VOLUME IX, No. 11

HELOTES, BEXAR COUNTY, TEXAS — 10 CENTS PER COPY

JUNE 21, 1974

Person-to-Person

Hill Country visitors are especially welcome during the Fourth of July celebration, when those from the greatest distance are likely to attend local celebrations quite unique to this part of the country. In addition to swimming in spring-fed pools, there are country rodeos, unrehearsed in drama, plenty of clan gatherings at barbecues, fishing trips, and dances. Of course, Comfort will be host to all at their annual Homecoming celebration June 29-July 4 with all the trimmings.

Incidentally, Helotes is scheduled to be represented by the Miss Helotes float with Miss Julie Walz, the current titleholder and her court. So, if you haven't too many other plans, that is the place to be.

Mr. and Mrs. Gary Richards are the proud parents of baby girl born June 1 at Hill Country Memorial Hospital in Fredericksburg, Texas. The little lass weighed four pounds, one ounce.

This is the favorite time of the year to close the generation gap as grandparents get re-acquainted with their grandchildren on a day-to-day basis. Or as we used to say—"going to visit grandma and grandpa." Young grandparents enjoying a visit from their grandchildren and Martin and Valda Terry, and young visitors are Terry, Kenny, and Donnie Ewald, their daughter's children.

Mr. and Mrs. Henry Brauchle have just returned from a fabulous trip to Anchorage and Fairbanks, Alaska. They went by plane, bus, train, and boat and saw the icebergs of the North waters, and the old gold rush mines at Skagway. They were four days on a boat, and then returned to Vancouver, before returning to Texas.

Sympathy is extended to Mrs. Alice Summers, who recently lost her oldest brother, who died in Mexico City. She was fortunate to be visiting there before his passing from an illness of some time. He is survived by other brothers and sisters as well and several children in addition to his widow.

Martha Whitley, who suffered injury to her wrist and ankle in a fall, is reported on the mend.

Grey Forest Changes Minimum Lot Size

Western riders in barrel races were there, too, but a real crowd pleaser at the recent Festival Horse Show—sponsored by the Rough Riders Saddle Club—was the English Pleasure Class with its very well-groomed group of riders and mounts. Here a rider takes her horse through its paces for the judges.

A Grey Forest ordinance regulating building lot sizes passed several years ago was amended at the June 17 meeting of the City Council increasing the required size of the lot from a minimum of 20,000 square feet to 30,000 square feet by unanimous vote.

The Council members explained the move as an effort to aid in protection of the aquifer.

Lots in Grey Forest are frequently 50 feet by less than 100 feet and in the past 6,000 square feet often constituted the entire holding of a homeowner.

It was explained in an open session that those holding lots upon which no structure has been erected will not now be able to build on a single lot of that size. If the lot size approximates 30,000 square feet however, variances may be requested from the zoning and planning board headed by Jerry Adams, and may be granted.

An anticipated gas hike was also announced by Mayor Ed Faust who said everything was being done to keep the costs down.

Most action on budgets were postponed until after Saturday's election on the tax question being set on June 22.

A citizen appeared at the end of the meeting to tell of vandalism and harassment by small boys. A burglary was also reported, and steps to increase the citizens vigilance were discussed.

Edward Salazar To Be Ordained

Edward Salazar, S. J., will be ordained to the priesthood by Bishop Patrick Flores Saturday, June 22, at Our Lady of Guadalupe Church in Helotes. He will celebrate his first Mass there on Sunday, June 23, at 11 a.m.

Rev. Salazar, who has been studying at the Jesuit School of Theology at Berkeley, Calif., was born on June 30, 1944, to Mr. and Mrs. Henry Salazar in San Antonio. He attended Leon Valley Elementary School and Northside (Now Marshall) High School, graduating in 1962.

He entered the Society of Jesus

at Grand Coteau, La., August 29, 1962, and spent four years attending the University of Southwestern Louisiana at Lafayette. In the following two years he studied philosophy at Spring Hill College in Mobile, Alabama, graduating with a Bachelor of Arts in Spanish. He spent summers from 1966 to 1971 at the University of Iberoamericana working on his Master's degree in Spanish and Latin American Literature.

He also spent three years as a teacher at Jesuit High School in El Paso. After completion of his Master's thesis in 1971, he spent two years in Barcelona, Spain, studying theology.

His ordination is the first one to be held in the present Helotes Catholic Church, which he attended during his formative years.

UTSA Adds Four Degree Programs

The UT System Board of Regents approved Friday, June 14, four new degree programs for The University of Texas at San Antonio.

