## Sick Child Policy

For the protection of your child and the other children, any child who is ill or appears to be ill should not be left under our care or with other children when any of the following exist:

- 1) Fever
- 2) Vomiting and/or Diarrhea. (even associated with teething or antibiotics)
- 3) Any symptom of the usual childhood diseases: scarlet fever, German measles, mumps, chicken pox, and whooping cough
- 4) Sore throat
- 5) Croup
- 6) Any unexplained rash or skin infections such as boils, ringworm, impetigo, head lice, etc
- 7) Runny noses with yellow or green discharge

Also, please note that Teachers cannot administer medications of any kind. Children need to be symptom free for 24 hours before arriving in a classroom. If a child appears to have developed a fever or if any signs of illness occur, the parent/guardian will be notified. We will do all our best to keep all of the children healthy, but sickness does occur.
