

BLUNT x Dinosaur Designs

Limited Edition Collaboration

BLUNT x DINOSAUR DESIGNS

Collaboration Summary

BLUNT and Dinosaur Designs have come together in a limited-edition collaboration featuring two limited-edition BLUNT Metro umbrellas - Cappuccino and Strawberry. A playful take on watercolour paintings, this collection combines Dinosaur Designs' unmistakable use of colour and sculptural tactility with BLUNT's award-winning canopy design.

Each umbrella is finished with a handmade Dinosaur Designs resin bead, designed to hang from the end of the wrist strap. Crafted in Dinosaur Designs' Sydney studio, every bead is individually hand-poured, set and finished, making each piece beautifully unique. No two resin beads are exactly alike.

The collaboration reflects a shared belief in timeless design, curiosity and bringing joy to everyday moments. BLUNT's intelligent engineering meets Dinosaur Designs' artful approach to resin, creating an exclusive collectors piece umbrella that is both functional and expressive.

Colour Story: Strawberry & Cappuccino

Cappuccino brings an earthy warmth, with soft neutral tones that feel grounded and quietly expressive.

Strawberry offers a brighter warm-hued palette, vivid and playful with a fresh sense of energy.

Together, the two colourways explore the serendipitous nature of resin and watercolour, creating a collaboration that feels considered, collectible and joyfully unexpected.

About Dinosaur Designs

Dinosaur Designs are renowned for sculptural homewares and jewellery handmade in their Sydney studio. Known for their distinctive use of resin, Dinosaur Designs create pieces that sit beautifully between art, design and fashion. They have worked with brands like Louis Vuitton, Romance Was Born, Toni Maticevski and Oscar de la Renta.

For this collaboration, Dinosaur Designs bring their signature resin craft to BLUNT through the handmade "splash" resin bead. This is a tactile bead detail looped at the end of the wrist strap, making each umbrella feel truly one of a kind.

Like every piece made by Dinosaur Designs, the beads are first sculpted in clay. They then make a mould into which they hand pour resin, a process which means the patterning of every piece is unique. Once it's set, the resin is finished by hand.
