Registration for Greater Helotes Little League will continue Saturday morning, Feb. 6, at Ernest Kempf Park on Braun Road.

Robert L. Anchondo, Star Route, Box 129C, received a master's degree in history from Trinity University in a recent commencement ceremony.

Two local residents will teach short courses at San Antonio College this spring. Cile Murray of the Hand-maiden Shop will teach a course in stained glass pro-duction, and Jack Not-tingham of the Helotes Auction Barn will teach a course on the Texas Auctioneer Law.

The Krazy Krew Bunco Club keeps rolling along. They next will meet at the home of Norma Pittman. The January meeting was hosted by Vi Tuma. Winner of the Bunco Prize was May Roan. Other winners: Vi, first prize; Boots Hadlock, second prize; Eleanor Nelson, booby prize; and Jerry Coghill, consolation prize.

The officials of the City of Helotes invites all to an open house Sunday afternoon, Feb. 7, from 2 to 5 o'clock, at their temporary city hall quarters in the Helotes Volunteer Fire Department building. Councilwoman Verna Thompson said for everybody to please come.

The John Marshall High varsity cheerleaders have been invited to a national competition in Santa Monica, Calif., on Saturday, Feb. 13. The \$500 prize they won as first prize in the Joske's-Coca Cola city-wide competition in August will be used to help pay their expenses for the California trip. The Coca Cola Bottling Company has donated another \$500, and the Ram Boosters Club \$500. Other donations will be welcome.

Ed Cody Resigns -

As Superintendent

Ed Cody, superintendent of Northside School District the past 17 years, has announced his retirement effective July

The move by the 55-year-old superintendent was called by Board President Raul Fernandez, "A move typical of Cody...interested first and foremost in the smooth transition of leadership of the state's 13th largest public school system." The board handed command to Deputy

Superintendent Jack Jordan. Trustees were advised of Cody's intentions to retire in an executive session of the board held Monday, Feb. 1.

Jordan has been groomed for the superintendency as Cody's top administrative advisor since becoming deputy in 1967. Continuity was a prevailing theme in Fernandez' remarks, as he pointed out Cody has been in NISD 31 years, Jordan 22

citizen support for more than \$100 million in bonds to build more than 30 new schools. The northwest Bexar County District student body grew during the period from 3,300 to today's 34,500.

Addressing his future plans, Ed Cody said, "I expect to stay active in education." This may have been in reference to the prestige as a Texas educator which prompted his appointment last year a chairman of the State Textbook Committee. Cody has also been president of the Texas Association of Suburban Schools, serves on many education advisory committees and the boards of directors for North San AntonioChamber of Commerce, Youth for Christ, Metropolitan Youth Agency Task Force and Executive Committee of Region 20 Education Sevice Center. He is a life member of the Texas and National Parent Teacher Associations.

Jack C. Jordan, 51, will come to the superintendency this summer with a list of community and education contributions in his own right. A former Kettering Foundation Fellow, Jordan is a graduate of Southwest Texas State University and is a charter member of the San Antonio chapter of Phi Delta Kappa, Jordan also served on the City of Leon Valley Capital Improvements Committee, which planned the ci-ty's successful bond election in 1979

He is responsible for developing the Northside Administrative Internship Management Program and Management Evaluation/Supervision Programs. He was the first principal of Holmes High School (1964-67) before becoming deputy superintendent.

Jordan is a member of the Trinity United Methodist Church Pastor-Parish Relations Committee He and his wife Ann, a Stevenson Middle School teacher, have three daughters, and served as American Field Service host parents.

Joe Van De Walle, Jr. **Launches Campaign For** County Commissioner, **Precinct 2**

The great, great grandson of two pioneers of Helotes has launched his campaign for County Commissioner of Precinct 2 as a Republican candidate. Joe Van De Walle, Jr., descendant of Dr. Gabriel Marnoch and Frank Niklaus Woller - early pioneers of this area - has made plans for an active campaign which will em-phasize "More Jobs — Less Taxes" and will feature a unique slogan: "If You 'Carrot All', You'll Vote For Van De Walle!" This slogan, according to Joe, is appropriate because it denotes his involvement with agriculture

since childhood.

