PERMIT NO. 1

APRIL 4, 1980

Person-to-Person

Ah, it is Spring—with Easter and elections and showers and Little League practice and wild flowers (not their best year but they are there if you look) and the entire community readying for the 1980 Cornyval.

Mr. and Mrs. Sherwood Nelson were in Washington, D.C., last weekend for a reunion of Sherwood's family. They planned to take in all the sights in the nation's capital.

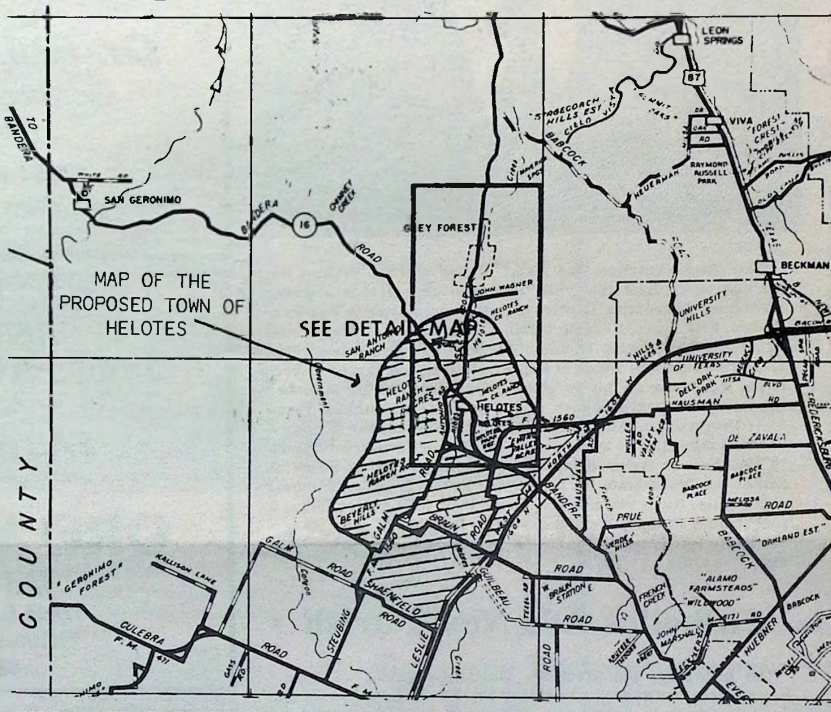

Almost any afternoon or evening this week you could find some people from Helotes attending the showings of "Little Miss Marker" in San Antonio. The consensus was that Sara Stimson was a delight in the title role, and overall the picture was good—funny and whimsical and clean.

The new favorite place for Helotes people to meet and eat and talk over the Sara Stimson movie and other local topics is the Helotes General Store Bar-B-Q. It's an ambient setting enhanced further by the friendliness of the owners, Corbin and Wanda Terry, their daughter Geri, and their son and daughter-in-law Dennis and Ginger.

Pam Mason, a Clark High School senior, has been named a 1980 finalist in a Presidential Scholars Program, and is awaiting word as to whether she will be selected to go to Washington, D.C. Pam is the daughter of Mr. and Mrs. William L. Mason, 3702 Inwood Forest.

Bill Rollwitz is first president of UTSA's first national honor society, Upsilon Pi Epsilon, for outstanding computer science students. The UTSA chapter was chartered late last month.

'City Of Helotes' Drive Steps Up

Incorporation Party To Be Held April 13

The move to incorporate the Helotes area as a city picked up considerable speed this week.

An overflow crowd at a meeting of the Helotes Park Homeowners' Association Thursday night, March 27, in the Helotes Hills United Methodist Church was almost unanimous in its support of incorporation.

On Tuesday this week the Helotes Citizens Committee for Incorporation met with Rep. Don Rains in Helotes and enlisted his support to sponsor special legislation if necessary to permit the incorporation, in the next session of the State Legislature.

Meantime, the Committee for Incorporation announced that a party will be held on Sunday, April 13, to "explore the advantages and disadvantages of incorporation vs. annexation by San Antonio." The party will be held at the Lazy Oak Ranch (former Penfold property) at the corner of Bandera Road and Loop 1604. It will begin at 1 p.m.

Announcements of the party invited residents of Helotes Park Estates, the Helotes business communities, Helotes Creek Ranch, Helotes Ranch Acres, Beverly Hills and Evans Valley.

As proposed at the meeting at the Methodist church, the new city of Helotes would have an area of nine square miles along both sides of Bandera Road from the San Antonio Ranch New Town on the north to Loop 1604 on the south and from Shaenfield Road on the west to Grey Forest on the east.

