

The "MAVRACK" by

SLOT FITS 5/16 CARRIAGE BOLTS

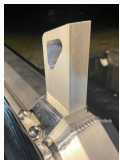

TROUGH FITS WIRING:
16AWG, 4 CONDUCTOR

MavTube Extrusion

The Maveric Corp Cabrack features our proprietary 2x4 MAVTUBE with the M-Track slot to bolt on accessories using standard 5/16 carriage bolts. There's also an additional integrated trough to fit wiring beneath the M-Track. Cabracks are made from 6005A-T61 Aluminum Alloy. Add a mill finish stainless steel panel with a staggered diamond cut design or a louvered panel. All racks are fitted with 1/4" thick 5052-H32 Aluminum Alloy 5 Point Bolt-On Feet with choice of small or large diamond gusset.

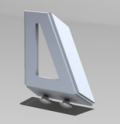

Many accessories to choose from that can be bolted on at any time.
