## WATER BOARD SETS ELECTION

*Nominated For Awards*

On Monday, Oct. 8—local fans of Willie Nelson will get the word. Willie has been nominated as Entertainer of the Year by the Academy of Country Music and has been nominated again as Male Vocalist of the Year. Willie is shown as he appeared here on his way to acclaim at Floore Country Store. He was nominated for top billing by John T. Floore back in the early 70's when his fame rested chiefly on his songwriting performed by other artists.

### Helotes Park To Get New Storage Tank

The board of directors of the water district serving Helotes Park Estates has called a bond election for Saturday, Sept. 29, to authorize the issuance of \$190,000 in bonds to pay for improvements to the water system.

A water shortage in Helotes Park Estates is a distinct possibility if the improvements are not made, they said. Even now some residents must go without water or put up with low water pressure, they added.

Improvements to the system chiefly would be the erection of a 273,000-gallon standpipe storage facility on the existing tank site on Rafter S Trail, with an automatic pressure sustainer valve between the new tank and the one on Circle A Trail.

The bonds can be paid off through an increase of only about 10 cents per \$100 valuation of properties in Helotes Park Estates, the directors said. The current tax rate is 50 cents per \$100 valuation.

Voting will be held from 7 a.m. to 7 p.m. on Sept. 29 in the water district office in Helotes Park Village. Absentee voting is now underway and will continue through Sept. 25.

A meeting to discuss the proposed improvements and the bond issue will be held Tuesday, Sept. 25, beginning at 7 p.m., in the Forest Hills Presbyterian Church.

All registered voters residing in the Bexar County Water Control and Improvement District No. 17 are eligible to vote.

## Hill Country Water Good

A new report detailing the major underground water supplies in the Edwards Plateau region has been released by the Texas Department of Water Resources.

The report states that more than 450,000 acre-feet of water is available annually from five principal aquifers with about 308,000 acre-feet of the total available each year from the Edwards Trinity (Plateau) and alluvium aquifers. Other less productive but important aquifers—the lower Cretaceous, Hickory, and Ellenburger-San Saba—are also described.

The water in general is very hard but suitable for municipal,

industrial, and agricultural purposes. Varying amounts of sulfate, chloride, and fluoride are contained in water from wells primarily in the central and western parts of the region; however, the water is

being used with no apparent harmful effects.

Pumpage from all aquifers in the Edwards Plateau in 1972 was about 86,000 acre-feet, of which about 70 percent, or 62,000 acre-feet, was produced

for irrigation. Over 36,000 acre-feet of the 1972 irrigation pumpage occurred in Glascock and Reagan Counties.

In the northwestern part of the Plateau, more water is being removed than is being recharged, particularly in areas of Ector, Glascock, Midland, and Reagan Counties, where water levels are declining rapidly due to heavy pumpage.

Areas particularly suited for additional, future development of ground water are in the central and southern parts of the region, the report shows, specifically in western Schleicher, northern Sutton, central

### New Report On Aquifer

The Texas Department of Water Resources has published a report of basic ground water data from Edwards aquifer wells in Bexar County.

The Department inventory of wells includes data collected from June 1975 to February 1977 from 694 selected wells.

The report is titled "Records

of Wells, Chemical Analyses, and Water Levels of Selected Edwards Wells, Bexar County, Texas." The report number is 237. Copies of the report are available without charge from the Texas Department of Water Resources, P.O. Box 13087, Austin, Texas 78711.

(CONTINUED ON PAGE 8)

### Person-to-Person

Summer slips out of town this week-end, and Sunday marks the first day of Fall. The rainy days this past week have started a few leaves turning and with football everywhere, the final quarter of this decade will doubtless be fastpaced and beautiful.

The annual HARVEST FESTIVAL sponsored by the Quota Club is scheduled for Friday, Sept. 28, at Floore Country Store, and the proceeds all go to help the handicapped in speech and hearing. Pop-A-Tops will be playing and the mini-festival will be fun for all ages.

Californians have been finding their way to Texas all summer and are saying nice things about Helotes.

Mr. and Mrs. Ray Lampman have guests from Encinitas, Calif. visiting. They are Ray's brother and sister-in-law, Mr. and Mrs. C. J. Lampman, and the latter were honored by a dinner and family reunion marking their 42nd wedding anniversary. On Saturday, Sept. 15, the exact anniversary, they were guests of honor at a dinner at El Chaparral with Mr. and Mrs. Albert Kuentz, their cousins, as hosts.

