3D objects! Garden c sdays 4:30-5:30p lea rbs. In Reading, stuc	arning about harvesting, packaging and dents will be investigating information obiographies, memoirs , and a variety of
or b 4	ork with measuremen be learning strategies 4th grade will be su our sprints and activi

In Science we will be blasting off into outer space as we begin our unit on Space. ELAR students will focus on Poetry and Drama. Our 6th graders will learn about Ratios and Rates in math, while our 5th graders will continue working with Multiplying and Dividing Fractions. We ask our parents to please try and limit taking students out early– we are working hard every day to learn new material and fill in any gaps that may show up.
