

# HELOTES ECHO

VOL. V—NO. 8

HELOTES, BEXAR COUNTY, TEXAS—10 CENTS PER COPY

SEPTEMBER, 1970

## Person-to-Person

Over 100 attended the Joe Lee, Sr. Family Reunion recently held at the old homestead on Bandera Road. Mr. Shelley Lee, 86 years of age, was the oldest direct descendant attending. He was one of a family of 15 brothers and sisters, and many of their children were represented. The youngest was three-month-old Caron Mitchell Allen. Mr. and Mrs. Robert Simon live at the Lee home now where the reunion was held. Mrs. Simon is a Lee, Mrs. Rudy Zepeda, also a descendant of Joe Lee, Sr., said. The Lees have ranched in the Helotes area for many years.

Mr. and Mrs. Baxter Melgaard and Karen recently enjoyed a tour of Mexico taking in the new tourist attractions below Saltillo after visiting in Del Rio and Brackettville.

Otto Weltner of Grey Forest recently accompanied his son and daughter-in-law, Mr. and Mrs. Henry Weltner of Alice, Texas on a three-day trip to the latter's ranches in Kerr and San Saba counties. Mr. Weltner reports the pecan outlook in San Saba section is light as pertains to the native variety but quite heavy for the improved or soft shell. The peanut crop is reportedly in need of rain.

A new Lions Club is being formed in Leon Valley. The meetings are on the second and fourth Monday of each month at 7 a.m. at Luby's Cafeteria near Wonderland.

Anyone desiring further information can contact Alan Soeffje at 684-1652.

The Leon Valley Grange held its annual Booster Night Sept. 24. Purpose of the Grange was explained and an interesting program was presented.

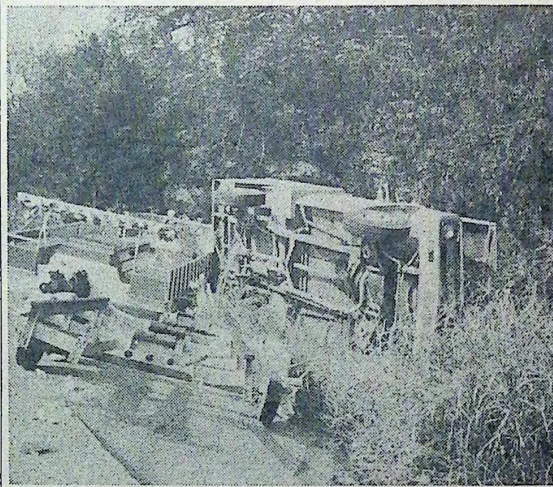

Mrs. Mary Gregory, democratic precinct chairman here, recently attended a Democratic Precinct meeting at the Gunter Hotel in San Antonio before undergoing minor surgery.

John Christopher Kiolbassa is the full name of the new resident on Whip O Will Way, born this summer to John and Cissy Cifers.

Mrs. Corinne Rhodes, Karnes City artist, was invited to exhibit 30 paintings in Monterrey, N.L., Mexico, at the Instituto Mexicano Norte Americano De Relaciones Culturales (Institute of Cultural Relations of Mexican and North Americans) recently. She has been active in art since 1954 and is a member of the Helotes Art Guild. The landscapes include one of the Medina River and of Bandera Falls.

Mrs. Rhodes is the wife of W. Clyde Rhodes, Jr., and has three children.

## Local Water Resources To Be Tested Helotes Creek Being Surveyed

A truck and boat being towed on a trailer are shown here after being forced off Scenic Loop Road by a speeding oncoming auto which crowded the truck's owner Harold Pruitt of Stagecoach Hills. A government communications contractor, Mr. Pruitt reports he was on his way to Medina Lake for a family holiday. It was about 5:30 p.m. August 28. Fortunately his family had chosen to bring along an automobile as the truck was reversed in direction before turning over. A wheel caught on the low-water culverts. Driver of the other car did not stop and was reportedly travelling 85 miles an hour at the time.

## Fun Fair Set To Go Oct. 24

THE BIG DATE IN OCTOBER TO REMEMBER is Oct. 24—that is Saturday from 5 p.m. to 10 p.m.—when the Helotes Fun Fair, longest running annual event here, will be held at the Helotes School on Bandera Road.

Mrs. Margie Barker, chairman, has a group of hard-working parents helping to put on the annual school fundraiser. Spaghetti and meat balls will be served in the Cafetorium from 5 to 8 p.m. and the public is invited.

The featured favorites, according to Sue Feather, publicity, will be a puppet show, spook house, candle shoot, psycho car, dart booth, mad scientist, box maze, sling shot booth, and hay ride.

