Jerry Null, injured in a race car accident last month, was out of the hospital early this week and back in Helotes, but with a full-length cast on his broken leg. Also, he may have to receive more hospitalization later.

Dr. Thomas Haberman is a new dentist in Helotes. He has bought the former Kay home on Scenic Loop in Grey Forest and is living there with his two daughters, Jill, 13 and Molly, 9. His offices are located in the former Smith building on Bandera Road near the intersection of Galm Road and Circle A. Trail. They moved here from Shreveport, Dr. Haberman's last station in the Air Force. Earlier he has served in Biloxi, the Canal Zone, San Antonio and Houston. Of these they liked San Antonio best. Dr. Haberman was graduated from the dental school at the University of Iowa, and had extra schooling at the University of Texas in Houston. Jill will attend Coke Stevenson School this fall, and Molly will enroll in Helotes School.

The former chief arranger and composer for the Dallas Cowboys Football Band will become director of UTSA's Division of Music on Aug. 1. His other qualifications include a bachelor of music degree from SMU and a master's and doctorate from the Eastman School of Music.

A Minnie Stevens Piper Foundation college scholarship has been awarded to Joe Davis Warren, son of Mr. and Mrs. Leo J. Warren, 25303 Ima Ruth Parkway, Leon Springs. A graduate of John Marshall High School, Joe plans to attend Rice University to study computer science. Also receiving a Piper scholarship was Michele Marie Page of John Jay High School. Michele will attend Southern Methodist University to major in engineering. She and Joe were two of 19 high school seniors awarded Piper college scholarships recently.

John Marshall High's Jody Nickell will attend the National Student Safety Conference at Northern Arizona State University, Flagstaff, July 23-26. Jody is president of the Alamo Association of Student Councils.

Folklife Festival Set For August 2-5

"Red River" Dave McEnery, one of Texas—and the country's—earliest singing cowboys, will join some 6,000 other "characters" on the grounds of The Institute of Texas Cultures August 2-5 for the Texas Folklife Festival. His silver boots, bright shirts and long white hair give McEnery the appearance of a present-day Buffalo Bill Cody. Visitors to the Festival will get to watch Red River Dave twirl a lariat and yodel as well as sing ballads popular in the 20's, 30's and 40's while strumming his rare 1906 "7" model Gibson guitar. His Festival performances on Stage 3 are scheduled for Thursday at 7:30 p.m.; Friday at 2:30, 4:30 and 7 p.m.; Saturday at 4:30 and 7:30 p.m.; and Sunday at 4:30 and 8 p.m.

Hemisfair To Be Site Of 'Reunion'

If you've ever shouted "Amen" at a gospel gathering, danced the night away at a fiesta, stuffed yourself on Grandma's cooking at a family reunion, cheered at a contest or thrilled at mastering a new craft, then you know the feeling of the Texas Folklife Festival.

The eighth annual Festival will be a 15-acre family reunion for a four-day stretch between August 2-5. Texans from all parts of the state will gather to celebrate their heritage and learn more about those who helped settle and develop this land. The atmosphere is one of sharing with a "hello neighbor" approach.

Festival gates will swing open 5 p.m. Thursday, Aug. 2, setting in motion a non-stop happening involving all the senses. Visitors will discover Texas history with their eyes, ears and even tastebuds in a parade of colorful costumes, old-world crafts and skills, exotic folk dances and unusual foods.

The variety offers a combination of the pioneer and the 36 ethnic, cultural and national groups who made this state their home. All will share their backgrounds at the 1979 celebration.

Pre-Register Time Nears

Elementary school students who will be attending Northside Independent School District schools for the first time this fall will register at their neighborhood school on August 23 and 24. Newcomers need to provide immunization records, birth certificates if the child will enter kindergarten or first grade, and report cards from the previous school. First day of school is September 4.

High schools and Middle schools have set aside specific days to pre-register students, depending upon the school. In most cases, students who previously attended or who are moving up from a Northside 5th grade into middle school or from a Northside 8th grade into high school have already pre-registered (last spring).

Find the school in your neighborhood on the following schedule for specific information.

MIDDLE SCHOOLS:
Hobby—newcomers pre-register August 22 and 23.

Anson Jones—Newcomers pre-register Aug. 22, 23, 24.

Pat Neff—Newcomers pre-register Aug. 22 and 23.

UTSA Sets Fall Deadline

Students who have filed all the necessary paperwork with the university by that date will receive first consideration in being admitted, according to Dr. John Brown, director of admission and registrar.

The fall semester will begin Aug. 27. Regular registration will be held Aug. 22-23 in the university's Convocation Center.