The assessed valuation of property in this area was said to be approximately \$50 million based on Northside School District's evaluations.

The committee recommended an annual budget of \$115,000 for the new city. Approximately \$35,000 of this budget is expected to be provided from franchise tax revenues on City

[CONTINUED ON PAGE 7]

Miss Helotes Deadline To Be April 8

Deadline for entries in the Miss Helotes 1980 competition has been extended to April 8. Entry blanks are available at Ella's Beauty Parlor, Helotes Park Florist & Gifts, Klipz 'n Kloze Boutique, and the counselor's office at John Marshall High School.

Fifty-two booth spaces on the street in Downtown Helotes have been sold with only 15 more available.

These were two of the items reported at the meeting of the Helotes Spring Festival Association Monday night at Floore Country Store.

All other preparations for the 1980 Cornyval to begin April 30 and run through May 4 are well underway—including the association's float for the Battle of Flowers Parade in San Antonio the week before, the beer

booths, sanitation, carnival, publicity, and the Cornyval parade.

President Jim Benke announced that the association will meet each Monday night in April to continue work on the Cornyval. The meetings will begin at 7:30 p.m. at Floore Country Store.

March Rain Still Lags

Rainfall for the month of March in the Helotes area totaled 1.95 inches, reported Henry Brauchle, rancher and long-time weather observer. Of this total 1.8 inches fell on one day toward the end of the month. The total for the year now is 3.55 inches, Mr. Brauchle said.

VIA Service Will Begin On Monday

VIA bus service to Helotes will begin at 5:43 a.m. Monday, April 7, when the first Metropolitan Transit bus departs the intersection of Scenic Loop and the Old Bandera Highway.

Three other departures will follow at 6:23, 7:06 and 7:46 a.m.. Service then will be resumed in late afternoon.

A Park and Ride facility has been set up on the parking lot of Our Lady of Guadalupe Church on Riggs Road. Other stops in the area will be at Bandera Road and Diamond K Trail, in front of Helotes Park Plaza, at the Helotes Hills United Methodist Church, and on Galm Road near the fire house.

The one-way fare will be 50 cents for adults and 25 cents for children age 5 through 11.

Rejoice THE SPIRIT OF EASTER IS UPON US...

Grey Forest Election Has 5 Write-Ins

For a city almost without candidates last month, Grey Forest this week had become a hotbed of politics with at least five write-in campaigns going for mayor and council posts in the city election on April 5.

The only candidate to file before the March 5 deadline was Sandra Schneider-Costello, seeking re-election to a city council post.

Now Mrs. Costello is opposed by Harry Drought, real estate man, for Place 4 on the council; Stephen Simpson, retired businessman, is running for mayor; Matthieu Vyverman and Jean Normand are competing for Place 2; and Billy Cornwell has a write-in campaign going for Place 1.

The polls will be open in the Grey Forest City Hall tomorrow from 7 a.m. to 7 p.m.

Simultaneously, the polls will be open at Helotes School and six other Northside District facilities for the election of three school board members. Two incumbents, Robert M. Garza and William J. Thornton, are unopposed, while four candidates are trying for the other place open on the board. They are Sam C. Godfrey, L.C. Kelly, Martin L. Meltz, and John Scott. Scott is a former resident of Grey Forest.

The winners in both the Grey Forest city election and the Northside District trustees election will be installed next week.

Rains Seeks Fourth Term

State Representative Don Rains of San Marcos, seeking re-election to his seat this year, has been actively campaigning throughout Legislative District 45, which encompasses Bandera, Blanco, Frio, Hays, Kendall, Medina and a portion of Bexar counties. He was in Helotes Tuesday. The legislator presently serving his third term in the House of Representatives, has earned respect in the legislature for his integrity and for his expertise in higher education and rural problems. He is a graduate of Southwest Texas State University, and has ranching, construction and life insurance business interests. He also served in the Marine Corps from 1966-69. In 1977 he was inducted into the Agricultural Hall of Fame at Southwest Texas State for his service to the Texas agricultural community. Rains and his wife, Betty Jack, have two children, a son, Donald Patrick, 7, and a daughter, Jackie, 4 months. He is a candidate for renomination in the Democratic party primary in May.

Catholics Add New Parish

"Fine art is that in which the hand, the head and the heart of man go together."

John Ruskin

The growth of the greater Helotes area has caused a new Catholic parish to have to be formed, chiefly out of the southern part of Our Lady of

Guadalupe parish.

Fr. Ed Jach, pastor of Our Lady of Guadalupe, said the new parish will be bounded by Guilbeau Road, Loop 1604 and FM 471 (Culebra) on the north, Talley Road on the west, Potranco Road and Loop 410 on the south, and Bandera Road on the east.

