## Person-to-Person

Helotes is happy to have so many visitors for the most authentic celebration of corn festivals to be found in the Country. Generations of settlers have observed gatherings, which include all the ingredients of this Spring Festival. But this is the biggest, newest and best, everyone has been saying. From Old Fiddlers Contests to art shows to dancing and singing, and to trail rides, everything has been planned to display a civic spirit that makes for happy memories.

With Mother's Day and Flag Day arriving simultaneously on next Sunday, May 14, there are some here who plan to have reunions right on through next week. There are lovely items being offered which have the handcraft touch, to say nothing of many works of art—and specials are being offered in flowers and fashions as well. All in all, the way to plan for Mother's Day is to take Mother to the Festival and then listen to what she wants for herself. Some of the earlier Festivals were held on Mother's Day—and believe it or not—the Mothers had so much fun working that their own Mothers complained they didn't want to go anywhere usually reserved for Mother's Day. So, the date is now firmly fixed on the first week-end in May with Mother's Day ahead for all to enjoy when the Festival's over.

Club activities this time of year are so tied in with the Cornyval that those who have time can see how active these organizations are by taking in the arts, crafts, and food booths. Special thanks go to the Lions Club of Helotes for providing parking spaces. And even more thanks go to Howard Davis, Jr., the new property owner of the Helotes Inn acreage, who this year is allowing the Lions to use the parking area for this civic event. Lion Ollie Whetstone, a former owner, started this several years ago by donating the space during Cornyval days. Proceeds go to the Lions Club civic project especially for crippled children's camps.

The San Antonio chapter of the International Association of Business Communicators (IABC) will name the Communicator and Rookie of the Year at an awards dinner May 12.

The annual event will begin at 7 p.m. at the Gazebo at Los Patios.

## Cornyval '78 Rolls Into Town

Miss Helotes 1978 is reigning over the 13th annual Helotes Cornyval.

She is Lisa Bendele, 17-year-old John Marshall junior, selected Wednesday night in the opening event of the 1978 festival, the Miss Helotes

Pageant and Coronation.

Selected as the 1978 princess was Shawnette Sams, and as the 1978 duchesses were Robin D. Winn and Sherri Crouse.

The Cornyval moves into its extravaganza weekend today with the opening of 70 street

booths late this afternoon, two free street dances beginning at 8 p.m., and a free dance on the patio of Floore Country Store. The carnival midway also will open on Floore Drive.

Music for the street dances will be provided by the Whiskey

Basin and Texas country-and-western groups, and on the patio by Dale Keith and the Starlite Ramblers.

Saturday will bring the annual Cornyval Parade beginning at 11 a.m., this year with more than a hundred units entered. The parade will form at Bandera Highway and Loop 1604 and move west through Downtown Helotes to the Scenic Loop Road. State Rep. Don Rains of San Marcos will be grand marshal.

The street booths will open again at noon, as well as the carnival midway. Armadillo races are slated at 2 p.m., and two more free street dances and another free dance on the Floore Country Store patio in the evening.

Music for the Saturday dances will be provided by the Pop-A-Top and Whiskey Basin bands on the street and Fiddlin' Frenchie Burke on the patio.

Other Saturday events will include the Cornyval Art Show at the Helotes Art Guild gallery, beginning at noon, and an auction at the PARC building of the Helotes Methodist Church immediately following the parade.

Among participants in the parade will be the Alamo Kountry Kickers, who are holding their spring trail ride in conjunction with the Cornyval. Trail Boss Pat Halpin said 125 riders had signed up by Wednesday and he expected the final number to be between 150 and 175. They will assemble Friday night at the Cornyval trail site near the entrance to San Antonio Ranch Town.

Sunday will bring a continuation of the street booths and art show plus a series of special events including an Old Fiddlers Contest, performances by the Gun Slingers, and a corneating contest. Another free dance will be held on the Floore Country Store patio with music by the Texas band.

The 1978 Miss Helotes Pageant and Coronation was held on the patio of Floore Country Store Wednesday night under a clear but chilly sky.

Judges for the competition were the Hon. Carolyn Spears, judge for Bexar County Court No. 1; William E. Tuttle, CPA; and Mrs. Opal Popham, sales manager for Phone Power at the Southwestern Bell Telephone Co.

Entertainment during the pageant was provided by students of Mary Van Bibber's Arts Academy of Ballet, Tap and Gymnastics, and by Lori Killian, extremely talented Helotes School student.

Dancers in the "Oklahoma" number were Natalie Buel, Priscilla Chesshir, Darrin

Continued on page 8

### Lisa Bendele Wins 1978 Miss Helotes Title

Lisa Bendele, 17-year-old John Marshall junior, is Miss Helotes 1978. She is shown above in the Western outfit, street dress and formal gown she wore in the pageant Wednesday night. Chosen as the new princess was Shawnette Sams

and as the new duchesses were Robin D. Winn and Sherri Crouse. The pageant was held on the Floore Country Store patio. Country Love played for the Coronation Dance which followed.

Staff photo by Sam B. Monaco, Jr.

### Rainfall So Far Just Average

Rainfall for the first four months of 1978 totaled 9.9 inches here according to records of Henry Brauchle, local weather observer. One third—or 3.3 inches fell in April to put the total above average. This was recording April's last rainfall—as it fell on Brauchle's Poor Boy Ranch at 1.75 inches. However, Mr. Brauchle said that two to two-and-a-half inches were reported by ranchers nearby, with about 2.2 inches for Grey Forest.

Then—for those who were deep in Festival finishing touches—there was May's first windstorm Tuesday. The evening shower amounted to .6 of an inch with .1 falling the morning of the first day activities somewhere about sun-up. However, the sun shone Wednesday on the carnival folks, the Cornyval, and the Coronation as it got underway with daylight saving time at 7:30 p.m.

So as the Festival unfolds, it looks like a good time for the Cornyval weatherwise and otherwise.