Reader Takes To Treetop

Reading for sport and scholarship, Holmes High School summer school students, move outside under and into the trees. Reading specialist Marvel Strickland encourages reading anywhere and everywhere, so she wasn't surprised when one boy elected to climb the tree during the 20 minutes of "freelance" reading held during her 2-hour enrichment class.

Another avid reader is 11-year-old Cindy Schultz, a Thunderbird Hills Elementary student who had to choose between reading class and violin camp this summer. Although the decision was difficult, Cindy says she loves reading and is anxious to improve her speed-reading skills. The future Sul Ross Middle School 6th grader already reads as well as most high school sophomores. Her 8th grade sister, Linda, also takes reading for enrichment at Holmes High Summer School.

Presenting a \$200 Travel Certificate and a \$25 Gift Certificate to Mrs. Sharon Adams, right, is Mrs. Modesta Lyon, left of Nature's Nook.

Nature's Nook Winner Will Travel

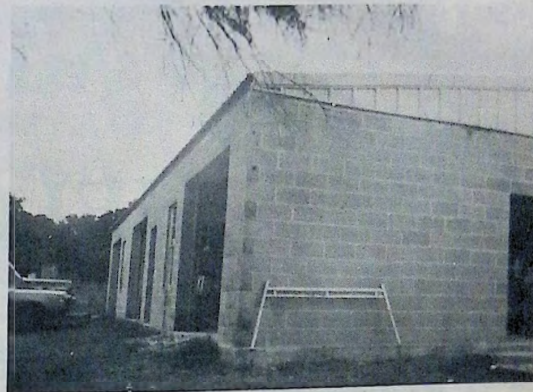

Mrs. Sharon Adams of 8670 Bristlecone Drive has been announced as the winner of Nature's Nook \$25 Contest for the Month of June, as well as for the \$200 Gift Certificate with THE BODET TRAVEL AGENCY.

Sharon has not announced what her vacation plans are, but the \$200 Certificate can go a long way toward a few days in Acapulco or Las Vegas, or for Husband and Wife in Dallas, Houston, or El Paso, etc.

This prize was not awarded for a single entry, but for several excellent suggestions which Sharon made over a several month period. Some of these suggestions have already been adopted and others are under consideration. For instance, she suggested that Nature's Nook put out a mini-cookbook regularly with nutritional recipes.

The Lyons, and Kay Kennedy, manager, announce that the December Gift Certificate with Bodet will be for \$300. "So please give us your thoughts in writing with each visit to our store in order to compete for the Winter Vacation," they added.

Lions Club Erects Walls

A major civic project in progress is the enclosing of the Parrigin Pavilion on the Lions Park grounds, which is nearing completion. The Lions Club has contracted to construct the building of concrete blocks, and has leased the building for two years to Auctioneer Jack Nottingham to defray the cost of making the new edifice weather-proof for future Club and civic activities.

When completed, this should be an asset to the community, a Lions Club spokesman said.

The Pavilion was named in honor of the late Alex Parrigin, a founder, and past president. Jim Wilson is presently the Lions Club president.

NBC Reports Income Rise

National Bankshares Corporation of Texas reported net income for the six months which ended June 30 was \$4,504,000 (\$2.22 per share) compared with \$4,015,000 (\$1.98 per share) in 1978.

Member banks of the NBC of Texas family include National Bank of Commerce of San Antonio; Randolph Bank of

Commerce, Universal City; The First National Bank of Eagle Pass; Commerce North Bank, San Antonio; Meyerland Bank, Houston; National Bank of Commerce of Kerrville; Ingram Park Bank of Commerce, San Antonio; Brooks Field National Bank of San Antonio; and Guaranty National Bank, Houston.

Grange Sets Medic Film

The Leon Valley Grange will present a film, "The Medic Alert Story," Saturday night, July 28, at the Grange Hall on Eckhart Road, beginning at 8 p.m. The public is invited.

The showing will be part of

the Grange's sponsorship of the Medic Alert Program, a system of emergency medical identification, in this area.

The 24-minute film features Tennessee Ernie Ford, Milburn Stone and David Cassidy, and includes appearance by a former Surgeon General of the U.S., Dr. Luther Terry, and the past president of the National Sheriffs Association, Michael N. Canlin.

The film was made at the headquarters of the Medic Alert Foundation in Turlock, California.

Co-sponsoring the showing is the Bexar County Pomona, according to Grange Member Mary Maskew.

she turned her considerable ability to civic matters.

She was president of the Helotes Women's Club. She was on the Board of the Scenic Loop Playground Club, and later was elected to the Grey Forest City Council, serving during the terms of three Mayors.

She resided in San Antonio in the past few years. She is survived by members nieces and nephews.

Graveside services were held Wednesday afternoon at Mission Burial Park South with Rev. David Comesays officiating.

