## Person-to-Person

Recent visitors to Floore Country Store here from the West Coast were guests of Joe, Stella and Lydia Alguiseva and were also hosted by Joe Pedroza. They are Mr. and Mrs. Rudy De Hoyos from Los Angeles and Larry Hutchinson from San Francisco and Jim Wheeler from Nevada.

Willie Nelson's new movie, "Honeysuckle Rose," filmed partly in San Antonio, will be previewed at his annual 4th of July picnic, this year to be held near Austin, and will be in general release in local theaters in August. Still another movie featuring Willie will be filmed this fall, some of it again in San Antonio.

A happier kind of D-Day took place last week when Darrell McCall, a former resident of Helotes, arrived as a C&W star from Nashville to entertain his thousands of fans. He recalled to them his happy memories of when he resided on Scenic Loop, and played regularly at Floore's as he did last Saturday once again.

To thousands of graduating seniors in this area, congratulations are in order. In earlier times, the ECHO named them all, but space no longer permits a complete roster. Typical of the stories of pride are the moments savored by grandparents. A Marshall graduate, Donald Lewis Dunford Jr., probably had the youngest parents present. He is the first grandchild of Mr. and Mrs. E.J. Dunford, Sr. and his great grandparents were descendants of the early pioneers here.

Mrs. Ed Kempf attended the graduation of a granddaughter in Houston, and Mrs. Gretchen Stappenback watched her grandson take honors in Gadsden, Ala.

Mr. and Mrs. Joseph Vilgos of Singapore, formerly of Braun Station, were recent visitors in the home of Mr. and Mrs. Stanley Waraksa in Valley View Acres. Mr. Vilgos is a technical representative for General Electric and works at servicing jet engines manufactured by General Electric. While here, he served as a sponsor for Stephen Waraksa at the recent confirmation services at Our Lady of Guadalupe Church.

## Arson Blamed In \$100,000 Fire

## Child Care Center To Be Rebuilt

Fire which broke out Tuesday, May 27, in an almost-completed structure—valued by its owners at \$100,000—raged for several hours, damaging the building totally so that an entire new building is being planned to replace it.

The large frame structure, a former military building relocated in downtown Helotes on Highway 16, had the estimated capacity of 100 children and had been targeted by the owners, Ed and Dianne Horne, to open about June 1.

Volunteer Firefighters from Helotes, Grey Forest, San Geronimo Village, and Bexar County Station No. 4 responded to the alarm within record time after being alerted almost simultaneously by a passerby and a neighbor who first spotted smoke and flames in the daylight early evening hours.

"The structure was fully involved in the length of the attic upon our arrival," according to Helotes Fire Chief Wayne Chauffe. Unfortunately, he added, due to the time-lapse between when the fire actually started and when the alarm was received, the structure was severely damaged. However, the fire fighters confined the damage to the building itself and to tools and construction materials being stored within the wall.

No serious injuries were reported, except for minor smoke inhalation and a few bruises received from falls into large holes on the construction site after dark. The units were called back after the fire, which had been quelled, apparently broke out a second time.

Thursday, May 29, 1980, at the age of 58.

Mr. Linder and his family also were former owners of the Chef John Steak Loft, which was a popular dining spot at Helotes Park Plaza before they sold it in order to have more time for the heating and air conditioning business, now managed by his son.

Mr. Linder is survived by his wife, Mrs. Beatrice Linder, and his mother, Mrs. Roselee Linder. He leaves one daughter, Miss Vera A. (Vickie) Linder, and a son, James W. Linder.

Mr. Linder's other survivors include his sisters, Mrs. Edna Mae Wyatt, Mrs. Lillian Baskin, and Mrs. Mildred Moore, all of San Antonio. He is also survived by four brothers, J.W. Funeral services were held on Saturday, May 31 at 2 p.m. in addition to his family, there were many friends present. Helotes friends and neighbors took part in the final rites held at Roy Akers Funeral Chapel with Rev. Dick Haynes officiating.

Interment was at Mission Burial Park.

Mr. Linder will be remembered here as a good neighbor during

his residence in Helotes Park Estates, and as a progressive businessman.

Sympathy is extended to his family in their great loss.

## Edwards To Keep 2¢ Tax

The Board of Directors of the Edwards Underground Water District meeting in San Antonio last week expressed the district's intent to set the tax levy for 1981 at the statutory rate of 2 cents per \$100 assessed valuation.

Since, each of five counties in the EUWD sets property valuations, an increase in assessed valuation automatically increases the district's tax revenue.