### Dr. Ashworth To Speak At UTSA Graduation

Dr. Kenneth Ashworth  
UTSA Commencement Speaker

Dr. Kenneth Ashworth, commissioner of higher education with the Coordinating Board, Texas College and University System, will deliver the keynote address for commencement ceremonies at UTSA Sunday, May 14, at 3 p.m.

Dr. Ashworth was named commissioner of higher education in 1976. He had been

assistant commissioner for federal programs and facilities planning with the Coordinating Board from 1966 to 1969.

Prior to serving as UTSA executive vice president from 1973 to 1976, Dr. Ashworth was assistant to the vice chancellor for academic programs in the UT System from 1969 to 1970, when he became vice chancellor for academic affairs.

Also, Dr. Ashworth was chief of the College Construction Grants Section for the U.S. Office of Education in Washington, D.C. from 1965 to 1966.

He graduated Phi Beta Kappa in economics from The University of Texas at Austin in 1958. The following year, he earned a master's degree in public administration from Syracuse University, where he won the Hugh D. Ingersoll honors award.

He earned a Ph.D. degree in history and the philosophy of education from UT Austin in 1969.

## Edwards Plans Evapotranspiration Trial

Directors of the Edwards Underground Water District will consider at their May 9 meeting whether to participate in construction of one evapotranspiration septic tank system in each of the five counties in the district to obtain results under actual operating conditions, and experiment with various types of ground cover.

Col. McDonald D. Weinert, P.E., general manager, said he will recommend the board consider paying the difference in the amount the evapotranspiration system would cost in excess of the conventional septic tank system up to a maximum of \$2,000 per system. It would include an un-

derstanding that a representative of the district would be present when the liner and monitoring devices were placed in the system, consult with nurserymen and recommend different types of ground cover, and observe the operation of the facility for a period of five years.

Following a two-year study of the evapotranspiration system by Raba and Associates in San Antonio, it was concluded that the system, in which liquid effluent is drawn up by plants and evaporated rather than filtered down through the soil, would be safer to use over the Edwards aquifer.

The regular bi-monthly

meeting will be held at 10 a.m. in the second floor meeting room of the Tower Life Building.

## NAFE To Meet On May 18

The Leon Valley-Helotes chapter of the National Association of Federal Employees will meet at the Leon Valley Grange Hall, on Eckert Road near John Marshall, on Thursday, May 18, at 2 p.m.

For additional information, call Mrs. Bea Simpson, 684-1567, or Mrs. Joe Speier, 695-3642.

## Carter Man Due At Trinity

Ray Marshall, U.S. Secretary of Labor, will deliver the commencement address at Trinity University's 1978 spring commencement exercise, Saturday, May 13, in Laurie Auditorium. Because of a record number of graduates and limited seating, admission will be by ticket only.

From 1969 until his appointment to the Cabinet, Dr. Marshall was director of the Center for the Study of Human Resources at the University of Texas in Austin. He taught economics at UT-Austin from 1962-67 and 1969-77 and served as chairman of the economics department from 1970-72.

## Award Nominee

The UTSA College of Business has nominated Pamela Herrington, 6436 Honeyhill for a \$1,000 accounting fellowship.

A graduate of Holmes High School, Pamela will be among outstanding accounting students nominated from colleges and universities across the country who will be evaluated by the American Accounting Association. A UTSA junior, Pamela has been named to the Dean's List and is a member of the Accounting Club.

## Marshall Wins Computer Test

Marshall High School, Anson Jones Middle School and Five Palms Elementary hauled off team trophies in the Third Annual Computer Problem Solving and Mathematics Competition at the Education Service Center. Eighteen San Antonio area schools participated.

Marshall students took first place in the problem-solving competition. Trophies were also awarded to Judson High School, which finished second, and Holmes High School, third place winner.

Individual winners in the problem-solving division were David Freeland, Marshall, who took first place honors; Kayne Chu, Jefferson High School, second place; and Richard Pletcher, Marshall, third. Awards were based on solving correctly the greatest number of programming problems in 30 minutes.

In the middle or junior school division awards were given to students with the highest scores in response to math problems given by the computer. Scoring was based on speed and accuracy.

Anson Jones Middle School took first place in the division, while Dwight Jones Middle School was second. In the same category, individual honors were won by Edward Stump from Anson Jones, who finished first, and Steven Southerland, also from Anson Jones, second place.

On the elementary level computer math drill contest, Five Palms Elementary took first place team honors, followed by Boone Elementary, second, and Kindred Elementary, third.

The Outstanding Program Awards for high school students were judged on originality, usefulness, complexity, efficiency and the functioning of the program. First place went to Paul Beighley, John Jay High School; second place to Donn Baumgartner, Judson High School; and third place, Keven Muenzler, Judson.

### Old Fiddler Champ

Parvin Hoffman, long-time Texas champion, is one of the outstanding fiddlers expected here Sunday for the 1978 Old Fiddlers Contest in Floore Country Store beginning at 2 p.m. Admission will be free.

### AN EDITORIAL

#### Take Time To Vote

The big week in Helotes is here, and "Frontiers, Past and Present" reminds us that fleeting Time must be backed by timeless values. For those who look back, the accomplishments of the frontier settlers here have an enduring value. For those who look to the present, as well, there is an urgent need to become involved in the destiny of a great Country.

To every eligible voter—there is a clear duty to assume some control by going to the polls. All day Saturday—from 7 a.m. to 7 p.m., the polling places will be open.

It would be a challenge to name any time in local, state and national elections here when the enlightened vote has been more needed.

The Cornyval has coincided before with election times. Events are planned so that no one will have to miss anything and still exercise an opportunity to vote. For those from a distance this is equally so.

And while the returns come in, the Cornyval is a great and happy place to be. In our democratic republic, there is a challenge to accept the will of the people. Most candidates have worked for goals which—however different in detail—probably have goodwill and the willingness to serve as a basis.

Sincere candidates are seeking the voters' support in the primaries. And we urge every voter to give a serious thought to choosing those candidates most qualified to meet the present and future frontiers we all must face.