The Van De Walle Farms, Inc., where Joe is Sales Manager, grows hundreds of acres of carrots and processes them for shipment year-round. He also selected the slogan, which features a picture of a carrot, because he feels that the agricultural industry is vital to the economic growth of this area. Joe plans to carry out his pro-mise of "More Jobs — Less Taxes" by encouraging more industries to establish in his precinct. This will guarantee more jobs, more income to the community and a better opportunity to insure a reduction in taxes.

Joe, age 39, graduated from Texas A. & M. University with a Bachelor of Science Degree in Agricultural Economics. He's currently Sales Manager of Van De Walle Farms, Inc., San Antonio. His credentials include: President, Bexar County Farm Bureau (1971); Vice-Pres., Bexar County Farm Bureau (1974-75); Chairman, Texas Pepper Foundation (1976-79); Vice-Chairman, Texas Pepper Foundation (1981-82); Treasurer, Texas Vegetable Association (1980)' Vice-Chairman, Texas Vegetable Association (1980-81); and President, Texas Vegetable Association (1981-82).

Joe, married to Carol Ann Haecker, is a descendant of two prominent families in the Helotes area. His great, great grandfather — Niklaus Woller settled here in 1861; and Dr. Gabriel W. Marnock, noted Texas naturalist, physician and biologist, established residency here in 1844. Dr. Marnoch, Joe's great, great grandfather, is credited with the discovery and description of the Balcones Fault in 1844, as well as the identification of a species of frogs in 1878 now known as the "kilmarnocki" frog. Joe's family history also traces back to two other pioneers who lived at the Leon Creek Crossing (near KKYX Radio Station) — George James (John) and Mary Anna Marnoch. An interesting change in the spell-ing of "Marnoch" to "Mar-nock" came about when Joe's grandfather, Alfred, decided he preferred the latter spelling! Alfred married Mary Woller, a Helotes resident and had five children. Mary Woller Marnock still resides in Helotes. Her daughter, Lorraine - Joe's Mother - resides in San Antonio near the Van De Walle Farms Main Office.

More.... Person to Person

Lloyd M. Knowlton has been given the Joe Freeman Award for 1982 by the San Antonio Chamber of Commerce for his outstanding service to the agricultural community here.

Northside students and teachers will get their spring break on March 15-19 (actually they won't go back to school until Monday, March 22). They also will get a holiday on Friday, April 6, for Good Friday and on Friday, April 23, for the Battle of Flowers Parade. The last day of school this year will be May 28.

It's You

If you want to have the kind of town like the kind of town you

You needn't slip your clothes in a grip, and start on a long, long hike.

You'll only find what you left behind, for there's nothing that's really new

It's a knock at yourself when you knock your town-For it isn't your town, it's you.

Real towns are made not by men afraid lest someone else gets ahead.

When everyone works and nobody shirks, you can raise a town from the dead

And if when you make your personal stake, your neighbor can make one, too

Your town will be what you want it to be, for it isn't your town-it's you!

New Law On Earnings

Recent legislation has changed the age at which social security beneficiaries are no longer subject to an annual earnings test, according to William M. Archuleta, social security district manager in San Antonio.

This test limits the amount a beneficiary can earn and still receive full social security benefits. Those receiving retirement and survivors benefits who are under 65 can earn up to \$4,440 in 1982 without affecting their benefits. Those 65 or over can earn up to \$6,000 in 1982 and receive all their benefits. Beneficiaries age 72 or over can receive all their social security benefits regardless of their earnings

Under the old law, the age at which the annual earnings test no longer applies was scheduled to be lowered to 70 effective January, 1982. The new law delays this change for one year. Therefore, effective January, 1983, beneficiaries age 70 or over will be able to receive all their social security benefits regardless of earnings. Until then, the annual earnings test will apply to beneficiaries under age 72.

"If you have any questions about the annual earnings about the annual earnings test, please call the local social security office," Archuleta said. The phone number is 1-800-392-1603.

The annual earnings test does not apply to those receiving disability benefits, Archuleta added. They should report any work to their social security office.

Reports from Washington

State of the Union

In his State of the Union message to the nation President Reagan outlined a comprehensive program to address the nation's domestic concerns. His message was characteristically straight-forward. There are no quick fixes to the problems that have been festering during decades of runaway government spending.

What has been proposed is a major reshaping of the fiscal rela-tionship between the federal government and the states. The program, involving some \$47 billion in federal grants-in-aid, is intended to sort out the responsibilities properly assigned to each governmental level. Those responsibilities will, in turn, be directed back to the states along with the revenue sources needed to fund them. The end result will be greater efficiency and economy for the states and federal government.