Oscar Wood is doing well and has observed his 93rd birthday, according to F. E. Braun, the active real estate man who passed his 80th birthday himself on July 22.

The Silver Belles installed officers at a games party recently at the Helotes Hills United Methodist Church attended by the husbands and other guests as well.

Bob Whitley has returned home and is doing well following a trip to the Veteran's Hospital Sept. 15 when he was injured in a collision at the corner of Highway 16 and Circle A. His injuries included a concussion, and his truck was heavily damaged. Friends are pleased to note that he has been able to return home.

Mrs. Jean Siehenhor is in intensive care now at Oak Hills Nursing Home. She spent several weeks at the Community Hospital, and her friends are wishing her the best.

## KCCW Plans Fun Day

Villareal's Ice House on Bandera Road will be the site of the KCCW Fun Day and Chili Cookoff to be held Saturday, Oct. 13. Co-sponsoring the day with KCCW will be the Turtle Creek Optimist Club.

Entertainment will be provided from 1 p.m. to midnight with the featured entertainer to be Becky Hobbs, of Nashville, Tenn., and several local bands including Andy Anderson & Country, Larry Paul & Texas, and Wild Turkey, said Morris Kirschberg, Optimist Club president.

San Antonio restaurants will compete for the best chili title.

Admission will be \$1 with all proceeds going to the Turtle Creek Optimist Club Youth Fund.

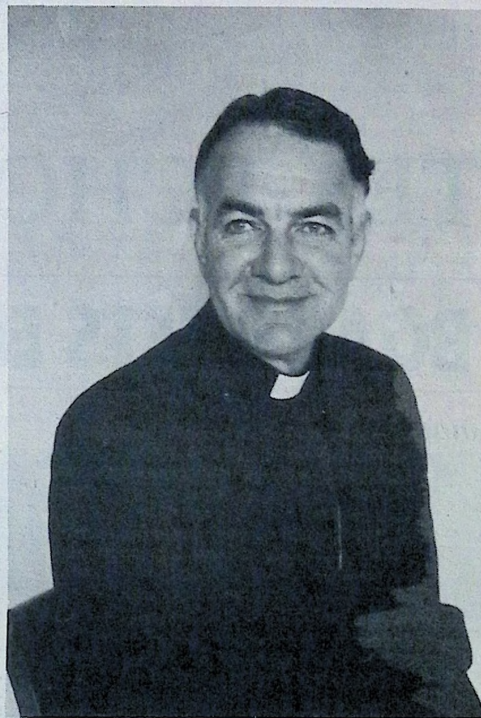

## Girls Rodeo To Be Here

One hundred and twenty top professional contenders in the Girls' Rodeo Association will compete in the Girls' National Rodeo Finals Oct. 5 and 6 at Joe Freeman Coliseum to benefit the Alamo Area Chapter of the American Diabetes Association.

The seven event, two-day competition will include bull-riding, barrel racing, calf roping, bareback bronc riding, steer undecorating, goat tying and team roping.

A total \$25,000 in prize money will be awarded to winners. As a special attraction, 72 4-H and FFA girls from the San Antonio area will compete in a wild goat milking contest.

## Anniversary Marked

Rev. Paul Probst, pastor of Zion Lutheran Church of Helotes, was honored with a surprise party by the congregation on the occasion of his 35th anniversary of ordination. He was ordained in St. Paul Lutheran Church at Rosenberg, Texas on Sept. 10, 1944. Congregation leaders John Botter and Calvin Galm presented Pastor Probst and his wife, Carolyn, with a congregational gift. More than 100 members were present for the occasion.

## Young Homemakers To Organize

Clark High School Home-making Department will hold an organizational meeting of the Young Homemakers Club on Tuesday, Sept. 25 at 7:30 p.m. in room C-104.

The club is open to women in the community who have young children, or to married couples

interested in managing home finances, consumer information and raising families.

Club activities include community projects.

For more information, please call Peggy Escue, Homemaking Department, 696-8145, ext. 231.

## Bexar Raises Edwards Tax

The board of directors of the five-county Edwards Underground Water District last week voted to retain the 2 cents per \$100 valuation tax rate authorized by the law which created the district in 1959.

But because Bexar County commissioners have increased the assessed valuation in the county from 20 to 26 per cent, the Edwards District tax in effect has been raised. Consequently a public hearing has to be held by the district on the tax increase.