"Those parishioners who are in the new parish area should make a choice of which parish they wish to belong to," Fr. Jach said. "Boundaries as such are not the sole criterion for which parish you belong to."

A name for the new parish had not been chosen.

Quail sleep at night in a closely arranged ring, with heads pointed out so they can leave in a hurry if danger approaches.

Sunrise Service Set

Three Helotes churches will join in conducting the traditional Easter sunrise service here Sunday morning at 6:15 a.m.

The place will be a hillside in Helotes Park Estates on Circle J Trail. All residents and guests are invited to this ecumenical service.

It will be sponsored by the First Baptist Church, Forest Hills Presbyterian Church and Helotes United Methodist Church.

The service will be led by

Rev. Joe Reynolds of the Presbyterian church, and the sermon will be by Rev. Bill Henderson of the Methodist church.

Following the service, breakfast will be served at Forest Hills Presbyterian church.

The three sponsoring churches will have their regular Sunday services in addition to the sunrise service. The other local churches will have their regular Sunday schedules.

Amicone-Goodpaster Wed Saturday

Mrs. Vincent Jay Amicone

In a candlelight ceremony, Miss Cheryl Emily Goodpaster became the bride of Vincent Jay Amicone at Mount Oliver Lutheran Church in San Antonio on Saturday evening, March 29, 1980. Rev. Daniel Mueller, pastor, officiated at the

exchange of the wedding vows.

The bride is daughter of Mr. and Mrs. Gordon D. Goodpaster of Leon Valley.

The bride, given in marriage by her father, wore an exquisite gown of satin organza reembroidered with venise lace. The

fitted bodice featured a portrait-neckline draped to accent short puffed sleeves embellished with lace also. Caught up with small silken flowers, a softly draped hemline finished her full skirting which fell gracefully from a natural waistline and blended into a chapel-length train.

A wreath of multicolored silken flowers skirted with edged illusion elbow-length veiling formed the bride's headpiece. She carried a lace handkerchief from Mrs. "Bucky" Burgman, the bridegroom's grandmother, and a small white Bible given to the bride by Mrs. Fred Luckey.

Her attendants wore charming organza gowns selected to complement the bride's gown. Mrs. Linda Allen, matron of honor, wore coral.

The other attendants wore a soft blue. Their gowns also had off-the-shoulder draped necklines. The A-line skirting finished in a biased-art ruffle, was caught into a bustle for the wedding ceremony.

The bride's maid of honor was Ms. Sheila Sharp of Antonio Road here.

Serving as maids of honor were Nancy Raba of Bryan, Texas; and Diane Hurt and Phyllis A. Hilliard, both of San Antonio.

Serving as the bridegroom's best man was Melvin Amicone. His groomsmen included Keith Camp of Laramie, Wyoming; and John Faircloth, Bret Hunt, and Al Hurt, all of San Antonio.

The wedding was photographed by Homer Davis, a friend of the bride's parents.

The wedding reception was held at the Lackland Air Force Base Officers Club Ballroom

immediately following the ceremony, with a dance featuring The Country Suede.

The bride is operations manager at San Antonio Area Central Credit Union. She is well-known here, having represented the community in many social and civic functions as Miss Helotes 1975.

The bridegroom is an engineering consultant for Raba/Kistner Consulting Engineers.

Following the honeymoon in Washington, D.C. where they were to be honored by friends, former San Antonio residents, they will be at home in Helotes, Texas.

Pioneer Day Is April 8

The sixth annual Pioneer Day in Leon Valley will be celebrated on Tuesday, April 8. It will honor the fire fighters who have served the area since pioneer days.

A special program to recognize the fire fighters will take place at 7:30 p.m. at the Leon Valley Grange Hall on Echert Road next to John Marshall High School.

The public is invited.

"The busy have no time for tears."

Earl Holliman Stars

Earl Holliman is now starring in one of America's classic comedies, "Arsenic And Old Lace" at the Fiesta Dinner Playhouse on Loop 1604. Earl, born in Louisiana, raised for a time in Texas, returned to San Antonio a little over two years ago to help establish the only professional equity dinner theatre in the River City. Earl had always wanted a career in show business and after a stint in the Navy, he settled in Hollywood. He began studying drama at USC and the Pasadena Playhouse, and soon progressed to one-liners and small parts in a number of movies. Earl established his prominence on the Hollywood scene by winning the Hollywood Foreign Press Association's Golden Globe for best supporting actor for his co-starring role with Katherine Hepburn and Burt Lancaster in "The Rainmaker."