In many ways, the proposals outlined in the State of the Union message represent the fifth installment of the President's mandate. Last year, with the help of a bipartisan Congress, we brought about a reduction in the growth of government spending, personal and business taxes were reduced and regulations which cost solial and distinct take were cut. Out national defense was strengthened. By his own words, the next thing he wanted to do was return power to the states. This fundamental realignment of the federal system is a dramatic and bold initiative and one that certainly will dominate debate in Congress.

The plan has two major components: A "swap" of Medicaid to

full funding by the federal government. In return, the states would assume responsibility for the food stamp and welfare programs like Aid to Families with Dependent Children (AFDC). Secondly, the plan calls for "turnback" programs in education, community development, transportation and social services along with funds from a \$28 billion federal trust to be financed by existing federal excise taxes. The program, as proposed, is to be phased in over eight years starting in fiscal year 1984.

Congress will likely begin reviewing new federalism legislation by spring. The reaction to the proposed program changes by Members of Congress turns on politics and ideology. I, and many of my like-minded colleagues, firmly believe that the programs that will become the objects of debate can be more effectively administered by the level of government nearest the people served. Be assured that this is no abdication of federal responsibility. It

is, rather, a clearly stated opportunity for the states and local governments to sort out their mutual responsibilities.

It is my belief that "new federalism" may not even be the best term for what is about to happen. It is in its purest sense a return of government to the people. At the local level, we will have the opportunity to prevent the growth of a super bureaucracy that wastes energy and siphons off dollars that could be better spent on people and programs. Time and again, Washington has demonstrated that it is too far away from the states to see local problems with a clear eye.

I support the thrust of the President's message and applaud his boldness. As he said, we must summon the strength to continue the course we have charted. I believe we will and I shall do my very best to see that this next phase of the "new beginning" becomes a

ALONG **OUR ROUTE**

Dear Sirs:

Grey Forest, Texas

Effective immediately, Jan. 31, 1982, the Grey Forest Rescue Squad will NO LONGER RESPOND into the city limits of Helotes, Texas, or the Helotes Fire Area on any type of call. Dr. Curtis P. Clogston, E.M.S. doctor, has requested us to get a letter from the City Council of Helotes. We have been trying to get one since Nov. 21, 1981, and operating on a handwritten letter from the mayor. The mayor and the medical of-ficer for the city wants us to continue, but enough members of the city council say no, although they refuse publicly to vote so. This is not a hasty act on our part, but a necessary one to follow Dr. Clogston's rules.

We will, of course, continue to serve the city of Grey Forest and the Grey Forest Fire Area, which starts on Scenic Loop Rd. at Low Rd. and runs to Boerne Stage.

With deep regret, Columbus Stutes, Jr. President of the Board

Greetings:

Grey Forest

It's Trailwalk time again! It's time to get together with neighbors you haven't seen since last year to do something fun and great for the whole area. We are open for membership to anyone interested in joining. Our aim this year is to donate proceeds to our Grey Forest Volunteer Fire Department, the Scenic Loop Playground Club and the Grey Forest Police Department. Membership dues are \$5 a year. Each member will receive a pin depicting the club crest, which is also being used on the medal for the Trailwalk this year. We have 21 paid members so far. Membership dues will help us get on our feet before the pre-registration money comes in. We will be having such expenses such as printing and mailing that won't be paid for by the city this year.

The main thing we need is your help. We need workers for the days of the Trailwalk—we need everyone to help clean up around town—and we need your ideas and suggestions. If there is anything you can get for us cheaper or free—if you have an idea of doing a project that is more efficient—Let us

I would like to thank everyone again for all the help and en-thusiasm we had last year and to thank you in advance for this year. We had one of the biggest walks in Texas last year (1,385 people). I think we can go over that this year and really be able to help some groups that deserve it. Please join us and if you have any questions give me a call. (City Hall 695-3261 or Home 695-8483.)

Many thanks to Mr. Roy Erwin of Gill Savings for his help in printing and postage of this and future newsletters.

A NATURAL CURE FOR **ARTHRITIS IS HERE!**

For years many folk have suffered from the pain and crippling effects of arthritis. Now, there is a natural food substance that promises LASTING relief with no side effects.