In the other four counties in the district—Comal, Hays, Medina and Uvalde, the rate will remain the same as it has been for 20 years.

## New Arrival

Melody and Robert McEntire have a son, their first child, born August 30, 1979 eight weeks early during the recent Hurricane Elaine at the Robstown Riverside Hospital. He is named Kerry Scot McEntire and weighed three pounds, four-and-a-half ounces at birth. He is presently doing well at Driscoll Children's Hospital and has been gaining steadily, according to his grandparents, Mr. and Mrs. H. A. Mikel of Grey Forest. The baby and his parents live in Corpus Christi.

\*\*\*\*\*

Beverly Barlow, a 5th grade teacher at Helotes School last year, has been named assistant director of instructional systems for the Northside District and now is working out of the central office on Evers Road.

## Hildebrand—Spears Wed Sept. 15

Tony Hildebrand and his bride, the former Carol Spears, exchange vows while Judge Esquivel officiates.

In an afternoon garden ceremony, Carol Christine Spears and Anthony Joseph Hildebrand were married in Grey Forest, Texas on Saturday, Sept. 15, 1979 with Judge Esquivel of San Antonio

officiating.

The bride is the daughter of Sam B. Spears and Eva Spears, and the bridegroom is the son of Sandy and Mary Ann Hildebrand, all of Helotes.

Given in marriage by her father, the bride wore a traditional full-length gown of Ivory gauze lace. Her coiffure was accented with a sidepiece of lily-of-the-valley.

Her maid of honor was her sister, Donna Eileen Spears,

whose gown, was in a floral tone of deeper Ivory accented with lace.

Serving as best man was Mark Turner of San Antonio.

The ceremony was performed in a setting enhanced by the addition of embankments of potted golden chrysanthemums. In the double-ring rite, Judge Esquivel spoke of the meaning of the exchange of rings symbolizing eternal love.

A reception and seated

dinner followed in the garden. Among the many friends and relatives in attendance were two couples who had come from Sherman, Oklahoma for the occasion, close friends of the bride and groom.

Several of those present are accomplished musicians and played and sang during the evening's festivities.

The bride and groom were educated at John Marshall High School. He is employed by the A. C. Electric Co. She is employed at the University of Texas Health Science Center.

The couple will reside on Lakeshore Drive in Grey Forest.

### Helotes Park Florist & Gifts

Is very pleased to announce the addition of a new item to our store, "Celebration Wedding Stationery."

If you are planning a Wedding, Anniversary, or need Baby Announcements, Thank You Notes, Napkins, Match Books, Stationery or Wedding Accessories, come in and let us show you our beautiful Collection, in our Large Album. ## Student Aid Officer

Samuel M. Gonzales has been named director of the Office of Student Financial Aids at UTSA. Formerly assistant director, he assumes the new position Oct. 1. The office currently administers \$3 million in student aid funds and provides part-time work for 450 students. An alumnus of Our Lady of the Lake University, where he earned the B.A. and M.Ed. degrees, Gonzales was director of financial aid there prior to joining the UTSA office in 1976.

"MR. TOURIST IF'N YOU DONT QUIT SQUIRM'N, WE  
AINT NEVER GOIN TO GIT YOU ON THAT HOSS!"

### ANNOUNCEMENT AND CARD OF THANKS

After 11 years of operating The Helotes General Store in downtown Helotes, the Pittmans have sold it, and it is now being operated by its new owners and managers who have pledged to continue the policies of a friendly general store which made our years there such a meaningful experience.

As those who know Helotes are aware, the General Store is more than a century old as headquarters for supplies, and it often was the only complete food store in operation to serve the community. Former owners usually added their name to the store's name and it was very well known in the past as Maltsberger's.

We appreciate the friendliness of the customers, and sales representatives who brought the supplies from the wholesalers. We wish especially to thank all those who worked as employees and whose dedication over the years meant so much to us, and helped to maintain the reputation for service the General Store has.

Pittman and Pittman, the bookkeeping and tax service, will continue to occupy its present office adjacent to the General Store. We will be happy to see our former customers from the General Store and we wish the new owners much success.

Thank you for your years of loyal patronage  
Norma Pittman  
And Family

### Calendar Of Texas Events

While much of the country is preparing to button up for winter, Texans are planning fairs, festivals and fiestas for the coming months.

