tragically taken us, we know that you are in a better place even though we want you here with us we understand God had other plans. Don't worry about your son, we got him, and we will keep your memory alive and make certain he remembers you forever. We know that being absent from the body means to be present with the Lord and we know that you loved the Lord. Until we meet again, we'll hold you close and continue to celebrate your life. Rest well my baby, Love Mom and Dad!!!!*

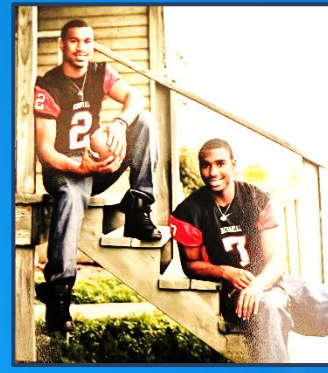

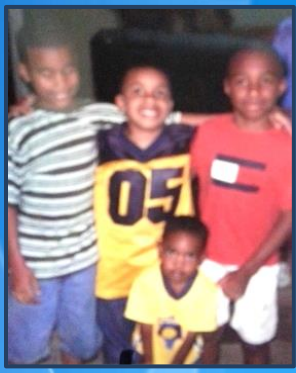

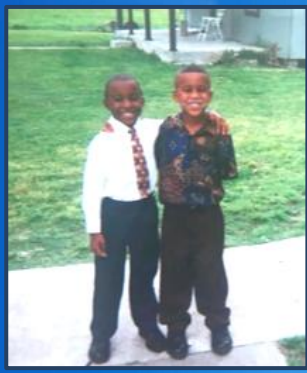

*Until We Meet Again  
 Those special Memories of you  
 Will always bring a smile  
 if only I could have you back  
 for just a little while  
 then we could sit and talk again  
 just like we used to do  
 you always meant so very much  
 and always will do too*

*The fact that you're no longer here  
 Will always cause me pain  
 But you're forever in my heart  
 Until forever in my heart  
 Until we meet again  
 Treasure, Rickiea, Leosha – Loving Sisters*

*To A Very Special Nephew  
 If I could send a postcard  
 To Heaven up above  
 I'd tell you that I miss you  
 And seal it with my love  
 Pain could fill a thousand pages  
 But what good would that do  
 Because the only thing I long for  
 Is to get one back from you  
 So if the Angels are listening  
 Every time I pray  
 I hope they send the message  
 That I miss you everyday  
 For now, I'll keep the postcard here  
 I hope you understand  
 Please keep watching over me  
 Until I deliver it by hand – Love Auntie Rachel*

### ***Tribute From Brandon To Ricky***

***The love me and Lil Ricky had for each other was unbreakable, we stayed together 24-7. What we shared was something no one will ever be able to say they had. We would talk to each other on the phone at least 3 times a day. We went from daycare to high school and then college roommates. We would fight with each other then make up 2 mins later, laughing and talking like nothing ever happened. We would always tell others how proud we were of one another, and how we were going to be the BEST DADS in the world to our lil ones. Setting an example for the other young Dads out here in the world. I'm going to always make sure our two boys are taken care of, I'm now living for them. We always talked about how we wanted to bring RJ & BJ up. A bond just like we had, true brothers. We would always say they are a repeat of us because of how close in age they are. I'm going to always remind RL of how GREAT his Dad Lil Rick was. Not only as a father, but as a man. I will always embrace the memories that we shared together. We have so many memories that would make us cry but also smile to be able to see another day. I will never be able to replace my brother, but I can bridge that gap. Lil Rick is with us every step of the way. I know he's looking down on us now, smiling saying everything is going to be alright, I'm good B. Save a spot for me because we will be together again one day. I love you Ricky Fisk Jr. you will forever be in my heart my brother.***