Mrs. McCoy contributed much to the progress of this community and she leaves many friends who will remember her.

Bonnie Ellison, public information director for Northside School District, carried the word of the district's good communications program to the National Seminar of the National School Public Relations Association in Chicago this week. She told the 350 delegates that the good program is based on the school board's commitment to the public's right to know. Bonnie has been with the district for seven years.

First Birthday Observed

"It's fun to be one" says Lisa Marie James.

Mrs. Milton E. James, Jr.—whose first name is Denise—and her little daughter, Lisa Marie, visited here for three weeks while Milton's ship was being transferred from South Carolina to Georgia.

Denise was hosted by her mother, Mrs. Elaine LeBleu, and her grandparents, Mr. and Mrs. H. C. Wade, in addition to

Milton's parents, Mr. and Mrs. Milton E. James, Sr. of Grey Forest.

During the stay, little Lisa Marie celebrated her first birthday to the enjoyment of all four generations of family. Those here are already counting the days until the Christmas visit of the little miss and her parents.

New residents of Grey Forest are Mr. and Mrs. Marion Shealy and their two children, Monte Clark and Amy Marie. They bought the former Rimon Ham home on Scenic Loop. Originally from Lexington,

S.C., they moved to Grey Forest from Barnwell, S.C. Marion is with the Levi Strauss company in San Antonio. Mrs. Shealy—Judy—said another member of the family is the cat named Sugar.

Scheibe—Darter Wed July 14

Beverly Sue Darter, daughter of Mr. and Mrs. Carl (Gene) Darter of Helotes, became the bride of Charles Quin Scheibe, Jr. of Castle Hills in an evening ceremony on Saturday, July 14, 1979. Officiating at the candlelight service was Rev. Stanley F. Hauser at St. Mark's Episcopal Church in San Antonio.

The bride chose a lace chiffon gown with a Queen Anne neckline outlined with Chantilly lace. The A-line skirt was covered with three tiers of Chantilly lace to form a chapel train. Her matching cathedral length veil was also outlined with Chantilly lace.

Serving as her maid of honor was Janice Schiebe, sister of the bridegroom. Bridesmaids were Tina and Tracy Roecker of Seguin, cousins of the bride, and Mrs. Janis Woody of San Antonio.

Flowergirls were Brenda and Ronda DeSha, cousins of the bride. The ringbearer was Thomas McCormick of San Antonio also.

Serving as best man was Fred Scheibe, Jr., father of the groom. Acting as groomsmen were Jay Huntzinger, Michael Woody, and Don Crook.

Ushers included Richard Darter, brother of the bride, and Danny Rodriguez, Charles Benson as well as Steve Smith.

On the eve of the marriage, the couple was honored at the rehearsal dinner held at the Lackland Officers Club.

Mrs. Charles Q. Scheibe

Following the wedding service, the bride and groom left the church in a horse-driven surrey for the reception which

was held at The Bright Shawl. The couple then left for a honeymoon to Puerto Valarta, Mexico.

Engagement Announced

The engagement and approaching marriage of Miss Perian Williams to Thomas Guy White III has been announced by her parents, Mr. and Mrs. Guy F. Williams. Her fiance is the son of Mr. and Mrs. Thomas Guy, Jr. of Boerne. He is a graduate of Boerne High School, and has attended San Antonio College.

The bride-elect is a graduate of John Marshall High School, where she was Rodeo sweetheart. She was chosen Princess in a recent Court of Miss Helotes. She has attended San Antonio College also.

Many festivities have been planned in her honor.

Farm Safety To Get Week

Everyday farm chores that can result in sudden, blinding accidents usually can be circumvented by wearing safety goggles, the Texas Society to Prevent Blindness notes in connection with Farm Safety Week, July 23 through 31. This is especially true of agriculture chemicals, such as anhydrous ammonia penetrates the eye virtually on contact, and total blindness can result as soon as ammonia penetrates the eye such an accident occurs, the eye should be flushed with water for at least 15 minutes and then medical help should be sought at once.

Under no circumstances should ointments or salves be used, since they tend to seal ammonia into the eye and might only increase the damage.

Wearing goggles and taking other commonsense precautions can prevent blindness caused by other farm accidents, such as a strand snapping when stretching barbed wire.

Students Back Carter

Teenagers enrolled in the Advanced Social Science Problems class at Holmes High Summer School are committing a letter to President Jimmy Carter to parchment paper complete with art by student calligraphers.

All students in the class will sign the U.S. Constitution-type document which they describe as "an honest but supportive letter." "After all," students comment, "he's the only President we have and he deserves some encouragement from citizens—not just criticism."