UTSA had requested approval for a Bachelor of Arts degree in psychology; Bachelor of Arts degree in criminal justice; Master

of Arts degree in education with concentration in educational psychology-guidance and counseling; and Master of Arts degree in education with concentration in educational psychology-special education.

UTSA President Peter T. Flawn said the criminal justice program would be an applied, problem-oriented program.

Presently UTSA is authorized to offer 13 master's degree programs and 27 undergraduate programs.

Following the Regents' approval, the programs will be submitted to the Coordinating Board, Texas College and University System.

Mrs. Annie Benham who was recently hospitalized is improving and has been released from the hospital. She was accompanied home by her sister.

Reservists Train With AACOG

The Alamo Area Council of Governments has accepted the offer of the 321st Civil Affairs Group, made up of more than 100 officers and enlisted men, to spend their summer encampment working on specific research projects in 12 area counties. Begun June 16, the summer training goes to June 29.

Primary goal of the reservists will be compilation of data. A survey of the region's police, courts and corrections will be conducted by the 321st Government section. The Economic section will interview employees at area Chambers of Commerce, and financial and educational institutions to determine how these can be used for economic development in the Alamo region's 11 rural counties.

The Public Facilities section will work with AACOG staff to survey housing, dumping practices, the size and location of sanitary landfills, and the effects of erosion along rural roads. With the Soil Conservation Service, reserve personnel will work in parts of Medina, Atascosa and Frio Counties. And Comal, Kendall and Bexar Counties will be added to the survey if time permits.

The needs of senior citizens in ten rural counties will be studied by the Special Functions section.

Geographic base files used in the 1970 census will be updated by personnel from the Civil Affairs Group in cooperation with AACOG's staff.

The cooperative venture is being coordinated by 321st Commander, Col. H. P. Shovlin, and Al J. Notzon, III, AACOG executive director. Other officers working with the AACOG staff in summer training are Lt. Col. Julius Grossenbacher, Jr., Maj. Doyle W. Stamps, Lt. Col. Jack S. Gwyn, and Maj. Llvleonor C. Greco.

INCARNATE WORD TO SHOW FILMS

San Antonio, Texas (IWC)—The Incarnate Word College student government association is sponsoring a series of four films for the benefit of summer college students.

Films in the series are "The Professionals" on June 30, "Pete and Tillie" on July 4, "Sometimes a Great Notion" on July 21, and "Brian's Song" on August 4.

All films begin at 7:30 p.m. and admission is free.

For more information on the film series call IWC at 828-1261.

Clowns are bound almost to please everyone at a Festival—especially little ones like the little girl shown here from Leon Valley.

But others favor the costume in the original residents of Helotes—Indians who caught wild turkeys, it is said, to finish off their garb with a fine headdress.

Along Our Route

Dear Mrs. Brown,

Your recent article about H. T. Brauchle, and the history of Helotes education was fun to read, and certainly a great contribution to the history we are so likely to lose through neglect.

Thank you for printing this early profile of N.W. Bexar County schooling.

It now becomes the job of Northside School District to follow the example of early educators.

The planned major renovation of the existing Helotes Elementary building will be another step in the right direction for area youngsters.

Sincerely,
Bonnie Ellison
Office of Public Information
NISD

Once upon a time two ape-like creatures were walking down a jungle trail. A cluster of fruit had just fallen in front of them. The first creature pounced on it. Then, suddenly realizing that his companion might also be hungry, he turned toward him and by gesture said, "Have some". The second creature like-wise said, "Thank you". That was when civilization began.

Campus Life young people still need to earn money to go to summer camp. If you have any type of job these people can do, call the Campus Life-Youth for Christ office.

The week of August 3-10 100 young people from Campus Life will be attending the Mid-Western States Youth for Christ summer camp in Colorado.

During the past three summers, the public has responded generously in helping find jobs such as baby sitting, moving, yard work, cleaning, or any other odd jobs. They need your help! Call 736-4406 and help a young person go to camp.

Library At UTSA Goes Into Use

Some 150,000 books are being unpacked, identified on a computer listing and shelved in Library of Congress sequence at a library auxiliary building just completed at the UTSA campus. The books arrived in six truckloads in April from Zion, Ill., where they were stored by Richard Abel & Co., Book Sellers. In 1975, most books will be moved from the auxiliary building to the Library-Administration Building, now approximately 48 percent complete.

UTSA already has 35,000 volumes and 1500 periodicals in the graduate library in the Goliad Building at the Koger Center, where classes are held. Graduate students also have access to the books from the auxiliary building. "When the University moves to the campus, there will be no lag in library services," said Dr. Michael Kelly, Director of Libraries.

By the time UTSA admits its first undergraduate students in 1975, the University will have a library of over 300,000 volumes, he said.

