

LIMITED PRODUCT WARRANTY

12-MONTH LIMITED PRODUCT WARRANTY

Toolboxes, MavRack cab racks, Class 8 cab racks and related fabricated accessories | Effective August 10, 2026

Our commitment: Maveric Corp stands behind the products we build. If a covered defect is confirmed during the warranty term, we will provide the remedy described in this warranty.

Warrantor	Maveric Corp, Woodland, Washington
Covered customer	Original end-use purchaser of a new covered product; this warranty is not transferable.
Warranty term	12 months from delivery to the original end-use purchaser.
Proof of coverage	Purchase invoice, order/build number, or other reasonably acceptable proof of delivery.

1. Products Covered

This warranty applies to new products manufactured and sold by Maveric Corp, including **MavXbox and other Maveric toolboxes, MavRack pickup cab racks, Class 8 cab racks and panels, and related Maveric-fabricated truck accessories**. Custom products are covered to the extent shown in the approved quotation, order, drawing, or specification.

2. What Maveric Corp Warrants

For the warranty term, Maveric Corp warrants that a covered product will **materially conform to the approved order documents and be free from defects in Maveric Corp workmanship** when installed, used, maintained, and loaded as intended.

- **Covered workmanship** may include defective fabrication, forming, welding, riveting, or Maveric-performed assembly.
- **Maveric-performed installation** is covered against defects caused by Maveric installation workmanship.
- **Maveric will determine coverage** after reasonable inspection and review of the product, its installation, and the reported condition.

3. What Is Not Covered

This limited warranty does not cover a condition or damage caused by:

- **Normal use and maintenance.** Normal wear; adjustment; lubrication; loose fasteners from use; worn seals; or routine replacement of service items.
- **Appearance and environment.** Scratches, dents, chips, fading, staining, water spots, loss of polish, oxidation, corrosion, road salt or deicer exposure, chemicals, improper cleaning, or galvanic contact, except to the extent a finish provider separately warrants a confirmed application defect.
- **Misuse or outside events.** Accident, impact, collision, fire, theft, vandalism, abuse, improper storage, pressure or loads beyond the product or vehicle rating, or failure to secure cargo.
- **Installation or modification.** Improper mounting; installation contrary to Maveric or vehicle-manufacturer requirements; vehicle or frame condition; unauthorized repair, drilling, welding, alteration, or modification. Non-Maveric installation alone does not void coverage, but damage caused by improper installation is excluded.
- **Non-Maveric items.** Customer-supplied designs, materials, or components; vehicle components; or products and accessories not manufactured by Maveric Corp.
- **Shipping or handling.** Loss or damage after delivery or transfer to a carrier, except where Maveric is legally responsible.

Product-use note: Toolboxes are designed to be weather resistant, not watertight. Cab racks, headache racks, and panels are truck accessories and are not represented as rollover, occupant-protection, or certified cargo-containment structures unless a specific written order expressly states otherwise.

4. Owner Responsibilities

- **Use and load the product properly.** Follow the approved order, product instructions, vehicle ratings, and applicable cargo-securement requirements.
- **Inspect and maintain the product.** As part of routine vehicle service, inspect mounting hardware, welds, fasteners, hinges, latches, seals, and electrical connections; keep moving parts adjusted and lubricated as appropriate; and correct loose or damaged items promptly.
- **Protect the finish.** Clean road salts, chemicals, and debris promptly using finish-appropriate products. Do not use abrasive or corrosive cleaners.
- **Prevent further damage.** Stop using a product if a condition could affect safe operation, cargo security, or vehicle safety, and contact Maveric Corp.

5. How to Request Warranty Service

Notify Maveric Corp within the 12-month warranty term and promptly after discovering the condition. Provide:

- Purchaser name, contact information, and current product location.
- Invoice, purchase date, dealer name if applicable, and order/build or product identification number.
- Vehicle year, make, model, VIN, and installer information when the product is vehicle-mounted.
- A description of the condition plus clear photographs or video showing the product, mounting, and affected area.

WARRANTY SERVICE

REMEDIES & LEGAL TERMS

Keep this page with your invoice and product information | MC-WAR-001 | Rev R1

Before repair or return: Do not repair, alter, return, charge back, or dispose of the product without written authorization. Maveric must have a reasonable opportunity to inspect and cure the condition. Unauthorized expenses are not reimbursable.

6. Maveric Corp's Remedy

For a timely and valid claim, Maveric Corp will, at its option and within a reasonable time, **repair the covered defect, replace the affected product or component with a new or functionally equivalent item, or refund the price paid for the affected product** if repair or replacement is not commercially practicable.

Costs: Unless Maveric approves otherwise in writing, the purchaser is responsible for product removal and reinstallation, vehicle or equipment downtime, field labor, travel, towing, packaging, and transportation to Maveric Corp or another authorized service location. Maveric will not reimburse unauthorized labor, parts, or shipping. Consumer rights that cannot lawfully be limited remain unaffected.

7. Purchased Components and Third-Party Finishes

Lights, wiring devices, gas springs, locks, latches, seals, hardware, coatings, and other items not manufactured by Maveric may carry a separate supplier or manufacturer warranty. Maveric will reasonably assist with an applicable third-party claim, but those items are covered by this warranty only when the failure resulted from Maveric workmanship.

8. Warranty Limitations and Legal Rights

THIS IS A LIMITED WARRANTY. For products purchased primarily for personal, family, or household use, implied warranties that cannot be disclaimed are limited in duration to 12 months to the extent permitted by law. For products purchased solely for commercial or industrial use, Maveric Corp disclaims implied warranties of merchantability and fitness for a particular purpose to the maximum extent permitted by law.

TO THE MAXIMUM EXTENT PERMITTED BY LAW, Maveric Corp is not liable for incidental, indirect, special, or consequential damages, including loss of use, lost revenue or profit, rental expense, towing, downtime, cargo loss, or damage to other property. This limitation does not apply to personal injury or any liability that applicable law does not allow to be excluded or limited.

No dealer, installer, employee, or other person may change this warranty unless the change is in a written document signed by an authorized Maveric Corp officer. Warranty registration is not required. Some states do not allow limitations on implied warranties or the exclusion of certain damages, so some limitations may not apply. This warranty gives the purchaser specific legal rights, and the purchaser may also have other rights that vary by state.