### FACTS & FIGURES

An estimated two million Americans have glaucoma—and half of them don't even know it. The disease can be medically treated and permanently arrested, yet accounts for 14 percent of all cases of blindness in the U.S.

Approximately 797,000 Americans have lost some degree of sight from glaucoma. The National Society for the Prevention of Blindness urges all people over 35 to have their eyes examined once every two years.

## Echo Log

(This is a partial listing of events which may have special interest to residents of the Helotes area.)

### FRIDAY, MAY 5

Third day of the 1978 Helotes Cornyval. See Page 1 for details.

Opening night for Theater San Antonio's production of Arthur Miller's Pulitzer Prize play, "Death of a Salesman." Continues on Thursday, Friday and Saturday each week until May 20, with a matinee on May 7. San Pedro Playhouse. Tickets \$4.50 to \$2.

### SATURDAY, MAY 6

Fourth day of the 1978 Helotes Cornyval. See Page 1 for details.

Democratic and Republican parties of Texas hold their Primary Elections. Polls open 7 a.m. to 7 p.m. Precinct 245 Republicans and Democrats vote in Helotes School. Precinct 246 Democrats vote in Grey Forest City Hall. Precinct 246 Republicans vote in Grey Forest Utilities office.

Boerne Area Art League's "Spring in the Hill Country" show opens, Live Oak Shopping Center, Boerne, 10 a.m. to 6 p.m. Continues on Sunday.

National Hospital Week begins. Continues through May 13. We salute all local hospital workers.

### SUNDAY, MAY 7

Fifth and final day of 1978 Helotes Cornyval.

Graduation ceremonies, Incarnate Word College, 3 p.m., in Trinity University's Laurie Auditorium. Commencement speaker to be IWC drama graduate, Patricia Conwell, formerly featured in "The Edge of Night" soap opera.

Texas author Josefina Niggli receives Arts and Letters Award from the San Antonio Friends of the Library.

### WEDNESDAY, MAY 10

Make Today Count meets at the Cancer Therapy Institute, Health Science Center, 7 p.m.

### THURSDAY, MAY 11

Acrylic paintings and mixed media drawings of UTSA faculty members Randa Newland and Donald Dippel exhibited at San Antonio Museum of Modern Art, 2214 McCullough. Continues weekends through May 28. Free.

### FRIDAY, MAY 12

Clinic for Helotes area residents conducted by San Antonio Metropolitan Health District, Parish Hall, Our Lady of Guadalupe Church, 10 a.m. to noon.

Mother-Daughter Social of the Zion Lutheran Church women, 7:30 p.m. Mary Maskew will be guest speaker.

### SATURDAY, MAY 13

Pipe Creek Volunteer Fire Department's annual spring barbecue, featuring beef brisket with all the trimmings, opens at 11 a.m. Continues on Sunday (pumper races and water polo at 1 p.m.).

### SUNDAY, MAY 14

Mother's Day.

UTSA Commencement, 3 p.m.

### TUESDAY, MAY 16

Helotes Women's Club meets, Scenic Loop Club Youth Building, 7:30 p.m. All area women invited.

### WEDNESDAY, MAY 17

Helotes Merchants Association meets, Chef John's Loft, 8:30 a.m.

Joffrey Ballet of New York opens three-day engagement in Theater for the Performing Arts, HemisFair Plaza, 8 p.m. each evening.

## He'll Be In Parade, Too

**FIDDLIN' FRENCHIE BURKE** will be honorary grand marshal in Saturday's Cornyval parade, sharing honors with Grand Marshall Don Rains who represents the 45th District in the Texas Legislature.

Saturday night, Frenchie will play for a Cornyval dance on the patio of the famed Floore Country Store, and there will be two street dances featuring Country & Western bands — Pop-a-Top and Whiskey Basin. All three dances are free and everyone is expected to be here.

## CORN Facts & Fancies

According to legend, cornmeal "hush puppies" were so named because they were fed to noisy dogs—to make them quiet down.

The pilgrims were the first colonists to taste popped popcorn—a gift from the Indians at the first Thanksgiving dinner.

To keep America's corn growing, American farmers get rid of weeds with atrazine herbicides. One, Aatrex 4L, is properly formulated so it doesn't settle out even if it's stored for three years.

Hasty pudding, so popular with America's pioneers, is nothing more than porridge—made from coarsely ground, unparched corn.

## Diabetes Today

A panel discussion on "Diabetes Today" will be conducted by Dr. Luther B. Travis from Galveston, Dr. Jamie Davidson from Dallas, and Dr. David J. Kudzma from Miami Beach, Florida.

The meeting, sponsored by the American Diabetes Association, Alamo Area Chapter, will be held on Wednesday, May 10, in the University of Texas Medical School Main Auditorium, beginning at 7:30 p.m.

## FOUR COMMON-SENSE REASONS TO Re-elect Lombardino State Senator

### 1. Frank Lombardino Is Serious About Reducing Our Utility Bills.

His first priority in the next Session will be to introduce his bill to remove the state sales tax from our utility bills. With an expected \$750 million budget surplus, he can and will remove this tax burden.

### 2. Frank Lombardino Will Continue His Fight Against Wasteful Spending.

He is a fiscal conservative and co-sponsored the "Sunset Act" last session designed to cut the bureaucratic fat in 177 state agencies. He is against any state income tax and will continue to vote against any tax increase that is proposed.

### 3. Frank Lombardino Is A Good Small Businessman, Not Another Lawyer.

He has had to meet a payroll for many years himself and knows the problems of the small businessman first-hand. Of 31 seats in the Senate, 21 are already held by lawyers — two thirds! That's enough. No single profession should have control over the Texas Senate. Both of Frank's opponents are liberal, free-spending trial lawyers.

### 4. Frank Lombardino Has A Solid 12-Year Record Of Accomplishment.

He is known as the "Father of UTSA", a strong supporter of the Texas Right-to-Work law, and has waged a personal war on crime including passage of his bill reinstating the death penalty for certain vicious crimes and creating 23 new district courts state-wide. He has fought for better teacher salaries for years and has had an "open door policy" for the last 12 years.