Aquifer Tour To Be May 6

The Edwards Underground Water District and the City Water Board of San Antonio will sponsor a tour of the Edwards Aquifer area on Tuesday, May 6.

Sights the tour group will see include springs that form the headwaters of the Medina River, Medina Lake, and the new San Geronimo Creek recharge dam. Stops also are scheduled at Bandera for refreshments and at Castroville for lunch.

Persons interested in making the tour are invited to call the Edwards Underground Water District office, 222-2204. Cost of the bus trip and lunch will be approximately \$15.

Representative Garcia Is Picked

House Speaker Bill Clayton has named Rep. Matt Garcia of San Antonio to a Select Committee on Products Liability and wants the committee to recommend needed changes in Texas law at the next legislative session.

Additionally, Clayton asked six private citizens representing attorneys and insurance to serve as an advisory committee.

"Products liability law in Texas is too complex and uncertain as it now stands and the need for change is apparent. Product liability insurance in the state is extremely high in cost and has caused many business persons to quit business and has forced other businesses to pass the cost of the insurance on to the consumer. If there is a better way to resolve the situation we need to find it," Clayton said in making the announcement.

Attorneys on the advisory committee are James L. Branton and Jack Hebdon, both of San Antonio and Michael T. Gallagher and James B. Sales, of Houston. William H. Huff, a Dallas insurance executive, and Lyndon Olson, a board member of the State Board of Insurance, complete the advisory group.

The committee will complete its report prior to the start of the 67th Legislature in January of 1981. In making its study, the Speaker directed that the laws of other states be considered and that any recommendations include equitable liability coverage and claims settlement.

"Talk not of wasted affection; affection never was wasted." Longfellow

Political Announcement

State Representative Don Rains has authorized the announcement of his candidacy for re-election to the Texas Legislature as representative of Legislative District 45, including Bandera, Blanco, Frio, Hays, Kendall and Medina counties and a portion of Bexar County, subject to the State Democratic Primary in May and the General Election in November.

Rep. Rains presently is serving his third term in the House of Representatives and sits as Vice-Chairman of the influential House Appropriations Committee. He has been Vice-Chairman of both the Higher Education Committees and a member of the Agriculture Committee.

A graduate of Stark High School in Orange, Texas, he attended Navarro Junior College before receiving a Bachelor of Science Degree from Southwest Texas State University.

Rains' community interests

include membership in the U.S. and San Marcos Chamber of Commerce, First Presbyterian Church, past president and current board member of the Hays County Farm Bureau, Texas Association of Life Underwriters, and the Texas and Southwestern Cattlemen's Association.

When asked about his candidacy, Rep. Rains explained, "The upcoming session of the Legislature will be responsible for the reapportionment of voting districts for the next decade. Since approximately 80 per cent of the people now live in urban Texas, representatives from rural districts such as District 45 must be strong and experienced to insure that the small communities and rural areas are not ignored. I believe that I am the only candidate in the race with the necessary credentials."

(Political Adv. paid for by Rains for Representative, P.O. Box 1348, San Marcos, Texas 78666)

Utilities Gets Board

The Grey Forest city council appointed five residents to be the first members of a new board of trustees created for the Grey Forest Utilities.

They are Willard A. Muir, C. O. Brown, Claude Yeager, Sheila Cheaney, and the mayor of Grey Forest. The mayor currently is Virginia Springer, but she has not filed for re-election.

"The new board will become operational as soon as this new form of operating the utilities has been accepted by the U.S. Department of Housing and Urban development, bondholders for the utilities," Mayor Springer said.

Tradition has it that daisies came to America with the hay brought to feed the horses of Gen. John Burgoyne's army during the Revolution.

Lawyers To Make Award

The San Antonio Young Lawyers Association invites nominations for the Liberty Bell Award to be presented by the association to a non-lawyer at the Law Day celebration on April 30.

The award is designed to give public recognition to a layman for outstanding community service in all fields of endeavor except law.

The deadline for nominations is April 15, and should be sent to David Prichard, Chairman, Liberty Bell Committee, 2000 Frost Bank Tower, San Antonio 78205.

Nominations should include a biographical sketch of the nominee, a resume of his or her accomplishments, a copy of any publications or newspaper articles, and photograph of the nominee.

Thank you for your vote of confidence and support over the past two years. I would appreciate your continued endorsement and vote for City Council.