Mrs. Reddix Named To Board

Her daughter is presently in Graduate School at the University of Michigan. One son is a second-year student at the U. S. Naval Academy. A son, Bruce, will enter Harvard University this fall.

The new Trustee, a native of New Orleans, has travelled widely, making homes in New York, Tennessee, Arizona and Ohio. She attends St. Luke's Catholic Church.

Northside Schools Have Additions Second Grade

The advent of summer brings an additional building effort at Northside District school construction sites.

According to NISD Engineer, Tom Powell, "Completion is scheduled this Summer for the addition of Boone Elementary School. The new wing includes 14 more teaching stations and two multi-purpose rooms. Boone's campus will be landscaped and playground equipment installed."

Pease Middle School, under construction on Hunt Lane at Potranco Rd., will open this Fall. Work continues on a new gymnasium and classroom building at

Holmes High School.

A boys gym and classroom building are being built at Rayburn Middle School, enabling the removal of temporary classrooms there.

Renovation of administration areas and enlargement of boys and girls athletic areas will occur soon at Sul Ross Middle School. Classroom and vocational buildings under construction, are to be completed in 1975.

Bidding is imminent for a new central administration building at 5800 Evers, and for "Middle School B" at Gullbeau and Tezel Roads, also.

Teacher Retires

Mrs. Irma Jobes, second grade teacher for 12 years at John Glenn Elementary School, has announced her retirement from the classroom after 34 years in the profession.

Mrs. Jobes began teaching in 1940 in Plains, Texas. She taught students in Gruver, Quanah, and Farwell prior to taking the post at Glenn. She also taught choral music and band to elementary school students.

The retiring teacher has a son in Hayward, California, and one in Binghamton, New York. She also has two grandchildren.

First Kindergarten Class Finishes

Jamie Jones, youngest son of Mr. and Mrs. Jap Jones, receives his efficiency certificate from Mrs. Ramirez, as he carries off his diploma also.

Graduation exercises for the first Kindergarten class in the history of Helotes Elementary School were held May 30 complete with mortar boards for the small graduates, and diplomas, too.

Teaching this year's classes were Mrs. Mary Olga Ramirez and Mrs. Shirley Hill. They said goodbye to the little ones who were awarded diplomas by Principal

Pizzini. Mrs. Ramirez then passed out participation and efficiency certificates, while parents watched the ceremony.

The academic year 1973-74 marked the first year of compulsory kindergarten classes in Texas with the public schools making the classes available to all.

Prize-winning CORNYVAL Parade entry of the Epsilon Sigma Alpha sorority's Helotes chapter, Alpha Rho, not only looked good but did good—raising money for the hospital made famous by Danny Thomas—St. Jude's Children's Research Hospital. Shown here are riders with their decorated bikes.

Alpha Rho Sorority Raises Money For Hospital

The local ESA chapter Alpha Rho raised over \$700 for St. Jude's Children's Research Hospital this year chiefly with the Bike Ride—the group's prize-winning entry in the Cornyval parade last month. This is the second year the local chapter of the sorority has participated in conjunction with the parade and the goal for the international sorority was set for a million dollars in three years.

The rider collecting the most money in pledges was Barbara

Jean Furr, daughter of Rev. and Mrs. Collin T. Furr of Helotes.

There were several children eligible for the drawing of the unicycle, which was won by Matthew Lowe, son of Mr. and Mrs. S. L. Lowe of Helotes Park Estates.

The Silver Belles recently observed their annual birthday luncheon with a get-together at Kuntry Fried Chicken in Boerne. Honored were Louise Carpenter, Clara Beth Roberts, Linnie Varnon, Eva Dean, Ann Graves, Marie Parrigin, Hardie Warden and Babe Gilliam. The tradition of celebrating birthdays has been observed since the Club was formed. Incidentally, the birthday of Mrs. Gilliam coincides with the founding date of the Club and special ceremonies are observed on that date. Several of the honorees are charter members. A member-guest was Mrs. Grace Edwards who now resides in Boerne.

Movie To Be Shown June 28

Alpha Rho will sponsor and show summer movies again this summer beginning Friday, June 28, at the Lions Club Parrigin Pavilion in downtown Helotes.

The first movie to be shown is "Babes in Toyland" on that date and will start about 8:30 p.m. The picture stars Ray Bolger, Tommy Sands and Annette.

Project Chairman Barbara Buel said that the refreshment stand will be open by 8 p.m., and that the price of admission will be 75 cents for adults and children over 12 years of age, and will be 50 cents for 12 year-olds and under.

Parents are also asked to accompany small children or to send a responsible person with them.

According to Publicity Chairman Gladys Jones, the movie scheduled for July 26 will be announced later.