★ **KEEP THE MAN YOU CAN DEPEND ON.** ★

Pol. Adv. Paid For By Friends of Senator Frank Lombardino, 500 Gunter Bldg., San Antonio, Texas

## UTSA Students Name Officer

Photo by Gil Barrera

Newly elected officers of the UTSA Student Representative Assembly Martin Hinojosa (left), Veronica Ibarra, and David Espino meet to discuss plans. Hinojosa, 3430 Hopecrest, will serve as president. Ibarra, 1714 Winnipeg, is vice president and Espino, 437 E. Mulberry, is parliamentarian.

In parts of Germany, white mice were considered good luck.

## Public Okays

### 1604 Changes

Overwhelming support from the 150 citizens attending a public hearing favored improvements to Loop 1604 and I.H. 10 in the vicinity of the University of Texas at San Antonio. The recent hearing was conducted by the State Department of Highways and Public Transportation at UTSA. The department proposes to build separated lanes on Loop 1604, expanding the Loop 1604-I.H. 10, and convert frontage roads to one-way traffic on IH-10.

Speaking in favor of the project were County Commissioners Jeff Wentworth and Tom Stolhandske, UTSA President Dr. James Wagener, student body president Martin Hinojosa, officials of the Northside Independent School District, and many other participants.

Only two spoke against the proposed improvements, Mrs. Fay Sinkin, coordinator of the Aquifer Protection Association, and Dr. Ivan Cameron of the Sierra Club.

## Corn Quilt Offered

The sixth annual Helotes Corn Quilt, stitched by the Helotes Women's Club, is being quilted here by the ladies of the Helotes Hills United Methodist Church quilting group.

The Quilt in natural, green and yellow was designed in 1973 as a fundraising project of the Women's Club when President Marie Parrigin that year asked Mrs. Eleanor Nelson and her committee to design a pattern for the corn quilt. This year again as in most years, the current President Beth Goeringer asked Mrs. Nelson and club members to stitch the famed pattern.

For those attending the parade, the quilt will be on tour. During the remaining days of the Festival, visitors may purchase tickets and the quilt will be awarded on Sunday afternoon from the official Festival stand along with other items offered by the Grange, and the Lions Club to name a few.

## Bike-A-Thon Planned

The Leon Valley-Helotes Unit of the American Cancer Society will sponsor a Bike-A-Thon Saturday, May 27, at John Marshall High School parking lot. Registration is open between 8 a.m. to 9 a.m. Pledge forms are available next week for the event, and President is Monty Monteville. In charge of public education is Ann Smith. First prize from the merchants will be a 10-speed bicycle from the Leon Valley Bike Shop.

## Jobs Created By Computers

A speakers' bureau to dispel the myths and mystery surrounding San Antonio's growing computer industry has been announced by Holmes and Shaw, a local data processing service bureau.

Augie David, general manager of the firm, said one of the purposes of the bureau will; be to acquaint the public with the industry's growth over the

past 25 years from a few employees to more than 3,000.

"Few people outside the industry are aware how essential computers have become to business and government not to mention the new job opportunities that have been created," David said.

Groups desiring a speaker may contact David at 341-6641.

## Fisher Picks Nelson Wolff

Former Congressman O.C. Fisher has announced his endorsement of Nelson Wolff for Congress in the 21st district.

Fisher served as congressman from the 21st district for 32 years until his retirement in 1974 and currently serves on the Board of Directors of the National Right to Work

Foundation.

"I am supporting Nelson Wolff because I am convinced he is the best candidate to represent our district," Fisher said. "Nelson is the only candidate in this race with legislative experience. His voting record when he was in the Texas House and Texas Senate shows he is our kind of people."

Fisher pointed out that Wolff co-sponsored and voted for a provision to include "right-to-work" in the Texas Constitution, led the fight against a personal state income tax, and opposed state and federal land use planning.

Fisher went on to say that Wolff lives in rural Bexar county and has been involved in his family's cattle business for 15 years.

Wolff's candidacy also was endorsed recently by State Rep. Bennie Bock of New Braunfels.

## Receives Award

Dr. John Hollomon, associate professor of early childhood education at UTSA, recently received a Founder's Award from the Alliance of Child Development Associations. He was recognized for his achievements in research, curriculum development and social policy development.

## QUICK QUIZ

??

Why not see how much mileage you can get by taking this quick quiz on cars?

1. A 4-door car is usually called a (a) coupe (b) sedan (c) station wagon?

2. A lighter car gives you (a) more gas mileage (b) less gas mileage (c) no change in mileage?

3. Increasing the size of an engine results in (a) no change in performance (b) increased performance (c) decreased performance?

4. The state that first introduced auto license plates was (a) California (b) Illinois (c) New York?

### ANSWERS:

1. (b) A 4-door car is usually called a sedan. The first state to introduce license plates in 1901 was New York. 2. (a) A lighter car gives you more gas mileage. 3. (b) Increasing the size of an engine results in decreased performance. 4. (a) California was the first state to introduce the 16 litre engine replacement in the 1978 Chevrolet for example. In the Chevrolet's offerings for six window style expands the hatchback sedan model in models. A new, 4-door better drivability for all

increased performance and equipment, resulting in the 16 litre engine replacement in the 1978 Chevrolet for example. In the Chevrolet's offerings for six window style expands the hatchback sedan model in models. A new, 4-door better drivability for all

# San Antonio is gettin Kinda Krazy

Always 30% - 60% off casual women's wear

OK San Antonio, get ready to go Kinda Krazy over famous name-brand misses and junior ladies clothing ... always 30% to 60% off normal retail.

Are we nuts to sell for less? Not really. All it takes is smart buying from well-known manufacturers who have overproduced, or, are

closing out their first quality garments ... some with original labels, some without ... never stale, always in fashion.

This, along with salesmen's samples, enables us to have some fashions even before their arrival at major stores. Now that's Kinda Krazy!

Kinda Krazy's proprietor, Patti Turner, wants you to share in the zany fun of their grand opening ... with prices even more incredible than normal. From now on San Antonio, you'll be Kinda Krazy to go anywhere else.