On The Grey Forest Trailwalk

The First International Grey Forest Trailwalk on March 8 and 9 drew more than 900 entrants and earned a profit of \$2,000 for civic activities. Mrs. Cynthia North, Trailwalk chairman, reported this week. Above, two trailwalkers come down from Krempkau Divide on Scenic Loop Road, on the last leg of the longer of two trails used. The longer was a 15-mile walk from Grey Forest to Leon Springs and back via Cielo Vista Drive and Boerne Stage Road. The shorter was a 6-mile walk within Grey Forest.

A trailwalking family from Houston pauses on a scenic Grey Forest road to have their picture made. Trailwalking is a new fast-growing international non-competitive, family-oriented sport which began in Germany. The Grey Forest event was officially sanctioned by the American Volkssport Association, with headquarters in Fredericksburg, and the International People's Sports Federation. Those who made the 6-mile walk received a silver medallion, and those who made the 15-mile walk a gold one.

This is part of the larger number of cars belonging to the trailwalkers parked around the Scenic Loop Club Youth Building, where the walks started and ended. A similar crowd is expected in Comfort this weekend for an Easter Trailwalk there. It will be Comfort's second. Comfort has been claiming to be the smallest town in the nation to have a trailwalk, but apparently they hadn't heard of Grey Forest with its approximate 500 total population.

Mrs. Louise Nottingham, right, one of the many Grey Forest locals who participated, prepares to enter the car of her friend, Mrs. Shirley Cotton, left, for a ride home after completing the Grey Forest Trailwalk. She said that she had a wonderful time and felt great. The two-day event also brought people to Grey Forest from throughout the state—most for their first visit here. Plans are underway to repeat the event next year, Mrs. North said.

B-Boppers Enjoy Picnic

The Helotes B-Boppers is the name selected for the new adult exercise class meeting each Thursday at 10 a.m. in the PARC Building at the Helotes Hills United Methodist Church.

Mrs. Nadine Hartman is instructor with Mrs. Edith Taylor as assistant. All ladies in the area are invited to join. The next meeting will be Thursday morning, April 17 (the April 10 session will not be held due to Silver Belles meeting on that date).

Last Thursday, the group met at PARC and then went to the Lakehills Civic Building at Medina Lake for their session. Following the exercise session, the 32 class members went to Mrs. Hartman's home nearby on Upper Medina Lake for a picnic.

"The group is dedicated to growing younger and having fun, too," Mrs. Taylor said.

Did You Know. . . .

That Bingham Canyon, the largest open-pit copper mine in North America, is located on the outskirts of Salt Lake City?

That Norfolk's naval base is the nation's largest and headquarters for both the Atlantic and the Mediterranean fleets?

That on top of Red Mountain, in Birmingham, Ala., stands the world's largest iron man...a 55-foot statue of Vulcan, the mythological god of iron-making?

'Rey Feo' Parade To Be April 19

A new major street parade, opens San Antonio's Fiesta, 1980. The Paseo del Rey Feo (the Parade of the Ugly King) will follow the traditional parade route and will begin at 1:30 p.m. on Saturday, April 19.

This new parade will showcase the reigning Rey Feo, Logan Stewart, the well-known radio commentator on KTSA. The Queen of LULAC Council No. 2, on a striking float, will be started also in this new Fiesta event.

Mariachis, Charros on horseback, bands, visiting VIPs, and dozens of other entries will round out this new event.

Tickets are available at Joske's.

Incorporation

(CONTINUED FROM PAGE 1)

Public Service and Southwestern Bell Telephone Company operations in the area, plus federal revenue sharing income.

The additional \$80,000 needed would be raised by a property tax of 16 cents per \$100 assessed valuation on 40% of assessed value. The current property tax in San Antonio is \$1.65 per \$100 valuation on 45% of assessed value.

The first official step in the incorporation process will be to petition the city of San Antonio to allow the Helotes area residents to call an election on incorporation. Permission for the election must be requested of San Antonio because the Helotes area is in the extra-territorial jurisdiction of San Antonio. State law gives San Antonio control of this five-mile wide band outside San Antonio's city limits.

If San Antonio gives permission, the residents then petition to the County Judge to set the election. If the majority of area citizens vote for incorporation in the election, incorporation quickly follows.

If San Antonio does not give permission for the election, two recourses are open. One is to go into court and ask the election be authorized without the big city's permission. The other is to seek special legislation to permit the election.

Rep. Rains said this week that he believes the legislation route is the better route, and he was confident that it would be successful.

The Committee for Incorporation said there is now widespread support for incorporating the Helotes area into a city. "Helotes is a community with a unique history and an established identity. Helotes has long had its place on state maps and has had its own post office for more than one hundred years. It is served by its own telephone book, by a community newspaper, and has an annual community festival," they said.

Woodman, Spare— What Tree?