Besides the Carter letter, ASSP students are researching topics they have individually-tagged as "current social problems." According to

teacher Pam Macklin, topics include inflation, alcoholism, nuclear war, abortion, drug abuse, the family—is it a dying institution?, and youth—are

they confused, angry, or bored? Guest speakers will be invited to address these and other issues in class which continues weekdays through Aug. 8.

Newspaper Files On Campus

Charles "Valmo" Bellinger (right) looks over a 1933 issue of the San Antonio Register with Fred Fowler, UTSA graduate student. Former owner and editor of the black community newspaper, Bellinger recently donated 22,000 issues of the publication, dating from 1931, to UTSA's John Peace Library.

The collection will be available in September on microfilm for public use during regular library hours at UTSA. Interested individuals and organizations may purchase duplicate copies of the microfilm at a nominal charge.

FFA Sends 7 To State

Seven members of Future Farmers of America from the John Marshall High School chapter attended the FFA state convention in Lubbock last week. The seven Marshall students joined more than 4,000 FFA members from all over the state for election of state officers, recognition awards and scholarships. Teacher-advisor attending the convention was Joey Tomlinson, Marshall horticulture teacher.

Students attending were Gary Moore, Tim Webb, Steven Jung, David Crow, Kelly Ricks, Terri Gallo and Nancy Mayfield.

The Marshall group accepted the award of the Houston Livestock Show to John Marshall FFA's two state championship teams: Floriculture and Farm Business Management teams. According to Tomlinson, "It is highly unusual for a single school to have two teams win first at state and qualify to compete in the National FFA Competition in Kansas City in November. The monetary award helps defray expenses of the trip."

Archives Have Barham History

Ross Barham, a longtime resident of Helotes, has compiled an interesting and informative history of the Barham family, a copy of which has been given to the State Archives of Texas to be kept on file for the benefit of family members. Mr. Barham and his wife, Matilda, a former Helotes Postmaster, have nieces and nephews who were anxious to know more about the family and encouraged them to sketch the history. The material has appeal to others also as an example of the pre-Civil War South and the hardship endured by the early settlers of such frontier states as Arkansas and Texas. Family tales often contain more details than textbooks have of the life styles of our pioneering ancestors. Those who have someone to write it all down are indeed fortunate.

Three members of the Northside School District's Special Olympics swimming team have qualified for the International Olympics to be held in Rockport, N.Y., in August. They are Dianne Pasquino, Mark Kelly and Wesley Reagan. They qualified for the International Olympics during the recent state competition in Austin. The Northside District's 100-meter freestyle relay team of Reagan, Pasquino, Allen Lyon and Floyd Flowers set a new record, finishing in 1:06.65.

Five Visits For Security

There are five times when a person should get in touch with a social security office, Gilbert G. Gonzalez, social security district manager, in San Antonio, said recently.

"Knowing the 5 times for action is too important to take for granted. It can mean greater security for a worker and his or her family," Mr. Gonzalez said. The five times are:

Before a person gets his or her first job—to apply for a social security number. A person should allow 6 to 8 weeks to get a card.

After a death in the family—to see if survivors' benefits or a lump sum death payment are payable.

When somebody in a family is

disabled—to learn if disability benefits are payable.

When a person reaches retirement age—65 for full rate cash benefits or as early as 62 for reduced payments. A person should come in 2 or 3 months before 65 to arrange Medicare protection even though he or she is not retiring.

When a person has a question about social security.

The people at any social security office will be glad to help provide the answer to any question about social security. The offices are located at: 727 Durango, 1107 S. Gen McMullen, and 670 S. W. Military Drive. The telephone inquiry number is 229-6400.

Free Movies Set At UTSA

A movie within a movie is what students will study in a course offered this fall by UTSA's Division of Foreign Languages.

According to Dr. Steven Kellman, assistant professor of comparative literature, "Movie Movies" will examine films concerned with the making of movies.

The distinctive techniques and achievements of films as well as their relationship to other forms of expression such as literature, theater, music, painting and photography, will be discussed.

All films shown during the course will be free and open to the public. Titles include "The Life and Death of 9413-A Hollywood Extra" (Sept. 5); "The Last Command" (Sept. 12); "The Man with the Movie Camera" (Sept. 19); "Sullivan's Travels" (Oct. 3); "Singin' in the Rain" (Oct. 10); and "8½" (Oct. 17).

Also scheduled to be shown are "Contempt" (Oct. 24); "Trans-Europe Express" (Nov. 7); "Medium Cool" (Nov. 14); "Maidstone" (Nov. 21); "The Spirit of the Beehive" (Nov. 28); and "A Slave of Love" (Dec. 5).

Screenings will be at 2 p.m. in room 2.01.30 of the university's Humanities-Business Building.