## Cornyal Parade Set For Sat. At 11 A.M.

Continued from page 1

Hadkins, Taryn and Tauna Kail, Kathy Miles, Kathy Moore, and Daryl Zumwalt.

Dancers in the "Russian Ballet Character Dance" were Leticia and Pilar Avery, Laura Decker, Paula Fletcher, Carissa Meritz, Michelle Graham, Kristi Henry, Vanessa Jauker, and Lee Ann Sachleben.

Dancers in the "Elegance" tap dance number were Tracy Bieberly, Alicia Cree, Stacey and Tandy Hofmeier, Jill Hudkins, Karen Korenberg, Teri Lamm, Dawn Rolan, Debbie Schimandle, and Catherine Valdez.

Dancers in the "Heaven Hop" were Donna Echterhoff, Christie Hall, Twilah Kail, and Lori Lamm.

Music for the Coronation Ball which followed the pageant was by Country Love, featuring Bobby Ellis and Jerry Kennedy.

Chairman of the Pageant and Coronation Committee is Mrs. Modesta Lyon. The committee members are Mrs. Rose Belto, Miss Marie Parrigin, and Mrs. Kay Kennedy.

The colors were presented by Boy Scout Troop 401 and Cub Scout Dens 1 and 2 under Scoutmaster Bernard Richards.

Crowning of Miss Helotes 1978, Lisa Bendele, was performed by the outgoing Miss Helotes, Pamela Wimberley. Assisting was Cled Heathington, president of the Festival Association for 1978.

Guy Williams served as master of ceremonies of Miss Helotes Pageant. He was introduced by Don Belto, executive vice president of the Festival Association for 1978.

The new Miss Helotes is the daughter of Mrs. Edward Skolaut and Mr. Wilford Bendele. She is a member of several pioneer Helotes families. Her great-great grandfather, Alexander Benke, came here from Hungary in 1857 and bought ranch land in the vicinity of present-day Loop 1604 and Hausman Road. Another ancestor, Jacob Hoffman, came from Germany and

bought a ranch in the vicinity of Loop 1604 and FM 471.

At John Marshall, Lisa is a member of the J Club, Ski Club, Junior Class Steering Committee, Future Business Leaders of America, and the Fellowship of Christian Athletics. She loves the outdoors and especially likes to ride horses, swim, fish and go camping. Her favorite magazine, she said, is any horse magazine.

The principal event of the 1978 Cornyal Thursday was a Square Dance Contest on the patio of the Floore Country Store.

## POSTAL FACTS/FANCIES

The first post office for sending and receiving foreign mail was established in Great Britain in 1619 at the Royal Exchange.

Post office box numbers were introduced by the Edinburgh, Scotland, Post Office in 1830.

The first postcard was copyrighted by John P. Charlton of Philadelphia in 1861, but the first official U.S. Post Office postcard was not issued until 1873.

The National Alliance of Postal and Federal Employees (NAPFE), organized in 1913, has local branches in 37 states, the District of Columbia and the Virgin Islands.

The NAPFE claims the best and least expensive health plan for its over 100,000 members. It also offers a federal credit union, a life insurance plan, educational services, auxiliaries for retirees and family mem-

bers, and many other positive approaches to helping members.

Believing in freedom of choice, the NAPFE will support any member, or person desiring to become a member, who wishes to exercise that right. For more information on joining the union, write: National Alliance of Postal and Federal Employees, 1644 Eleventh Street, N.W., Washington, D.C. 20001.

First-class mail or more than 13 ounces and airmail of more than 10 ounces have been merged into a "Priority Mail (Heavy Pieces)" service. The most expeditious handling and transportation available is used for its delivery.

# Their Reigns End

Staff photo by Sam B. Monaco, Jr.

Making their farewell appearance at the 1978 Miss Helotes Pageant were the members of the 1977 court. They are, left to right, Miss Helotes 1977 — Pamela Wimberley — Princess Leslie Powell and Duchesses Beverly Kruse and Beverly Darter. Pamela said her reign was a busy and rewarding year.

# Changing Home Lifestyles

America in the 19th century was known for the vast amounts of rich food its inhabitants could consume. Fashionable dinner parties ran to 16 courses and even family meals were substantial. Unfortunately, after dinner was done, someone had to do the dishes ... by hand ... from a sink with a pump attached if she were lucky. Otherwise, water was brought inside in buckets.

Americans in the 20th century are a bit luckier. Today, most of us not only eat smaller and better balanced meals, we have automatic dishwashers that can handle the clean-up chore afterwards from delicate crystal to grubby pots and pans. As well as helping to save your energy, Whirlpool dishwashers offer energy-saving options to also help conserve our nation's energy.

# Mayor Sets

## 'ESA Week'

Mayor Virginia Springer of Grey Forest has issued a proclamation to designate May 1-7 as "ESA Week" in a salute to the three local chapters of the ESA Women International sorority.

The parent organization is celebrating its fiftieth anniversary this year.

The women's service organization emphasizes aid to children and to handicapped and retarded persons. Their charities include St. Jude Children's Research Hospital, the Muscular Dystrophy Society, and the National Association for Retarded Citizens.

Alpha Rho, Kappa Psi, and Sigma Psi are the local chapters of ESA.

# He'll Play Tonight

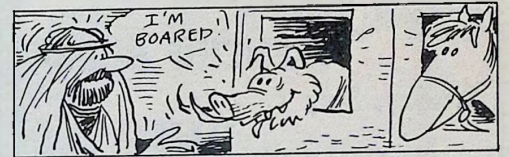

Dale Keith — who plays this date beginning at 8:30 p.m. on the Floore patio — has never missed the Festival as a star attraction. The dance will be free as are the two street dances featuring Pop-A-Top and Whiskey Basin bands.

# Distinguished

Mrs. Marie Maddox, Office Education Coordinator for John Marshall High School, received the Distinguished Service Citation of the National Office Education Association in Detroit on April 30.