Pennants and other souvenirs will be available. There will also be a chance to "dunk your prin-

cipal" at the famed dunking booth, she said.

Food such as cakes and pies, as well as coffee, tea and punch will be plentiful, she said.

Begun many years ago in conjunction with Hallowe'en, and as a way to raise funds for needed school items, the Fun Fair now has working adults on the committee who at first attended as children. For this reason, it is also a homecoming event to this area attended by local citizens of all ages.

DINOSAUR TRACKS in the Hondo Creek at Tarpley are grim reminders of the ecological past. No less than 3.5 million years ago, it is conjectured that this giant lizard came out looking for food and walked in silt. Did he fight a foe? Interesting to conjecture.

Water resources studies are being made here now. Paul L. Rettman and Bob Maclay, hydrologists, will be in Helotes around the first of October to test the rate and direction of water in the Helotes Creek as it enters the Edwards limestone.

## Harvest Dance To Be Oct. 2

Mrs. Bennie H. Lyon, president of the Quota Club, invites the public to attend the Club's twentieth annual Harvest Dinner and Dance to be held at Floore's Country Store Friday evening Oct. 2 from 6:30 p.m. to midnight. Dale Keith and his Starlite Ramblers will play for dancing at 9 p.m. Before this, there will be a dinner served beginning at 6:30 p.m., included in the price of admission which is \$1.75 for adults and \$1.25 for children under 12.

Big new attractions are the auction and the flea market. There is also a country store featuring homemade edibles and a Christmas booth. Besides new items to be given as door prizes, (Continued on Page 4)

They have selected a point south of Grey Forest and north of Helotes about two miles up the Scenic Loop Road from Highway 16 near where the Creek leaves the surface—seemingly to go dry—but where it flows underground.

Checking a nearby test well—one several hundred feet away or closer—they can determine if the test well is receiving water that once flowed in the Creek and how long it takes to get there. This is done with precision instruments. The Rhodamine WT dye they use, they said, is harmless and only small amounts—about two ounces—are used.

Studies of the rate and direction of movement of water in the Edwards Limestone in the San Antonio area are planned by the U.S. Geological Survey, in cooperation with the San Antonio Water Board, the Edwards Underwater District, and the Texas Water Development Board, Trigg (Continued on Page 4)

This great reptile—tyrannosaurus rex—was some 45 feet long. They lived in several parts of Texas including the present Hill Country during the Mesozoic period. This is one of the major tourist attractions of this area and can be reached from Helotes, Bandera or Castroville in a Sunday afternoon drive. Turn in when you see this gate.

# Festival Assn. Elects Officers

Members and those wishing to join the Helotes Spring Festival Assn., Inc. are invited to the next regular meeting Tuesday, Oct. 27 at 7:30 p.m. in the Helotes School Cafetorium where plans for the 1971 Festival will begin to take form, Mrs. Charles O. Brown, Jr., newly elected president has announced.

The Sept. 15 meeting marked the close of the 1970 Festival season. Mrs. Fred C. Anderson, outgoing president, was given a standing ovation for her year's accomplishment which included the successful fifth annual festival and a successful membership drive. Until this year there was no permanent membership.

By acclamation the following officers were also elected:

Four vice presidents including Co-chairmen for the 1971 parade Frank Corte and Fay Martin, Jr. First vice president in charge of finance is Ray Johnson. Fred Pizzini is second vice president in charge of booths.

Mrs. Margaret Julien was re-elected recording secretary and Miss Marie Parrigin was elected corresponding secretary.

Mrs. David McCain was re-elected treasurer. She reported that the final funds spent by the Association last year totalled in excess of \$1,700 with all bills paid and some expenditures applying to the 1971 event. Approximately \$164 had been collected in current dues since the membership drive began.

Ralph Chandler showed colored moving pictures of the past parade. The Rev. Louis Trawalter, one of three members of the Board of Directors named in the original charter, will show his film of the parades at the October meeting. The agenda also calls for expanding the Board to its full nine-member complement as set forth in the Charter. John T.

Floore and Ernest Barrera are also present board members. Phil Pittman drew up the charter in 1968 for incorporation.

Membership dues are two dollars annually and charter memberships will be available until the close of 1970, Mrs. Anderson membership chairman said.

## Star Route Service Cut

Star Route patrons will have no further mail delivery on Sundays and holidays beginning December 13, Postmaster Charles C. Davis, Jr. here was notified recently.

A letter from Postmaster Dan J. Quill of San Antonio pointed out that local Star Route resi-

dents now receive service "in excess of the six-day schedule of delivery observed at other post offices."

Service will include Monday through Saturday, excluding holidays, Postmaster Davis said, after that date.