The brand-new Calendar of Texas Events, just issued by the State Department of Highways and Public Transportation, shows how Texans plan to enjoy the cool months ahead.

Dozens of outdoor events—impossible in northern climes—are on the Calendar list that spans the months from October through March.

Typical Texas products, such as peanuts, rice, pecans and sugar cane, are all recognized with harvest festivals. Winter

vegetables, citrus and livestock are also featured with events that reflect the bounty of Texas agriculture. Outdoor sports know no season in Texas, and the Calendar cities golf tournaments in several cities, fishing tournaments along the Gulf Coast, and an international track meet.

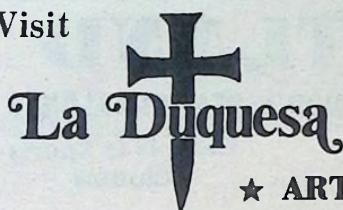

The Calendar can help in planning close-to-home mini-

vactions where maximum entertainment can be found with a minimum of travel. Free copies are available at any Texas Tourist Bureau or by mail from Calendar of Texas Events, P.O. Box 5064, Austin 78763.

**Q:** Recently I read in the paper about motorists being stopped for speeding. If they couldn't pay the fine immediately, in cash, they were taken to jail. Is this legal in the state of Texas?

**A:** A Texas resident driving a licensed Texas vehicle must be issued an order to appear in court for a speeding violation if the motorist gives his written promise to appear.

However, non-residents are often unable or unwilling to appear in court at a later date. For this reason, non-residents cited for speeding may be taken either into custody until a cash bond is posted or may be taken directly before a magistrate for disposition of the case and payment of the fine.

**Q:** Can a will be written for me to allow my wife and children to avoid inheritance taxes?

**A:** Inheritance taxes which may be imposed on your estate after you die cannot be avoided simply by a provision in your will. However, inheritance and estate taxes can be minimized by proper estate planning. For example, proceeds from a life insurance policy on your life may not be taxed if your wife owned the policy and paid from her separate monies. This may remove the policy from your taxable estate.

**Q:** My husband owned a farm and had four grown children from his first marriage when we married 15 years ago. What interest in the farm would I be entitled to, if he died?

**A:** If your husband had a valid will at his death, you would receive whatever part of his interest in the farm he provided for in the will. If he died without a valid will, various factors would determine your property rights. These factors would include whether the farm was your husband's separate property, or whether it was community property of your husband and his former wife.

**Q:** I'm a middle-aged man of modest income and savings, married, have three children, and would like to draw up a will. Must I consult a lawyer, or is there another way that may be less expensive?

**A:** The number of factors involved in drafting a will, ranging from the choice of a guardian for children to coordination of life insurance, are so varied that each will should be individually prepared. Your local or statewide lawyer referral service can direct you to a lawyer familiar with estate planning who will provide a 30-minute consultation for a minimal fee.

**Q:** Problems keep building up and I'm seriously considering getting a divorce. If I do it, I want to get it over with as quickly as possible. How long does it take to get a divorce in Texas?

**A:** After the divorce petition is filed, the law requires a sixty-day waiting period. You could get back together during that time and drop the proceedings. After this 60 days, the final hearing on the divorce can be scheduled. The exact date would be subject to the caseload of the district court and any complications or problems in your case.

**Q:** I have written a will naming my sister the beneficiary of a considerable amount of money. I want to be certain the money stays in the family. If she dies, will her husband and children be entitled to any of that money?

**A:** If your sister dies before you do, your gift to her will lapse and pass instead with the residue of your estate.

If, however, your sister receives this money after your death, it will become part of her estate and will go as she directs under her will.

Send your questions to "You and the Law," State Bar of Texas, P. O. Box 12487, Austin, 78711. Answers may appear in columns in hypothetical terms; personal answers not possible.

## Gala Opening Of Fine Arts Trail

The artists represented in this year's Hill Country Fine Arts Trail are widely known for their work in oil and watercolor, acrylic and collage, sculpture in terra cotta, bronze and stoneware, creative photography, handcrafted designs in jewelry and unique pottery and stoneware.

Among them are Lavinia Schlabach, Hazel Nauman, Shirley Martin, Diane Hughes, Jim Morris, Ruth Gray, Travis Keese, Yarka White, Rita Ann Harmon, Walter Bower and Nellie Buel.