Tom Fox, EUWD general manager, advised the board that Bexar County, for one, has raised the assessment ratio for tax purposes from 26% to 30% for the tax year 1980. Under the state's "Truth in Taxation" Law, the EUWD must schedule a hearing, which will be held late in June. A vote on the final levy will be made July 8.

In other action the directors voted to authorize the general manager to enter into a cooperative contract with Southwest Texas State University for the purpose of producing a water textbook for the Edwards Aquifer area 8th-grade school children and authorized an expenditure of \$40,000 as the EUWD's share of the cost.

Fox reported to the board that final cost of the San Geronimo Creek recharge dam came to \$631,158, including engineering, soil testing, materials, easements and construction since 1978. Expenditures related to this flood water retarding structure since its conception in 1971 brought the final project cost to \$648,000, he said.

Over a 50-year life of the dam, assuming 960 acre feet per year of average increased recharge, the cost per acre foot of water would be \$13.50.

## Pool Open

The Northside School District's swimming pool will be open daily throughout the summer for public swimming from 1 to 5 p.m., according to George Block, the district's aquatic director.

The pool is located at the Athletic Center on Loop 410 at Culebra.

On Monday through Friday the pool also will be open from 7:30 a.m. to 1 p.m. and 5 to 10:30 p.m. for a variety of swimming lessons and practice by student swimmers on school teams in the district.

To find out admission charges or to sign up for lessons, call 681-4021.

## Promoted

Joe Drury Wood, son of Mr. and Mrs. Charles D. Wood of Cielo Vista Drive, has been promoted to Boatswain's Mate Third Class in the U.S. Navy. Joe is assigned to the USS Hewitt, a Spruance-class destroyer, which began an extended cruise recently to Hawaii, the Philippines, Hong Kong, Singapore, Thailand, the Indian Ocean and the Persian Gulf. He is a 1975 graduate of Marshall High School and attended Southwest Texas State University before joining the Navy in 1978.

Bringing the hose inside the building are a group of volunteers. Damage is already visible on the roof and the back wall.

Smoke inhalation was an ever present danger, and firefighters here take a short break while others work inside.

(CONTINUED FROM PAGE 1)

An automobile wreck occurred with no serious injuries reported before Texas Highway patrolmen arrived to redirect the traffic.

"The response of all the depart-

ments was most valuable in assisting in fighting the fire, and the helpful aid of the Auxiliary was greatly appreciated," said Chief Chauffe.

Bexar County Fire Marshall C.W. Grantham, following an investigation at the scene of the fire, ruled arson. Fires were set with hydrocarbons along the rear wall of the structure, it appeared from evidence gathered by those investigating the cause.

Plans were announced by the owners to rebuild the projected day care center and provide a new metal fire-proof building to be equipped with smoke alarms

The inside of the building is still smoldering as firefighters continue their well-trained efforts. This view is from the front of the structure.

On duty to help prevent dehydration and to aid the firefighters in their efforts are the members of the Auxiliary, who train to be available in such an emergency.

and built-in fire extinguishing equipment.

Mr. and Mrs. Horne said, "We sincerely appreciated the valiant efforts of all fire fighters in a very hazardous situation."

## Ladies Auxiliary Aids Fire Fighters

During the recent fire May 27, at A Little Dinky Schoolhouse, the Ladies' Auxiliary of the Helotes Volunteer Fire Department was also called into action. At a Little Dinky Schoolhouse, the Ladies' Auxiliary of the Helotes Volunteer Fire Department was also called into action.

Helen Widner was first on the scene with ice water for the firefighters. Within minutes of being notified, Dixie Killian, Ardith Beckman, Mary Cuellar, Marsha Schoolcraft, Eunice and Tom Stout, Kay Riley and Dorothy Shade were bringing containers and supplies to the Fire Station to prepare sandwiches, pack cookies, cold drinks, and coffee to take to the weary fire-fighters.

Transporting of supplies to the site of the fire was promptly provided by Betty Ade.

On the scene, Helen Widner, Carolyn George, Marjorie Beatty, Rose Belto, Diana Manschot, and Mary Covarrubias, along with other alert members of the community, promptly handed the fire-fighters the needed refreshments and moral support.

There are a number of the members who are also trained fire-fighters, who helped fight the fire.

"The Auxiliary needs participating members for both emergency and non-emergency functions and will also welcome inactive contributing members", according to Dorothy Shade, president. Interested parties are asked to contact membership chairman, Diana Manschot, 696-8060.