## Celia Victims Being Helped

Clothing and usable articles are still being gathered for Celia victims by the citizens of this area. Central collecting agency is Valda's Thrift Shoppe, where several boxes are kept and as soon as a truck-load is available they are taken to agencies in San Antonio for sorting and re-routing.

Anyone having extra items may bring them during store hours. The Shoppe is owned by Mrs. Martin Terry, and items are delivered to points South through the efforts of Mr. Terry, a member of the local Lion's Club, and a volunteer of the Helotes Fire Department and of the Grey Forest Police Dept.

## Burglars Strike San Geronimo

Nervous burglars broke into Pete's Place, Sept. 9 and got away with sporting goods, radios and the batteries to operate them. They also helped themselves to hams, bread and salami. In their haste they left a trail of dropped radios and bubble gum behind them as they got away with part of the loot.

Evidence indicated that the burglars broke in through a window and that they had eaten

some of the bread and salami before scattering.

Latto Martinez, owner of Pete's Place had a loss by similar tactics in a break-in earlier this year.

She—How many times do you shave?

He—"Oh about forty or fifty times."

She—"Say are you crazy?"

He—"No I'm a barber"

He—"If you'll give me your telephone number I'll call you sometime."

She—"It's in the book."

He—"Fine! What's your name?"

She—"It's in the book too."

The preacher came along and wrote upon the board:

"I pray for all."

The lawyer wrote underneath:

I plead for all.

The plain citizen wrote:

"I pray for all."

Gay—"You don't seem to realize on which side your bread is buttered."

Jay—"Why does it matter? I eat both sides!"

When cleaning stained china, use salt and soda instead of scouring powder which is hard on the decorations.

To remove coffee stains, rub with glycerine.

## PENNY RICH TELLS HER STORY!

by Penny Rich

I'm Penny Rich who patented a bra design that became world famous under my name. It sold in the millions; but many were uncomfortable because the bra band was tight and unyielding. In my new design I corrected the fault and patented my most perfect bra. The trianderin bra by Penny Rich, that expands and breathes with you, gives greater support and removes all shoulder strap strain. The small figure becomes more beautifully full without padding, the full figure more youthful and lifted. Trianderin is also the answer for the mastectomy and the expectant mother.

For a personalized fitting of my greatest bra, the Trianderin Bra by

We need more women for this excellent sales opportunity. Build a lifetime business with unlimited income. Training and leads furnished. Adv.

## Local Fashion Artist Filmed

Given the assignment to find and interview the top fashion artists of this country, a three-man team had the name of Selene Hunter who is free lance illustrator for Frost Bros. and also Joseph Magnin of Los Angeles and San Francisco.

Instead of locating her in a big city, they found that she is a petite housewife with two small children living in a very—to them fresh from a tour of Europe—small town. She lives in Grey Forest and is the wife of Warren Hunter also an artist.

The story is being filmed to show to American Newspaper Publishers by the Bureau of Advertising, and Mrs. Hunter's work of national stature and flair is

## Bayer-Graham Wed at Brooks

Following a wedding trip, newlyweds Mr. and Mrs. Charles William Bayer have moved to San Marcos where both will attend Southwest Texas University. The bride is the former Miss Vicki Jo Graham, daughter of Mr. and Mrs. Ellsworth W. Graham of Hills and Dales Estates. She is a graduate of John Marshall High School.

The bridegroom is the son of Mr. and Mrs. Joseph V. Bayer of San Antonio. He is a graduate of Jefferson High School.

Mrs. Carol Harper was her sister's matron of honor at the ceremony July 25 which took place at Brooks Air Force Base Chapel. Her bridesmaid was Miss Louise Fritze, and Robin Harper was flower girl.

Tom Bayer was best man, and ushers were John and Lawrence Bayer. Bob Graham assisted as groomsmen.

The reception was held in the Brooks AFB Officers Club, after which the couple left for a Corpus Christi honeymoon.

## Busby-Weaver Wed in Summer

Miss Jan Weaver and Russell Clyde Busby, son of Mr. and Mrs. Billie Branklin Busby, of Leon Valley, exchanged marriage vows Saturday evening, August 15. The Reverend Jack Franklin officiated at the ceremony in St. Paul's United Methodist Church, Kerrville.

The bride, daughter of Mrs. Clyde Weaver, Kerrville, was given in marriage by her grandfather, B. J. Wiggins. Miss Joan Dell Weaver was maid of honor for her sister. Other bridal attendants were Miss Ann Murchison, of Austin; Mrs. David Fertitta and Mrs. Willard Cox, of Dallas; and Mrs. Halbert Woodward, of San Antonio. Kay Naumann was flower girl.