Strange as it may seem this concentrated food is the extract of the Green-lipped Mussel of New Zealand. These wonderful mussels live in the clear, pollution-free sea water on the coastal shores of New Zealand and the product is freeze-dried to avoid

decomposition and contamination.

Besides giving relief to arthritis, you will notice an increase in stamina, energy and a feeling of well-being. This is directly attributed to the Mussel Extract.

Many of our customers with severe cases of osteoarthritis and rheumatold arthritis, some awaiting surgery, have had amazing results with the mussel extract. They have had freedom from pain, stiffness, swelling and also have found that they did not need surgery. Wouldn't you like to obtain relief with Mussel Extract which is actually a food with no apparent side effects. It can be taken intermittently with no problems whereas therapies in-volving drugs can be hazardous.

We believe that the positive effects of mussel extract to be a God-send to young and old in the relief of arthritis and is worth a

mean average temperature for January was 42 degrees, including the snowtime, according to Henry Brauchle, local weather observer. Two inches of rain fell during the first month of 1982. About one-tenth was included in the white stuff. As many know, it takes about 7 inches of snow to total an inch of rain.

February, cold as it has been, gave a timid ground squirrel a chance to come out and say there will be six weeks more of winter-according to the Texas variation of the Feb. 2 groundhog day legend. No groundhogs come out here to be scared by their shadows, as none have come from Pennslyvania so far in this century.

Frank Anderwald, Trail Boss for the 13th annual Cowboy Capitol Trail Ride to San Antonio's Stock Show, announced there will be three campouts enroute to the Alamo City coliseum.

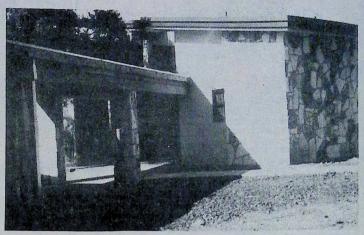

The first, said Anderwald, will be at the Helotes General Store, Feb. 9 when Queen Criss Crossen of Dallas will be crowned to represent the Cowboy Capitol.

The second night camp will be at the Outdoor Theaters, 600 Bitters and San Pedro. The third night the group will arrive at the Coliseum camp grounds in time to par-ticipate in welcoming ceremonies. That evening, Trail Queens will be presented. Friday, Feb. 12 the Bandera riders will have an opportunity to ride in the downtown San Antonio

Anderwald, who annually sponsors the Cowboy Capitol Ride from Bandera, said participants from other cities and states are invited to join the procession.

A warm-up trail ridesupper and meeting was scheduled at the Twin Elm ranch. FM Road 470, Jan. 30.

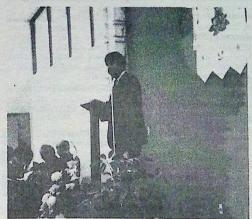

Riders Due Church Dedicates Center-

This new \$500,000 Parish Community Center of Our Lady of Guadalupe Church was dedicated on Sunday, Jan. 31. The building will be used for classes in religious education at the church, and will be available for community meetings.

The adult choir sang at the dedication, as well as the youth choir and Spanish-language choir. Shirley Colton is the organist.

Emilio Garza, president of the parish Council, welcomed members and guests to the dedication service. A tour of the building followed the brief service. The new building is joined to the old education building by a new arcade.

Archbishop Patrick J. Flores blessed the new building. He predicted that the Helotes parish probably will need a still larger building in the not-too-distant future.

Rev. Edward M. Jach, S.M., is pastor of Our Lady of Guadalupe Church. He expressed appreciation to the church's Expansion Committee, Finance Committee and Parish Council for their part in building the new center.

This is the cornerstone of the new building. De Munbrun and Slavin Associates were the architects and J. J. Falbo Co. was the builder.

Treat Your Valentine

-With a Different Gift

Show your Valentine just how much you love and care this year by not giving "calorie-filled treats."

Robinett-Weiss, Nancy Director Nutrition Services with the Texas Department of Health. Department suggests giving a beautiful

red rose, a good book, a red apple, or a beautiful card expressing your special feelings.

She warns you may not be doing your loved ones any favors by adding more calories to their diet, as many may still have a bulge from over-indulgence during the holiday season.

Obesity is a major factor in hypertension (high blood pressure). If you are over the bulge may be well underway. the adults in this country are that it may interfere with optimum health and rises to 35 percent.