A teacher for the past 12 years, Mrs. Maddox has been president and vice president of the Texas Vocational Office Education Teachers Association, and is presently a committeewoman for the American Vocational Association. She was instrumental in the adoption by the National O.E.A. of Special Olympics as a service project.

In old Morocco those who could afford it kept a wild boar in their stables to divert evil spirits from their horses.

## UTSA To Add Three Degrees

Three new degree programs by the Coordinating Board of the Texas College and

University System.

They are: the Master of Professional Accounting degree, Master of Music degree, and a concentration in environmental science under the existing Bachelor of Science degree in applied science.

UTSA Acting President Dr. James Wagener said that he expects the programs to be implemented this fall.

With the three new programs, UTSA will offer a total of 17 master's degree programs and 32 bachelor's degree programs. Additional programs are being developed.

A decision on three proposed psychology programs, to be offered jointly by UTSA and the UT Health Science Center at San Antonio, was deferred by the board. The programs would lead to Master of Arts, Master of Science and Ph.D. degrees in psychology.

If approved, the Ph.D. degree in psychology would be UTSA's first doctoral degree, Dr. Wagener said.

### NEW ARRIVALS

New arrivals who are getting their first glimpse of festivities are two little misses of pioneer Helotes families and who are about second cousins as well.

Shelene Balero, born April 5, is the baby daughter of Mr. and Mrs. Raymond Balero. She is being welcomed by her three little brothers, and a large number of aunts, uncles, and cousins as well as grandparents and a great-grandfather.

Winifred Celeste Davis, born April 7, is the first child of Wilbur Charles and Diane Davis. She is also the first granddaughter of Wilbur and Yolanda Davis. Her maternal grandparents are Leo and Joan Hall. And of course, the happy great-grandfather is Jesse Algueseva, Sr.

Congratulations are in order to the happy parents, especially.

## As In Old Days

The stage arrives at the Marnoch Mansion near Helotes after a dusty trip — from an earlier Cornyval parade. The coach — a genuine one then owned by Hondo Crouch — was the entry in the parade that year of the Helotes Echo, which now occupies the former Marnoch ranch headquarters on Scenic Loop Road. The house was built about 1850.

"Wherever there is a human being there is a chance for kindness." Seneca

# THE FASHION PLACE

By Elaine Monroe,  
Fashion Director  
Sears, Roebuck and Co.

It's like having your cake and eating it, too—putting together a super-looking wardrobe while keeping to a budget.

It's a neat trick, but one that can be pulled off. For example, consider that essential, the blazer. The newest versions are softer, shorter and unstructured. One that meets all these fashion requirements and comes in "correct" colors like natural and khaki tan is a real find at \$25. To go with the blazer: soft topplings, soft skirts and tailored trousers. A batiste blouse at \$8, a peasanty dirndl skirt at \$14 and man-tailored trousers, also \$14, would fill the fashion bill and also fit the pocket-book.

Such clothes are among the "fashion essentials" that can be found in the Spring '78 edition of the Sears catalog.

One sweater, imported from Italy, for example, has all the right details: it's a blouson, it's in an open-mesh stitch and it comes in new neutrals and pinks. The surprise price tag is just \$20.

A spring wardrobe won't be complete without two important dress shapes, the blouson and the tent. A tent dress that converts to an instant blouson when its tie-belt is added is \$26 in the Sears catalog.

**FASHION THAT'S AFFORDABLE**—You can own this blazer, batiste blouse and print dirndl for only \$47.

What kind of accessories are needed with outfits like these? Such "fashion essentials" as a straw cloche or visor-cap; terry crew socks with fisherman sandals; a challis shawl; a crinkly gauze scarf; satin cord bracelets; porcelain pendants shaped like pansies and butterflies.

## Helotes Yesterday

This early-day photo shows Alfred Biering, at left on horseback, and a helper preparing to break a young horse on a Helotes ranch. The photo was made about 1910. Later Mr. Biering followed his horse breaking career to California, where he now lives.

## Exhibit Boosts Value Of Elderly

The changing image of older people in American society is the subject of a Smithsonian Institution traveling exhibition on display at Trinity University through May 13.

"Images of Old Age in America" was researched by the Institute of Gerontology at the University of Michigan. It

traces the myths and realities of aging in three periods from 1790 to the present through 100 photographs, graphics, selected quotations, and an original text.

The first period is 1790 to 1864. In this period, Americans venerated the elderly and regarded them as useful members of society. In the

second period, 1865-1934, post-bellum technological developments made old people appear to be obsolete and they were regarded as a "social problem."

The final period, 1935 to the present, begins with the enactment of social security legislation. In this period, public opinion has begun to question the supposed uselessness of the elderly, and stereotypes are being replaced with a true image of their value and potential.

# The Secret Life Of The Forest

## ALL THE LIVING THINGS

Trees alone do not make a forest. It is a complex community of many living things that help each other thrive.

Growth and decay, growth and decay. The eternal cycle of life everywhere is most intimately revealed in the forest. Last year's leaves, decomposing at the very feet of the trees that bore them, help the soil grow richer to nourish next year's leaves. But leaves do not decay without assistance. Bacteria and fungi do that work, while finding sustenance in the leaves they destroy.

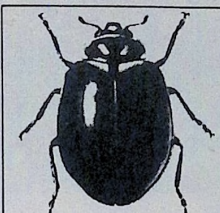

Here are portraits of six of the many living things in the eternal cycle of forest life as derived from material prepared by the St. Regis Paper Company which—together with the other members of the forest products industry—is vitally concerned with maintaining the beauty and usefulness of America's forests.

**LEAVES** give life to the forest. On trees and on vines, on shrubs and on bushes, green leaves make food for their own growth and sustenance. And in so doing they ultimately provide food for all the animals in the world.

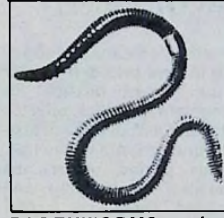

**SQUIRRELS** not only live in the trees, but feed upon their seeds. This is small loss to the trees, and being dropped or buried by squirrels and other animals is an important way for new seeds to get into the ground.