Dallas Daughtry, San Antonio, was best man. Groomsmen were Bill Burnett, Dallas; Bob Davis, Arlington; Homero Canales and Bob Eason, of San Antonio. Ushers were Don Franklin, of Kennedy; Murrell Hanchey, of Bryan; Woodrow Epperson, of Midland; and Jimmy Odell, of San Antonio.

A garden reception at the Weaver home in Kerrville followed the ceremony. The couple will live in San Antonio, where both are attending St. Mary's University School of Law.

shown in color.

The team found Helotes quiet and dusty, but then they have never been here on Saturday night just after it rained.

Bill Terry, Echo photographer and San Antonio College student, accompanied them on their tour and interviewed them as well as catching these photos.

## Women's Club To Meet Oct. 22

Mrs. J. Harold Surles will be hostess to the Helotes Women's Club for their second regular meeting of the season on Tuesday at 10 a.m. in her home on Grey Moss Drive in Grey Forest. The date is Oct. 20.

The first meeting of the year was in charge of Mrs. Baxter Melgaard. Plans for the year's activities were discussed with enthusiasm and much interest, according to Mrs. Rimon Ham, president. Meeting dates were set for the third Tuesday of each month, alternating morning and evening hours to allow more members to attend.

The club which is one of the oldest in the community has social, civic and philanthropic goals, among which is beautification of this area.

An invitational membership tea is being planned for this Fall, Mrs. Ham said.

## Bader-Griffith Marry Sept. 11

A double-ring ceremony in Helotes Baptist Church Sept. 11 marked the wedding of Miss Linda Kay Griffith to James Bradford Bader. The Rev. W. C. Maddox, pastor of the Baptist church here and the Rev. Thomas Murphy, assistant pastor of St. Luke's Catholic Church, officiated.

The bride is the daughter of Mr. and Mrs. Raymond D. Griffith of Helotes Park Estates. The bridegroom is the son of Mr. and Mrs. Clyde J. Bader of San Antonio. Both attended Marshall High School.

The bride wore a brocade gown with an empire bodice, and train. Her overveil was of tulle. She wore a fitted cap to match her gown. Her maid of honor was her sister Miss Judy Griffith, who wore a pastel pink gown. The bridesmaid, Miss Karen Hupp, and the flower girls—Cindy Short, a cousin of the bride, and Penny Yates—wore pastel green. They carried pink mums with green ribbons.

Jay Prout was best man, and the groomsmen was David Cooper. Ushers were Mike Griffith, brother of the bride, and Larry Hall. Ringbearer was Brett Crawford.

Following the evening wedding, a garden reception was held in the home of the bride's parents.

## Miss Bergstrom To Be Wed in Oct.

Mr. and Mrs. Lawrence A. Bergstrom, Sr., of Helotes announce the engagement of their daughter, Miss Lee Bergstrom to Mrs. Charles Larry Colbert, son of Mr. and Mrs. Charles Colbert of Long Beach, California.

The bride-elect is a graduate of John Marshall High School and attended San Antonio College. Her fiancé, who was graduated from Long Beach Polytechnic High School and attended Long Beach City College, has served in the United States Air Force for the past five years.

The couple was honored at an engagement dinner given by her grandparents, Mr. and Mrs. C. N. Simmang of San Antonio.

The couple plan their wedding in early October.

## Pearce-Martin Nuptials Set

Miss Evelyn Kathryn Martin and Mr. Jess R. Pearce will be married Saturday, October 3, at 4 p.m. at Lakehills United Methodist Church in Lakehills, Texas.

Miss Martin is the daughter of Mr. and Mrs. John T. Martin.

## You Can Ask Aunt Kate

(An Echo ★ Feature)

To speak a word in due time is like apples of gold on beds of silver. Parable of Solomon.

For household hints,  
you can ask Aunt Kate:

She says, she'll be glad to answer in the Echo. Here are some gems . . . Grease a salad bowl with mayonnaise. Make jello. It slips out of mold onto serving platter.

To remove blood stains from fabrics, even silk or wool, make a smooth stiff paste of common laundry starch and apply to the stain. Allow to dry, then wash off. A second application may be necessary.

To remove rust spots from clothing or linens, dampen the spots with lemon juice and place over the spout of a steaming tea kettle. Repeat if necessary. Larger spots may be removed by dampening with lemon juice and salt and placing in the sun.

Tar stains may be removed from cotton fabrics by covering the spot with butter and allowing it to remain a few hours before washing.

Scorching stains on white silk can be removed by applying bicarbonate of soda mixed to a paste with cold water.

Apply peroxide to remove scorched marks from white linen.

Equal parts of ammonia and turpentine will remove indelible ink marks.