The trail will be open from 10 a.m. to 6 p.m. daily, Sept. 28 through Oct. 1. The gala opening of the Trail and Exhibit will be held at the Hill Country Arts Foundation Sept. 27 from 7 to 10 p.m.

The first stop on the Trail will be the juried Exhibit at the Hill Country Arts Foundation planned to represent the varied talent to be found in Kerr County.

A map, showing the major routes to be followed and the numbers of each of the participants, will be furnished and the routes off the major thoroughfares will be marked by a banner and the number of the studio to enable the trail followers to find the studios easily.

For further information contact the Chamber of Commerce, 1200 Sidney Baker, Box 790, Kerrville, Texas 78028. AC 512/896-1155.

There will be entertainment in the evenings with the "Sound of Music" musical presented at the outdoor Point Theater in Ingram on Sept. 28 and 29, and "Point in Review" on Sept. 30. There will also be a "folk Festival at Rod Kennedy's Quiet Valley Ranch on Sept. 29.

stalk. Nests are common  
under eaves, in bushes, and  
in outbuildings. Call Dr.  
Gambao at 681-4296.

## Listening - Key To Communication

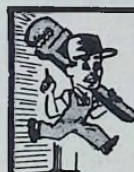

Communication is one of the  
keys to effective leadership.  
And communication relies  
heavily on good listening.  
contends a sociologist with the  
Texas Agricultural Extension  
Service, Texas A&M Uni-  
versity System. However,  
effective listening is difficult  
because a person's mind is  
occupied with other things. One  
listens with only about 25  
percent effectiveness. To be a  
more effective listener, be  
interested in the speaker and  
what is being said, listen to  
learn, and extract the main  
idea.

John Marshall High School  
will hold open house Tuesday,  
Sept. 25, beginning at 7:30 p.m.  
The teachers, students and  
principal are hoping to welcome  
all the Marshall parents, other  
family members and friends.  
Jay High will follow with its  
open house on Thursday, Sept.  
27, and Clark and Holms High

Schools will follow on Oct. 2 and  
3.

## PUBLIC HEARING NOTICE OF TAX INCREASE

**To Property Owners and Citizens of Grey Forest, Texas.**

The City of Grey Forest proposes to increase  
your property taxes by Ten (10) percent.

The Grey Forest City Council has considered  
the proposal in the affirmative and will vote to  
increase the ad valorem tax rate at the next  
regular meeting of the city council to be held on  
Tuesday, October 2, 1979 at 7:30 p.m. in the  
Grey Forest City Hall, Grey Forest, Texas.

All interested persons are invited to attend  
this public hearing and will be given an oppor-  
tunity to be heard.

**Virginia Springer, Mayor**  
**City of Grey Forest, Texas**

# ECHO-LOG

## Chapel Speaker

Buddy Murphrey will be guest speaker at Grey Forest Chapel at the Soul Winner Conference to be held each evening at 7 p.m. beginning Sunday, Sept. 23, and continuing through Wednesday, Sept. 26. The speaker formerly pastored at Blanco Road Baptist Church and was heard on Radio KMAC mornings. Bro. Rusty Maddox, pastor of Grey Forest Chapel, reports that the public is invited and a nursery will be provided.

City Councilman Marion Heisler and his family of Grey Forest will move shortly to Lakehills.

## California Visitors

Pat McDermott and his wife Dorothy from Alameda, Calif. have been visiting old friends and relatives here also. They are houseguests of their aunt, Mrs. Harry Condon, and are being entertained by their Aunt Ella McDermott. They have visited their cousins also at the Helotes Echo and exchanged journalism tips. Pat has retired from the Alameda police force after a distinguished career in helping juvenile offenders get on the right road. They are building a

home in Graecagle, Calif. and will be active in that community, where they have a daughter and grandchild. They have visited many friends who attended St. Mary's University with Pat in the past.

Eric Demski and Lorelei Toepperwein of Helotes were among the more than 1,800 junior members of Hermann Sons who attended the order's summer youth camp near Comfort.

## NATIONAL FLOOD INSURANCE PROGRAM Proposed Flood Elevation Determinations

AGENCY: Federal Insurance Administration, FEMA.

ACTION: Proposed Rule.

SUMMARY:

Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the nation. These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES:

The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

ADDRESSES:

See table below.

