Date: Tuesday, May 18, 2021

The Brain and Spinal Cord Injury Advisory Council is seeking input from stakeholders (survivors, family members, caregivers, friends, services agencies) with respect to the unmet needs of individuals with brain and/or spinal cord injuries.

Based upon the information gathered and as part of the Council's statutory charge from the New Hampshire Legislature, the Council will subsequently submit a report to Governor Sununu and the Legislature that contains findings and recommendations on how NH can better meet the needs of individuals with brain and/or spinal cord injuries.