**INSECTS** contribute to the life of the forest in their own way even though many are harmful. Aside from being food for birds and toads, insects of the forest floor contribute to the process of decay which renews and fertilizes the soil.

**DECAY BACTERIA** keeps dead matter from piling up. It releases back into the soil minerals that were dissolved in water that passed through the roots up to the leaves. Decay is the renewal of life.

**EARTHWORMS** are just one of hundreds of kinds of animals that burrow through the earth in a ceaseless search for food. They create a maze of passages that allow air and water to pass freely through the soil.

**BIRDS**, too, live in the leafy crowns of trees. They contribute to the life of the forest by feeding voraciously upon insects which could, if allowed to multiply unchecked, destroy the forest.

Don't pile other produce on top of eggplants in the refrigerator. They bruise easily.

## CONSERVATIVE??

**Do You Believe Frank Lombardino Is a Conservative?**

(Then you probably believe the world is flat and the moon is made of green cheese.)

### Did You Know?

—Lombardino professes to be for tax reduction, yet he voted to kill the property tax reform bill—the bill that would have reduced your property taxes.

—Lombardino claims to be a fiscal conservative, yet he authored and passed the infamous "sick-pay bill" that almost bankrupted San Antonio and cost you in higher taxes to the tune of \$66 million.

### DON'T VOTE FOR A FALSE LABEL—LOOK AT THE RECORD

THE SPECIAL INTERESTS AND LOBBYISTS WANT F. Lombardino IN THE STATE SENATE SO THEY CAN SQUEEZE MORE MONEY OUT OF YOU.

WHY DO YOU THINK THEY BANKROLL HIS CAMPAIGN?

Look At The Record And You'll Vote

## BOB VALE

The Most Experienced and Dedicated Candidate

—Co-sponsor of the Property Tax Reform Bill

—A member of the most powerful financial committee in the Texas Legislature—and termed a "Financial genius" by the San Antonio Express-News

—Co-sponsor of the "Sunset Bill" to reduce State bureaucracy

—The author of the bill to outlaw mandatory retirement ages

—Responsible for bringing over \$25 million in new jobs and construction to San Antonio during the last legislative session.

## VALE—FOR STATE SENATE

(Pol. Adv. pd by Bob Vale Committee, Treas. Don Cornie, 138 Palo Pinto, S.A. Tex. 78216)

## Miss Helotes Judges

Staff photo by Sam B. Monaco, Jr.

The job of picking Miss Helotes 1978 and her court was performed by these three outside judges Wednesday night. They are, left to right, Mrs. Opal Popham of the Southwestern Bell Telephone Co., Certified Public Accountant William D. Tuttle, and Judge Carolyn Spears of Bexar County Court No. 1. Part of the crowd that attended the pageant on the Floore Country Store patio can be seen behind the judges.

The world's record for karate brick smashing is held by Australian Tom Slaven who barehandedly smashed 4,487 bricks in an hour.

## Samuel Helmle Marries Miss Joyce Ann Krueger

Mrs. Samuel F. Helmle

In a candlelight service on Saturday, April 29, 1978, Miss Joyce Ann Krueger became the bride of Samuel F. Helmle of Mico, Texas with the ceremony taking place in Zion Lutheran Church of Helotes. Rev. Paul Probst, pastor, officiated.

The bride is the daughter of Mr. and Mrs. Edmund C. Krueger, Jr. of Route 4 here. The bridegroom is son of Mr. and Mrs. Kenneth Helmle of Star Route, Mico.

The bride, who was given in marriage by her parents, wore a classic gown with Alencon lace bodice and sheer neckline. Her lace cap had a double illusion veil.

Her maid of honor was Chere Lou Yecker of San Antonio. Serving as bridesmaids were Carolyn Price, Janice Bendele, Lisa Bendele, Tammy Krueger, and Vonnice Jung. Flower girl was Kimberly Jonas accompanied by Michael Price as ringbearer.

The bridegroom had as his best man John David Yecker of San Antonio. Groomsmen were Lawrence Haby, Boyd Krcha, Arlen Krueger, Austin Helmle, and Phil Galm. Serving as ushers were Aaron Helmle, Ricky Jung, Ronnie Bendele, and Curtis Nickel.

A reception honoring the couple followed at Braun Hall.

After a wedding trip to the coast, the couple will be at home in Leming, Texas.

## 5-Year-Olds To Sign

Children who will be five years old on or before Sept. 1, 1978, and their parents, are encouraged to attend Kindergarten Round-up at Helotes School on Tuesday, May 9, or Leon Valley School on Friday, May 5, beginning at 9 a.m.

Visiting school, for the pre-kindergarten student, will prevent "So you're starting school this Fall" fears from mounting during the summer months.

Registering during May for Fall also helps school officials anticipate staffing and classroom needs, so the first day of school will be as orderly as possible.

Parents are asked to bring complete immunization records

and birth certificates with their children.

## Fort Sam Plans

### Hobby Show

The 21st Anniversary Hobby Festival will be staged at Ft. Sam Houston, May 20 and 21, with more of the fun, food and colorful displays and activities of the previous shows.

Collections, creative arts and crafts and hobby activities will be on display for the public at the Road Runner Recreation Center, on Stanley Rd., from noon to 5 p.m. both days.

"The greatest pleasure in life is that of reading, while we are young."  
William Hazlitt

## Hispanic Poetry

### Winners Told

Juan Goodman from John Jay High School won first place in the Advanced category in UTSA's fifth annual Hispanic Poetry and Prose Recitation Contest. Winning second and third place in the Advanced group were Anna Hendrix, MacArthur High School, and Eva Campbell, John Marshall High School.

In the Beginner I category, awards went to Lora Simmit, John Marshall, first; Patricia Gonzalez, Eagle Pass, second; and Kitty Klepak, St. Mary's Hall High School, third.

Contestants recited from memory a selection of prose or poetry in Spanish. They were judged on pronunciation, intonation, emotivity, poise and the relative difficulty of the chosen work.