A much-asked question here this week was, "What's a 'J. I. tree?'"

Some anonymous environmental conscious person put a sign on a tree on Scenic Loop Road near the intersection

with Menchaca-Wagner Road. The hand-lettered sign reads: "Endangered species—rare J. I. Tree—Do not cut."

The tree is quite tall, has a slender trunk, bark with small mottling, and—as yet in the ear-

ly Spring season—no leaves.

"Rare J. I. Tree" sounds important. But what is it? Not a Judas Iscariot tree, as somebody suggested. The Judas tree is the redbud tree, which looks much different.

Somebody else remarked that the sign on the tree wasn't doing much for the environment. But the sign is temporary, and the tree—any tree—isn't, most people hope.

NEW BUS ROUTES.

NEW EXTENSIONS TO ROUTES.

Effective April 7, 1980, VIA carries more of Bexar County!

These new routes and extensions operate Monday through Friday during peak hours. Don't forget, you can transfer easily to any route in the VIA system, including the Loop Express #550 and #551.

NEW ROUTES

#87 Helotes P&R Express — service between Helotes and Wonderland P&R via Loop 410, Bandera Rd.
#94 Leon Springs P&R — service between Leon Springs and Wonderland P&R via IH-10.
#609 Ingram Mall/Marshall Meadows — circulator service between Ingram Mall and Marshall Meadows via Timberhill and Eckert Road.
#610 Emerald Valley/Timber Ridge — circulator service between Timber Ridge and Emerald Valley subdivisions via Grissom, Ingram Mall, and Culebra.
#616 Southwest — circulator service between Southwest and St. Vincent de Paul P&R via Pearsall Rd.
#627 China Grove/Martinez — circulator service between Eastwood Terrace and Dellcrest, via St. Hedwig Rd., F.M. 1516 U.S. 87.
#630 Windsor Park/Woodlake — circulator service between Mission Hills, Woodlake subdivisions and Windsor Park Mall P&R via Midcrown, Rittiman, and F.M. 78.

EXTENSIONS

#2 Parliament Square — extended to Hidden Forest subdivision via Blanco, Bitters.
#11 MacArthur Terrace — extended to Fox Run subdivision via Nacogdoches, Fountainwood (Woodstone sub.) and Stahl Rd.
#42 Villa Coronado — extended to Losoya via U.S. 281 and S. Flores.
#48 S. Park Mall Express — extended to Von Ormy P&R via IH-35.
#52 Palo Alto — extended to King's Point subdivision via Hwy. 16 (passes 4th zone (F.M. 1604)).
#92 Babcock North — branch extended to Babcock North subdivision via Fred. Rd. and Prue Rd.
#97 Castle Hills — extended to Univ. Oaks via Lockhill-Selma and DeZavala.
#505 Wonderland/Windsor — extended from Windsor Park Mall to Camelot II subdivision via Montgomery Rd.
#512 Broadway Plaza/McCreless City — extended from McCreless City to Greenway subdivision via S. Presa.
#515 Kelly AFB/S.E. Bapt. Hosp. — extended to Lone Oak via Sulphur Springs Rd., F.M. 1604 and U.S. 87.

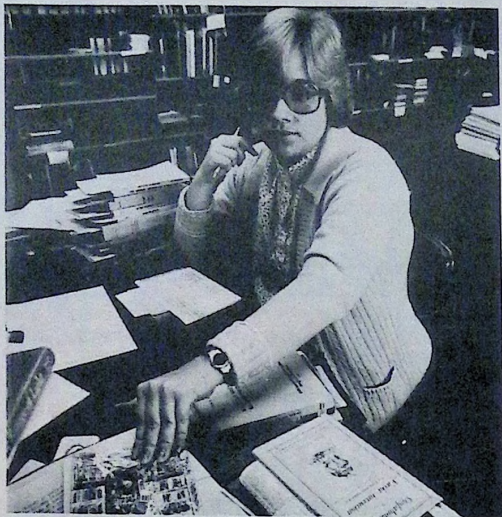

FOR INFORMATION: 227-2020.

UTSA Library Acquires Rare Latin-American Collection

Cataloging the 5,000 volumes of the Johnson collection, a private library of Spanish and Latin American literature, criticism, history and linguistic materials is a slow but important process. Terri Prudhomme, library assistant I at UTSA's John Peace Library, is responsible for cataloging all literature, which includes the bulk of the collection. UTSA's library acquired the private library with funds provided by the George F. Brackenridge Foundation.

(Photo by John Poindexter)

The carefully collected 5,000-volume library of retired Spanish and Portuguese professor has been acquired by UTSA's John Peace Library.

