Dear Customer,

As we monitor the quickly changing information on coronavirus (COVID-19), please know that the well-being of our customers and employees is our utmost concern and we are fully committed to ensuring your safety.

Our industry is in a unique place and plays a vital role in helping to assist companies and households during a time of crisis. We service some of our state's largest farm production facilities, utility companies, local county and state municipalities, warehouses, construction industries and more. Mako Hose is a business that supplies other essential businesses with supplies necessary to operate. We know we need to be there for these industries, now more than ever, and cannot leave them in a time of need. Unless forced to do so, we plan to stay open to provide you all with all services.

If you have questions or concerns, please do not hesitate to call us at 561-795-6200. You may also email us at [accounting@makohose.com](mailto:accounting@makohose.com).

All of our employees have been instructed to closely follow the recommendations of the CDC for protecting themselves and others. These recommendations include limiting exposure to sick individuals, frequent and thorough hand washing, constant hand sanitizing, disinfecting door handles and counters, practicing social distancing, knowing the signs and symptoms of COVID-19, and more. If employees are not feeling well or have a family member who is infected, they are strongly encouraged to stay home.

Our thoughts are with anyone who may be affected by COVID-19. We will keep you updated as this situation unfolds. We thank you for allowing us to serve you and, again, encourage you to contact us with any concerns or questions you may have.

Sincerely,

Mako Hose & Rubber