## Earnings Up

Alamo Savings Association of San Antonio has reported consolidated net earnings of \$417,826 for the first quarter of 1978, an increase of 17.7 percent over net earnings in the same period last year.

## NOTICE

### POLICE AUTOMOBILE AUCTION

The San Antonio Police Department will hold an auction of motor vehicles unclaimed by the former owners. The auction will be open to the general public and will be held at the Poolice Storage Lot, 3625 Growdon Road on Wednesday, May 10, 1978, at 10:00 a.m. Vehicles may be viewed Wednesday morning prior to the auction between the hours of 8 a.m. and 10 a.m.

The "Texas Abandoned Motor Vehicle Act" which grants authority for the sale of these vehicles also provides to the purchaser of these vehicles a vehicle free and clear of all liens. This entitles the purchaser to register the vehicle and receive a certificate of title.

## TUCSON, ARIZONA

With its variety of golf courses and tennis courts, ski slopes and hiking trails—and a major league baseball team in training—Tucson, Arizona is a sportsman's paradise.

Why are sports so popular here? One big reason may be because the comfortable climate is so mild and dry, and Tucson tops the nation in plentiful sunshine.

If spectator sports are to your liking, you can look in on the Cleveland Indians during spring training against other major league teams (or watch the Tucson Toros during the summer, a good time to come for bargain-rate accommodations). But the more active sportsman is hardly left out. There are 16 golf courses and 143 tennis courts.

Just outside town, in parks like Tucson Mountain, are hiking and riding trails that delight nature lovers and sportsmen alike. To get away for the day, the Baja Gulf, a half-day's trip, offers

great marlin and sailfish catches (though there are lakes for fishing much closer

TUCSON'S RIDING TRAILS are so beautiful they're unreal.

to home). And if all those are too tame for you—well, just drop in on one of the rousing rodeos that take place almost every weekend. When it comes to sports, Tucson has something for everyone.

## UTSA Gets Grant To Study Ancient Coahuiltecan Site

More than 1500 years ago, Coahuiltecan Indians built their campfires atop a bluff overlooking the Frio River near Three Rivers. The spot became an important gathering place for generation after generation of small bands of Indians to conduct their seasonal hunting or plant food-collecting activities.

Archaeologists from UTSA are conducting extensive excavations at this upland site northwest of the South Texas town.

The U.S. Bureau of Reclamation recently awarded UTSA's Center for Archaeological Research \$45,000 to study the site, one of more than 250 sites now documented in the area of the proposed Choke Canyon Reservoir.

The archaeologists have found two distinct occupational levels. The upper level, or floor, represents the late prehistoric period. Pottery, tools and

Perdiz arrow points from that period were found there. Similar artifacts found in other parts of South Texas have been radiocarbon-dated to between 1200 and 1300 A.D.

The older, lower, level has artifacts representative of the late archaic period, dating to the beginning of the Christian era. This level yielded Ensenada points (side-notched dart points) and broken gouge bits (parts of tools that were hafted onto sticks).

The two levels were separated in time by hundreds of years, but show similarity in the arrangement of the burned rock clusters. These features may have been hearths for cooking or processing food.

Dr. Thomas Hester of UTSA's center said the site probably was used for cutting and baking the bulbs of yucca or sotol plants. This was a widespread trait practiced by the Indians of the Southwestern United States.

## Top Researcher

Dr. Robert Lindberg, UTSA assistant professor of counseling and guidance, has received the American Personnel and Guidance Association Research Award for 1978. He was recognized for his article, "Measured Outcomes of Involvement in the Classroom," which appeared in the Jan. 1977 issue of The School Counselor. Dr. Lindberg received the award at a banquet during the APGA convention in Washington, D.C.

## Maya Lecture Set At UTSA

At the University of Texas in San Antonio on Monday, May 8, Dr. Frank P. Saul, associate professor of anatomy at the Medical College of Ohio at Toledo, will present a lecture on "Life and Death among the Ancient Maya as Recorded in their Skeletons", beginning at 7:30 p.m.

Dr. Saul's talk will be sponsored by the Division of Social Sciences at UTSA and the Division of Clinical Epidemiology at the UT Health Science Center, and is open to the public without charge.

## Inflation-Fighting Food Ideas

DELIGHTFUL AND DELICIOUS STUFFED ZUCCHINI

The Italians have been combining pasta and vegetables for years in some favorite national dishes . . . macaroni and tomato sauce, spaghetti and peas, spinach and lasagna, spaghetti and mushrooms. These delicious dishes are filling and inexpensive. Here we've used the popular zucchini squash, available the year around, and stuffed it with small cheese filled pasta squares from the can. The fresh zucchini and canned bite-sized ravioli with meat balls combine for a marvelous main course that will persuade you to try other pasta/vegetable combinations.

### STUFFED ZUCCHINI

- 2 medium (7-8 inch) zucchini, sliced lengthwise
- 2 tablespoons cooking oil
- 1/4 cup chopped onion
- bread crumbs
- 4 mushrooms, sliced or 1 (2 oz.) can sliced, drained
- 1 can (15 oz.) Chef Boy-ar-dee® Mini-bites® (mini cheese ravioli and meatballs in tomato sauce)
- 2 tablespoons grated Parmesan cheese
- 1/4 lb. Mozzarella cheese

Scoop out center of zucchini halves. Leave shell about 1/4" thick. Blanch zucchini shells in boiling water for 8 to 10 minutes or until tender; drain. Chop scrapped portion of zucchini; sauté in cooking oil along with onions for 3 minutes. Stir in bread crumbs and mushrooms; cook for 10 minutes more. Spoon out 12 Mini-bites from can and reserve. Combine remaining Mini-bites, sauce and meatballs, Parmesan cheese, and sautéed vegetables. Fill drained zucchini shells. Top with 12 Mini-bites and Mozzarella cheese. Place in a 8"x8"x2" baking dish or casserole. Bake covered in 375° F oven for 25 minutes. Serves 4.

"A wise man will make more opportunity than he finds."  
Francis Bacon