The collection of Dr. Harvey L. Johnson, a former faculty member at the University of Houston, Northwestern University, Rice Institute and Universidad Mayor de San Andres, represents "a phenomenal contribution to UTSA's capability for faculty and student research," according to Dr. Beverly J. Gibbs, professor of Spanish and acting director of the Division of Foreign Languages.

Included in the private library are Spanish language materials from all of the Latin American countries as well as Spain. Literary texts, many of which are autographed, and grammar, rhetoric and linguistic books are among the components which, says library director Dr. Micheal Kelly, "make up a comprehensive and well-balanced collection."

Since Dr. Johnson's special interests were Spanish-American literature, the history of the theatre, his library contains many works on these subjects. A major core of the collection consists of original and critical works such as plays, dramatic interpretations and works on or by the "generation of 1898," a group of renowned Spanish authors.

Some of the volumes provide a chronological index of modern literature from the 17th century to the present, and there are many English and Spanish history books. Also, some Portuguese and Brazilian materials are among the volumes.

Some of the 800 books on Mexico deal with Mayan and Aztec civilizations. Materials on Mexico also include histories, novels of the 19th century and Mexican Revolution, 275 plays predominantly from the 19th and 20th centuries and poetic works.

Dr. Johnson lived in South America and traveled extensively through Latin America. He obtained many books during his travels which would be difficult to acquire through normal channels because most are out of print and no longer available.

The collection is currently being cataloged and rebound, according to Ann Thompson, coordinator of collection development at UTSA's library, and will be placed in main stacks for maximum accessibility to students, faculty and the public.

The new acquisition significantly enriches the John Peace Library's holdings which number over 200,000 volumes. The collection was obtained with funds provided by the George F. Brackenridge Foundation.

The largest-known sapphire weighs 916 carats.

Marshall Principal Wins

Fred Scheiber, Marshall High School principal, has been named 1980 Administrator of the Year by the Texas Association of Journalism Directors at the annual awards banquet in Austin recently. The award was made by Susan Komandosky, Director of Public Affairs for the journalism association. Scheiber was nominated for the award by A.W. Johnson and Pat Longoria, Marshall journalism teachers, for his support of scholastic journalism programs in Texas.

"We're the competition, we have to offer you more for your money."

---	--	--

Bunnies, chicks, flowers, springtime weather and baskets filled with candy treats. All these things and many more make Easter a day of joy that brings family and friends together. This delightful Easter Basket Cake is a colorful way to make your Easter dinner more special—and what a surprise for the children. Best of all, you'll be pleased at how easy it is to make and how little time the decorating takes from your busy Easter schedule.

A fluffy Angel Food Cake with Creamy Butter Frosting

- 1 cup sifted cake flour
- 1½ cups Imperial Granulated Sugar, divided
- ½ teaspoon salt
- 1½ cups egg whites (10 or 12)
- 1 teaspoon cream of tartar
- 1 teaspoon vanilla extract
- 1 teaspoon almond extract

All ingredients must be at room temperature and all equipment must be free of grease (if in doubt, wash utensils and pan with soap). Preheat oven to 325° F.

Sift flour with ¾ cup Imperial Granulated Sugar. Add salt to egg whites and beat until foamy. Sprinkle cream of tartar on egg whites and continue beating until peaks are stiff but not dry. Carefully fold remaining ¾ cup Imperial Granulated Sugar into egg whites, 2 tablespoons at a time; fold in vanilla and almond extracts. Sprinkle flour and sugar mixture over batter, a few tablespoons at a time, folding in gently. Transfer batter to ungreased 10" tube pan. Bake in preheated 325° F. oven about 50 minutes or until top springs back when touched with fingertip. Invert pan immediately and allow cake to cool one hour before removing from pan.

TO MAKE BASKET: To make a nest for candy eggs and decorations, cut a sloping slice from edge of cake to center. Cut center no deeper than ½-inch. Use cut-away cake to fill center hole made from tube pan. Frost top and sides of cake with Creamy Butter Frosting.

CREAMY BUTTER FROSTING: Combine 1-pound box (4 cups) Imperial 10X Powdered Sugar, 3 tablespoons soft butter or margarine, 1 teaspoon vanilla, ¼ cup light cream or milk and a few drops yellow food color (to make pale yellow basket color). If necessary, adjust sugar or cream for proper consistency. Frost top and sides of cake. After spreading frosting on cake, let dry about 10 minutes before making basket weave pattern. To make basket weave pattern in frosting, draw inch-long horizontal and vertical lines in frosting with tines of fork. Cover top of basket with grass (green-tinted coconut).