FOR FURTHER INFORMATION CONTACT:

Mr. R. Gregg Chappell  
National Flood Insurance Program  
(202) 426-1460 or Toll Free Line (800) 424-8872  
(In Alaska and Hawaii call Toll Free Line (800) 424-9080)  
Room 5150  
451 7th Street, S.W.  
Washington, D.C. 20410

SUPPLEMENTARY INFORMATION:

The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for selected locations in the nation, in accordance with Section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added Section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448), 42 U.S.C. 4001-4128, and 44 CFR 67.4 (a).

These elevations, with the flood plain management measured required by Section 60.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or Regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance or existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Proposed Base (100-year) Flood Elevations				Depth in feet above ground , Elevation in feet (NGVD).
State	City—Town—County	Source of Flooding	Location	

Texas	City of Grey Forest, Bexar County		Helotes Creek Just upstream of Hillside Drive	.1135
			Just downstream of Grey Forest Drive	.1136
			Lee Creek Just upstream of Hilltop Drive	.1105
			Just upstream of Lake Shore Drive	.1113

Maps available at the Mayor's Office, Grey Forest City Hall, Grey Forest, Texas 78023. Send comments to Mayor Virginia Springer, City Hall, P.O. Box 577, Helotes, Texas 78023.

## Heaters Need Check-Up Now

One of the most important steps a householder can take this month to insure the safe and efficient operation of his heating equipment is to have it professionally serviced in advance of the heating season, according to Lt. Jesse Sanchez of the San Antonio Fire Department.

Every year the San Antonio Fire Department and the City Public Service sponsor a joint safety campaign in an effort to reduce the injuries and deaths which occur locally as a result of operating faulty heating equipment.

Unless a person has mechanical aptitude and a service manual giving detailed instructions on how to service and adjust that particular brand of heating equipment, it is far better to have a professional service man do the job every year, according to Sanchez.

Among the tasks performed by a service man are cleaning the heater and making sure the air intakes and venting are clear and unobstructed, changing filters, oiling the motor and fan, checking the heat exchanger, checking and adjusting controls, lighting the pilot and making sure the unit is properly adjusted to burn with a blue flame rather than orange, which signals improper combustion and possible danger.

Sanchez emphasized that central units, floor furnaces, wall furnaces and through-the-wall furnaces all need a thorough checkup each year.

Room heaters need to be blown out with compressed air and the flame adjusted. The unit and metal hose should also be checked for gas leaks, Sanchez said.

For householders buying new heating equipment, the CPS maintains a free information service on the comparative advantages of various types of heaters, the correct size to buy, and the comparative efficiency of various makes of heating equipment and all other gas and electric appliances. Information may be obtained by calling 227-3211, extension 302, Monday through Friday from 8 a.m. to 5 p.m.

## ICW Rolls Up This Year

Enrollment for the fall term at Incarnate Word College is up 8.3% over the previous fall, with 1,476 students registered for credit courses compared with 1,354 last year. In addition, 72 students are cross-registered from St. Mary's University and Our Lady of the Lake University for a total fall headcount of 1,548 students. This figure also does not include students in off-campus courses or in non-credit continuing education. For the first time in many years the IWC residence halls are full with 322 students living on campus. This includes 56 men in Marian Hall, the first time this residence hall has been for men only.

(CONTINUED FROM PAGE 1)

and southwestern Edwards, southern Val Verde, north-eastern Menard, east central Crockett, and southern Reagan Counties.

Most of these areas are relatively flat or contain deeper soils, making them more suitable for irrigation. "Development of large-capacity wells in these areas for irrigation of grains and grasses would be of great benefit to increased livestock production, especially in the event of a prolonged drought," the report concludes.

Counties wholly or partly included in the study are: Andrews, Bandera, Coke, Concho, Crockett, Ector, Edwards, Gillespie, Glasscock, Howard, Irion, Kerr, Kimble, Kinney, McCulloch, Mason, Menard, Midland, Reagan, Real, Schleicher, Sterling, Sutton, Tom Green, Upton, Uvalde, Val Verde, and Winkler.

Copies of Report 235 are available without charge from the Texas Department of Water Resources, P.O. Box 13087, Austin, Texas 78711.

### NEW HOMEBUILDER

Wood Bros. Homes, Inc., one of the nation's five largest homebuilders, has selected San Antonio for its latest expansion into the Sunbelt. Based in Denver, Colorado, Wood Bros. ranks as the Rocky Mountain region's largest homebuilder. Homes will be built first in Spring Creek Forest and Encino Park.