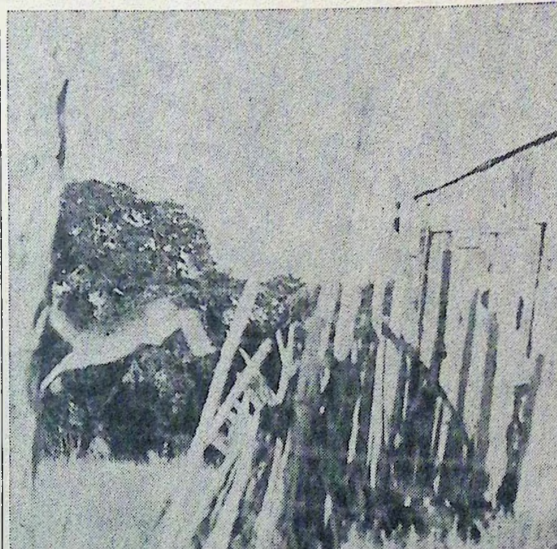

## Local Water . . .

(Continued from Page 1)

Twichell, District Chief, Austin, Tex., has announced.

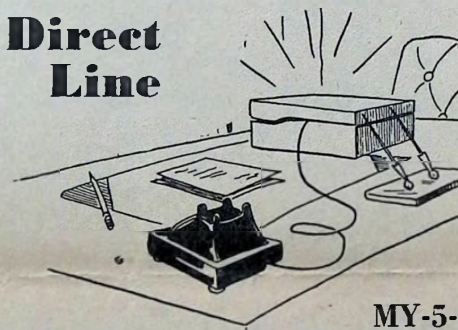

These studies will be made by injecting Rhodamine WT, a harmless dye, into the limestone and observing its movement through observations in wells or springs. At the point of injection of the dye, the water turns a red color but it soon diluted below the visible range. At the sampling sites, the dye is detected only by the use of a highly sensitive instrument called a fluorometer. The locations planned for tracer studies at present are near the outcrop areas of the Edwards Limestone in northern Bexar County. These studies will continue over the next several months.

Additional information may be obtained from A. E. Hulme, Sub-district Chief, San Antonio Sub-district Office, U.S. Geological Survey, 7077 San Pedro Ave., San Antonio, Texas.

A Hill Country deer—a Texas flag—soars over a barbed wire fence heading for the brush and cover—welcome indeed in the hunting season. Many hunters—charmed by the sight of a deer in mid-air—have lost the chance to get their trophy. This is a deserted barn—and not a deer blind shown above. It is on one of the great ranches of this area.

## Direct Line

MY-5-8304

The results of the study by Samuel Erick Baker, a research assistant in Texas A&M's Department of Meteorology, have been published in Report 96, "A Statistical Study of the Depth of Precipitable Water in Western Texas and Eastern New Mexico," by the Texas Water Development Board.

This study provides frequency distributions describing the depth of precipitable water (the total amount of water vapor in the atmosphere at a given time) for Amarillo, Big Spring-Midland, El Paso, and San Antonio and Albuquerque. From these data, the probability that a given depth of precipitable water will exist at any time during the year can be computed. This knowledge would point out the time period that weather modification, such as cloud seeding, might be most effective.

C. R. Baskin, chief engineer of the Texas Water Development Board, said he feels the report findings "... will be of value and interest, not only to prospective weather modifiers, but to all citizens concerned with increasing the supply of water available from the atmosphere in the more arid regions of Texas."

Copies of Report 96 are available without charge from the Texas Water Development Board, P. O. Box 12386, Austin, Texas 78711.

The following publications can be ordered, by title and GPO number, from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 2402.

**TORNADO SAFETY RULES.** (GPO #C52.6:T63/969) A 9x12-inch poster containing tornado safety rules. 5c each. \$1.50 per hundred.

**TORNADO PREPAREDNESS PLANNING.** (GPO #C30.2:T63/8) A 36-page booklet describing how communities can develop working preparedness plans against the threat of tornadoes and severe thunderstorms. 25c.

**WEATHER BUREAU SPOTTER'S GUIDE FOR IDENTIFYING AND REPORTING SEVERE LOCAL STORMS.** (GPO #C52.8:ST7) A two-color, 16-page brochure showing how to identify and report severe local storms and tornadoes. 30c.

Mrs. David Halpenny of Helotes was killed when her car was in collision with a truck at Farm Road 1604 and Braun Road. Mrs. Halpenny's husband the driver of the car was also injured in the accident.

Mrs. Halpenny was well known in the San Antonio and Helotes communities and had been very active in politics in the area.

## Medina Lake Residents Clean Park

The Medina Lake Betterment Association of Lake Hills, Texas, dedicated to preserving the beauty of the lake area, is composed of civic-minded men and women of the community who believe everyone should do his share toward improving existing environmental conditions.