Ms. Robinett-Weiss says dietary encourage eating proper foods to obtain your ideal weight, and this includes reducing your sugar and salt intake. Limiting your sugar helps reach and maintain your ideal weight.

Netters To Open Play

The University of Texas at San Antonio men's and women's tennis teams, coached by Becky Roberts, will open their home schedule next week by hosting two Southwest Conference foes at the UTSA tennis center.

Friday, Feb. 12, the Roadrunner women's team will take on Texas Tech at 2 p.m. Then Saturday, Feb. 13, both UTSA teams will be in action against the Baylor Bears. Men's and women's matches will start at 2:30

UTSA's roster counts several former San Antonio high school stars among its numbers. The Roadrunners' top male singles player, Scott McKay, was the District 32-5A singles champ last year at Roosevelt High School. Mike Bonney, a Holmes gradi who teams with McKay to form UTSA's number one doubles duo, was the singles; king in District 30-5A last spring. Dub Nash, who will play in the number three: singles spot for the UTSAns, is a former Alamo Heights. standout, and Steve Klar, the number six man, is an ex-Churchill player.

The top-seeded singles player on the women's team, Laura Dietrich, was runnerup in the 1981 District 32-5A singles competition. She captained Churchill to the state team championship last season.

The Roadrunners are largely a young, inexperienced team, but Coach Roberts feels they'll be competitive. "It's only our first year. We're anxious to build a tradition, but we don't have to prove anything. We'll just go out and play," she said.

One of the top college basketball prospects on the West Coast has given a verbal commitment to attend The University of Texas at San Antonio next fall

Ken Sprague, Jr., a 6-6¹2, 200-pound forward from Santa Monica (Calif.) High School, has announced that he will sign a scholarship agreement with UTSA on the national signing date in

'This early commitment to the UTSA basketball program by a prospect the calibre of Kenny Sprague gives our recruiting campaign a real shot in the arm,' said Don Eddy, Roadrunner head coach.

Sprague, who has averaged 15 points, 15 rebounds and seven assists per game this season, has been highly sought by several schools in the always powerful Pacific 10 Conference.

family this year from Orcas Island, Wash., where he was the leading scorer in the state's Class B Division as a junior last season.

UTSA assistant coach Larry Gatewood, the Roadrunners' recruiting coordinator, was elated about Sprague's decision to play for UTSA. "Kenny Sprague is a multi-purpose player...he can play any position. I was very impressed with his overall play at the SuperStar Camp last summer. He's a very smart basketball player," said Gatewood.

Sprague's commitment is the first for UTSA in the young recruiting season. The Roadrunners will enter their second season in NCAA Division I basketball next fall.

Sprague is the son of Mr. and Mrs. Ken Sprague, Sr., of Santa Monica. A "B" stu-dent, Kenny plans to major in business at UTSA.

FLUORIDE FACTS

Dental literature is replete with facts on the effectiveness of fluoride in preventing tooth decay. How does it work? Sugars in the mouth set up a favorable environment for the growth and development of germs. These germs produce acids that cause decay and leave behind deposits that injure the gums. One of the decay and leave permit deposits that injure the gains. One of the big defenses against this process is fluoride, which builds up the resistance of teeth to these acids. It should be in your child's drinking water so it can be absorbed in his growing teeth; it should also be in your child's toothpaste, and applied regularly on his teeth by the family dentist.

Chicago (the first big city to fluoridate its water supply) reports that tooth decay has been cut in half among its school chidren, and credits fluoride for this improvement. As an added plus, Chicago parents are saving an estimated \$20 million a year in dental bills.

In areas where the water is not fluoridated, children's teeth can be substantially protected against cavities by fluoride in drop or

Scholarship Forms Due

Application forms for scholarships awarded by the Northside School District Parent-Teachers Association Council will be available in the counselors' offices at Marshall, Jay, Holmes and Clark High Schools for graduating seniors on February 8. Applications must be filled out and returned by March 26.

According to Dottie Fountain, PTA Scholarship chairman, "Our PTA Council has been awarding scholarships for the past 20 years to deserving students. Approximately 60 students have received scholarships totaling over \$32,000. Recipients must plan to attend a four-year accredited college or university."

Recipients selected will be awarded their scholarships at the PTA Council meeting May 6.
