September/October 2012

Pheasant hunters enjoy high-flying action at Cheyenne Ridge Signature Lodge.

Cheyenne Ridge Signature Lodge and North Platte Outpost

The world's first upland and waterfowl lodges to receive the prestigious Beretta Trident, Cheyenne Ridge Signature Lodge and North Platte Outpost bring you the finest in wingshooting.

On the South Dakota prairie, Signature Lodge offers the ultimate in pheasant hunting luxury, with all private rooms, cigar and cognac bar, and a gourmet chef. With thousands of acres of the best-managed habitat in the Midwest, the lodge offers unrivaled pheasant hunting. The guides, among the best in the business, were chosen by Eddie Bauer, America's original outfitter, to design and test their new upland line.

North Platte Outpost is the ultimate waterfowl destination. We like to say, "Duck hunting as predictable as it gets." Hunting three miles of North Platte River keeps the pressure to a minimum, which translates to great shooting throughout the season. After filling your limit on mallards in the morning, you can spend the afternoon chasing pheasants.

Cheyenne Ridge Signature Lodge and North Platte Outpost – come as a guest, leave as a friend.