The Association has erected "Welcome to Medina Lake" signs at the blinker light on Park Road No. 37, and as a further welcome, the group gathered to clean the State Park at the end of Park Road. Ed Walsh, president of the Association, furnished two trucks and drivers needed to haul the trash away.

In September, the Association sponsored a fund-raising dance at Los Compadres, and another dance is planned for late November or early December or early December.

The funds raised will support the Association's improvement and clean-up projects.

Anyone interested in contributing his time and efforts to this worthwhile group is cordially invited to attend the Association's meetings which are held on the third Friday of each month at 8 p.m. in the American Legion Hall on Park Road No. 37.

## Harvest Dance . . .

(Continued from Page 1)

there will be prizes such as a fur-trimmed leather coat and a set of stainless steel for twelve.

Mrs. William Miller is this year's chairman of the event. Mrs. Taylor Perryman is flea market chairman. Miss Daisy Lee Kelly has the country store and the cake booth is in charge of Miss Marie Parrigin.

Mrs. Gene Wolf is the lady auctioneer. Booths in the Country Store will be lighted by a high-powered auxiliary generator, so that shopping will be for the customers to enjoy seeing what they are getting, a club member said.

## WANTED BY THE FBI

CAMERON DAVID BISHOP

Cameron David Bishop, a violence-minded college revolutionary who is charged with the sabotage of war utilities in the dynamiting of Colorado power transmission towers, is on the FBI's list of "Ten Most Wanted Fugitives."

Between January 20 and 28, 1969, he allegedly was responsible for dynamiting four transmission line towers in Colorado supplying power to defense plants. Wreckage from one blast damaged property nearly a mile away and dozens of square miles near Golden, Colorado, were partially blacked out. A Federal warrant issued at Denver, Colorado, on February 14, 1969, charges Bishop with the destruction of war utilities.

Bishop, who is reputedly an active member of the Students for a Democratic Society, a loudly militant "New Left" group opposed to U.S. involvement in Vietnam and existing government policies, has reportedly voiced a desire to live in Cuba.

He is known to associates as a revolutionist or anarchist who believes in violence to secure social reforms and was given a discharge from the Army for unsuitability after being located, while a deserter, as a mental patient in a hospital. He reportedly has a violent temper, has reputedly bragged of using drugs, including LSD, and was convicted of assault and battery in Colorado in 1965. He has allegedly stated his willingness to kill a police officer and has reportedly possessed hand guns, including a .357 magnum, in addition to rifles and dynamite.

A white American, born at Pueblo, Colorado, on November 7, 1942, he is 5'8" to 5'9" tall, weighs 155 to 165 pounds, has brown eyes, dark brown hair, a stocky build and a medium complexion. He has worn a beard, long hair and long sideburns in the past. A tattoo of a skull holding a mirror appears on his right forearm. He has worked as an assistant credit manager, auto parts manager, coffee house operator, laborer, mine worker and truck driver. Consider Bishop armed and extremely dangerous.

Should you receive any information concerning the whereabouts of Cameron David Bishop, you are requested to immediately notify the nearest office of the FBI, the telephone number of which may be found on the first page of local telephone directories.

## Mothers Invited To To Renewal Center

A weekend of renewal for Mothers of Young Children is set for Sept. 25-27 at Our Lady of the Pillar Christian Renewal Center, 2507 N.W. 36th Street in San Antonio. The weekend begins on Friday evening at 7:30 p.m. and ends with a 2:00 p.m. Eucharistic Celebration on Sunday. Women of any religious denomination are welcome to participate in this renewal opportunity.

For more information, call Our Lady of the Pillar—483-1408.

## 'Cinderella' Needed For California Float

"Farmers Insurance Group is seeking a young woman, age 19 through 26, to portray 'Cinderella' on our 1971 Tournament of Roses parade float," Howard Teichelman, Jr., company District Manager in San Antonio, has announced.

Winner of the contest will receive an all-expense-paid trip to Pasadena, Calif., to reign as "Cinderella" on the company's Tournament of Roses float. She will attend the Rose Bowl football game and have sightseeing

tours of southern California.

Top winner in the local contest will be entered in the state contest. Regional winners will be selected from state winners.

Photographs of regional winners will be entered in the national contest for judging by TV and Film Stars Art Linkletter and Dennis Day.

Entry blanks are available at Farmers Insurance Group offices. Each entry must be accompanied by an 8x10" portrait (head and shoulder) photo of the entrant and full-length snapshot of her in street attire (not larger than 4x5", both black and white or color are acceptable) and mailed to Farmers Insurance Group Cinderella Contest, 4680 Wilshire Blvd., Los Angeles, Calif. 90054. Entries must be postmarked no later than midnight of Halloween, 1970.