TO MAKE GRASS: Put coconut and a few drops of green food color in plastic bag and work with hands until coconut is uniformly tinted. Fill basket with jelly beans, decorated eggs or Easter decorations.

TO MAKE BASKET HANDLE: Make handle of pipe cleaners or coat hanger. Wrap with several strips of aluminum foil. Then wrap handle with pastel yellow ribbon, securing ribbon with cellophane tape. Tie pink ribbon on top. Press handle into top of basket cake.

NEWS OF BEAUTY

SKIN MORE SENSITIVE THAN YOUR FEELINGS

Most people associate the word "sensitive" with feelings. When it comes to your skin, however, the word "sensitive" assumes a new meaning. According to Dr. Peter Hebborn, Vice-President of Research & Development for Owen Laboratories, manufacturers of Allerceme Hypoallergenic Cosmetics, many women, at sometime in their lives, experience a cosmetic sensitivity, but fail to recognize the problem.

Does your skin feel itchy? You could be sensitive to the soap you are using. Does the moisturizing lotion you use cause a stinging sensation after you've applied it? You may be experiencing a sensitization reaction to that particular treatment product.

"These reactions are not uncommon" explains Dr. Hebborn. "In fact, several different ingredients in cosmetic formulations have been proven to cause reactions in different people. Most common of these sensitizing ingredients are fragrances and frequently lanolin. Use of a product, such as Allerceme's Special Formula Dry Skin Lotion, can help eliminate these types of reactions, because the product does not contain either lanolin or fragrance. It's gentle and soothes and comforts dry skin without creating irritation."

HOW A PART-TIME JOB CAN MAKE YOU FEEL RICH.

It isn't hard, when the job is with your local Army Reserve unit. As a Reservist, you may find yourself working in medical treatment facilities. Or improving the local environment. And that's only part of the job. Another part is caring for the well-being of your country. You'll earn a good extra income, too. For details, contact your Army Representative, listed in the Yellow Pages under "Recruiting."

MEET TODAY'S ARMY RESERVE.

The Southwest Craft Center's Fiesta Arts Fair will open on the grounds of the restored Ursuline Academy, 300 Augusta, 12 noon. Admission \$2.50 for adults and 50 cents for children. The fair will continue on Sunday, April 20, from noon to 6 p.m.

THURSDAY, APRIL 24

The Society for the Performing Arts and the San Antonio Ballet Company will co-sponsor the San Antonio premiere of the movie, "Nijinsky," at the Galaxy theater complex, Loop 410 at the Austin Highway, 8 p.m. Tickets are available at Joske's, 227-0096.

Earliest Indians Were Not Hunters

In 9500 B.C., how did the ancestors of American Indians live along Coeto Creek in Goliad and Victoria counties? That is one of the key questions which archaeologists from UTSA's Center for Archaeological Research are studying. The Coeto Creek site has been documented through radiocarbon dating as one of the oldest in South Texas.

Last summer, UTSA archaeologists recorded some early strata at a depth of more than 25 feet. This promoted a thorough study conducted by Ken Brown in November and December.

Brown and his crew of four searched for cultural information and deduced from the intra-site activity that these Indians were probably not "big game hunters," the typical inhabitants of the period. "At this point," said Brown, "it cannot be determined whether the small, field-mouse-sized animals whose bones we found were used as food or wandered into the site at another time and died there. The mussel shells, however, show definite signs of having been smashed, and part of a turtle shell we unearthed bears flint-flake cuts.

"We feel that it is significant that no large animal bones or projectile points were found at the site," Brown continued. "Perhaps big game hunting was an infrequent occurrence in this area during the terminal Pleistocene period, and these Indians were nomadic hunters and gatherers who depended on mussels, rodents and other small creatures for their subsistence. Certainly these findings are less spectacular than the human and mammoth, mastodon and bison remains attributed to the same era and found in the Great Plains and the Southwest," Brown added, "but our findings give a more balanced picture of life at that time."

Some charcoal samples recovered from the site were submitted to experts at The University of Texas at Austin's radiocarbon laboratory at Balcones Research Center. They dated the 11,500-year-old pieces of charcoal which were originally unearthed.

Other materials have been submitted to experts for their examination and evaluation. Among the samples collected are chert flakes, bones of small animals, snail and mussel shells and plant phytoliths

(particles of opal found in many species).

Brown feels that the coming months will bring interesting reports on the site from the experts, and that there are many things which the UTSA ar-

chaeologists will learn. However, it will probably never be known if the ancient Indians who often inhabited the site had a lifestyle similar to the Arana Indians who lived in the area during later times.