# Tax Increase Is Approved

A 19 per cent increase in the tax rate was approved recently by the Board of Trustees of the Northside Independent School District along with a record budget exceeding \$15 million dollars.

With a projected increase of 2,000 pupils over last year, Northside is the fastest growing school district in this area, school officials said recently. Enrollment now over 20,500 is expected to exceed 21,000 this year. The District has doubled its enrollment during the past five years.

For the 1970-71 school year, the District will spend a record \$15,379,305. The Board of Trustees approved an operating budget of \$10,749,156 and set the tax rate at 1.79 per hundred dollars assessed valuation at a Board meeting August 24. Another \$3,000,000 will be invested in school buildings with \$1,648,149 to be spent for retirement of in-

terest, principal and for other facilities.

Assessed valuations are set at 60 per cent of market value on real property. Last year's tax rate was \$1.50. Revenue from the new \$1.79 rate will prorate 97 cents for current operating funds and the remaining 82 cents for repayment of bonded debt.

Five reasons given for the increase in expenditures and tax rate are:

1) Less federal money for children whose parents are in the military services or work at military bases, amounting to \$566,000 less than if 100 per cent entitlement had been approved. It is estimated that this is 26 cents less per hundred-dollar assessed value, shifting the burden to local taxpayers.

2) A need to increase teachers salaries to keep up with the State minimum. The District has 970 professional personnel and pays teachers \$600 over the minimum to compete with other districts for a highly professional staff, a spokesman said.

3) Increased interest rates paid on bonds.

4) Inflation affecting cost of goods and services.

5) Increased enrollment. The District this year will build 125 more classrooms to keep pace with the increased pupil load.

Taxation comes chiefly from homes and agricultural land in the District which operates 20 elementary schools, four junior high schools—including Anson Jones to be opened here this December—and three high schools. The budget does not cover any major new program, but does provide for a continuing high quality educational program, an official said.

## Silver Belles Plan Agenda

Bells rang out for the Silver Belles at their beginning-again September meeting held at the home of Mrs. Lucille Stemen, this year's president, with praise for the present officers.

A social and civic organization for women "with a little silver in their hair," the club will meet next on Oct. 13. The program will be announced.

The past season was rung out 45 strong, according to Mrs. Marie Conley, publicity chairman, by a traditional live-it-up party, this year celebrated at Cactus Jack's Steak Loft. Honored guests included Rev. and Mrs. M. H. Appleywhite and Rev. and Mrs. Samuel L. Terry.

The club members, who are on a first-name basis, frequently have group birthday parties and have several serious projects each year, in addition to taking part in the Helotes Spring Festival.

## 'Swedish Summer' Opens Travelogues

To open their twenty-fifth season, San Antonio Travelogues have selected Dick Reddy with his "A SWEDISH SUMMER."

Seven of the world's most noted film-lecturers will show and tell their stories of different places in the 1970-71 series beginning Sunday, Oct. 4 at 3 p.m. in the auditorium of Alamo Heights High School, 6900 Broadway, and closing on April 25.

Memberships now on sale will be available until Oct. 4. Tickets for individual Travelogues may be purchased from noon until the lecture begins at the high school box offices on the day of each Travelogue. For information, Mary Dove Vincius is the chairman.

It's a good idea to stuff the lower ends of bamboo garden stakes with putty; otherwise, snails and other pests hide in them.

## Marshall Parents Go Back to School

Parents of John Marshall High School students were invited to "Back to School Night" at the high school Sept. 22. The P-TA sponsors the annual event, which began with a brief assembly in the school auditorium where the parents met the teachers and administrators.

Parents then followed a speeded up schedule similar to the daily routine of the students. Refreshments were served following the meeting.

Immediately after tea is spilled on a tablecloth, cover the spot with common salt and leave for a few minutes. When the cloth is washed all stains will disappear.

# Council To Study Utilities Budget

The Grey Forest city council will consider the Grey Forest Utilities budget for the 1970-71 fiscal year at the council's monthly meeting on Oct. 21. The council looked at a preliminary version of the budget submitted by Utilities Manager Jack Not-

tingham at its September meeting. The council also heard a report from Mayor C. O. Brown on a law suit filed against the city by the Santa Rosa Medical Center. During construction of the city's gas utility in 1968 under a previous mayor and council, a

part of the line was laid by mistake across property later bought by Santa Rosa on Babcock Road. The error was not discovered until recently.

Mayor Brown said the city is seeking to have the engineering firm which supervised the con-

struction, B. L. Nelson and Associates of Dallas, move the line. Mayor Brown said the line was put down before the city began operating the utility and so the city cannot be considered at fault.

An answer to Santa Rosa's suit has been filed by the Grey Forest city attorney, Jack Sims.

In other action, the council authorized Councilman H. A. Mikel to contract at once for the grading of all streets in Grey Forest and to purchase new gravel needed.

An ordinance prohibiting the use of fireworks in Grey Forest was passed also and went into immediate effect.

The meeting day of the Grey Forest council was changed from the third Thursday of each month to the third Wednesday, which moved the next meeting up to Oct. 21, at 7:30 p.m.

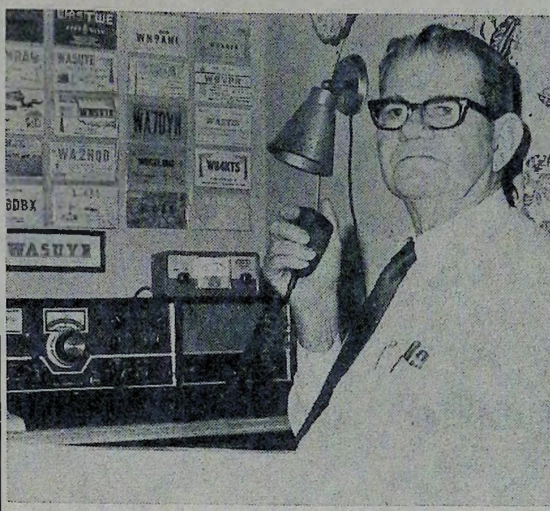

LT. O. TREVINO

## Lt. Trevino Serves in War In Vietnam

Lt. Orlando Trevino whose parents live in Helotes and whose wife and two children reside in the Valley Hi area is serving in an engineer group in Viet Nam. He is a 1966 graduate of St. Mary's University. His parents are Mr. and Mrs. Gabriel Trevino.

He expects to be back in the states in a few months after having served a year's tour of duty overseas. We are glad to report that he is among our subscribers.

Our sympathy is extended to Mrs. Clyde Townsend who recently lost her mother, Mrs. Harrington, a resident of Pennsylvania.

By the end of the Cretaceous age only the footprints—shown in a close-up here and photographed by the Echo—remained frozen for ages to discover. Similar tracks have been sited in the Helotes Creek—although only after a drouth followed by a real "gully washer." Usually silt covers these tracks and those persons stepping in them are unaware of whose footprints they are following.

# FCC Warns Against Phone Misuse

## Business Told Not To Harass The Customer

The Federal Communications Commission has issued the following Public Notice calling attention to reports that telephone service is being increasingly used for collection of claimed debts in ways that are or may be in violation of applicable tariffs of the telephone companies. In the event of any tariff violations, such as

those defined in the Public Notice, the telephone company is required by law to take the appropriate steps necessary to enforce the applicable tariff.

The Commission has received information that interstate telephone service is being increasingly used for collection of claimed debts in ways that are or may be in violation of applicable

tariffs of the telephone companies and criminal statutes.

Practices alleged include calling at odd hours of the day or night; repeated calls; calls to friends, neighbors, relatives, employers and children; calls making a variety of threats; calls asserting that credit ratings will be hurt; calls falsely stating that legal process is about to be served; calls demanding payments for amounts not owed; calls to places of employment; and calls misrepresenting the terms and condition of existing or proposed contracts.

Although many of these calls are placed on a local basis, there is increasing indication that such improper practices also involve use of interstate toll and Wide Area Telephone Service (WATS).

Tariffs of the telephone companies forbid use of the telephone "... for a call or calls, anonymous or otherwise, if in a manner reasonably to be expected to frighten, abuse, torment, or for calls that "... interfere unreasonably with the use of the service by one or more other customers"; or calls for "... unlawful purpose." Upon violation of any of these conditions the telephone company can, by written notice, discontinue service "forthwith."

In addition to the loss of telephone service for violation of the tariffs, Section 223 of the Communications Act makes it a crime to use the telephone in the District of Columbia or in interstate or foreign communications to make "repeated telephone calls,

during which conversation ensues, solely to harass any person at the called number or to knowingly permit "others to use his telephone" for such purpose. Penalties for violation of this section are a fine up to \$500 or six months' imprisonment, or both.

The Commission is concerned that some users of telephone service may be unaware of their obligations to refrain from using the service for abusive or harassing calls.

It is also concerned that other users may be willfully and repeatedly violating the provision of the tariffs and the applicable statutes, and that the telephone companies are not adequately enforcing their tariffs.

Accordingly, the Commission has issued its Public Notice in order that the public may be informed of the requirements of law in this area and so that users may be alerted to their legal
