NEWS FROM AROUND THE NGA

Officials News

NGA is pleased with the support received from our officials. The judges have worked tirelessly to understand and apply the rules appropriately. They have consistently provided coaches with useful feedback, helped our clubs achieve greater knowledge, which translates to more effective gymnastics for the athletes. Along with aiding in the education of our coaches, our NGA officials have assisted NGA to identify any inconsistencies needing clarification, providing us with the opportunity to make the clarifications needed to keep the program running smoothly.

We are looking forward to the 2022-2023 season, as we will be introducing our new testing process for both men and women. We are excited to provide a way to educate and implement progressive opportunities for our officials. Details regarding the testing process will be available May 15th. We can't wait to see what the future holds for our judging team!

2022 NGA Nationals are right around the corner. Volunteer opportunities are available for any available officials. Please e-mail rwissmiller@nationalgym.org with any questions.

Men's Program News

It has been an exciting year with much interaction among coaches, judges, and club owners discussing changes they would like to see change in our sport. Number 1 on the list is:

make gymnastics fun again!

Find a way that boys can play, learn and compete in the sport they love, in an environment that permits growth without pushing them out of their sport because they are not able to do all the skills in a compulsory routine.

One set of rules for an all-optional program, that allows for ALL boys to compete and can challenge the best athletes in our country. The program is progression designed keeping the rules Jr. FIG based. Judges can accurately score routines with this optional program. We are offering a free NGA judges test online for all NGJA judges to assist in maintaining consistency in scoring of routines. All technical information is free on the website.

We are building recruiting relationships with college coaches to help them identify upcoming talent in the men's NGA program. We believe upcoming news for next year will help grow men's gymnastics popularity in all local clubs across the country!

Need information or have questions, please contact our Men's Program Administrator, Mike Naddour at mnaddour@nationalgym.org. He is always excited to talk about NGA!

Looking forward to seeing everyone at NGA Nationals and Summit in Orlando in June.

Mike Naddour, Men's Program Administrator

Women's Program News

NGA's Invitational season is winding down and state meets are competing all over the U.S.! Our growth in year two has been amazing and state meets are having great competitions with athletes qualifying to Regional Zones and Nationals as we speak! We've seen many smiling faces!

Plans for Nationals in Orlando are exciting and enthusiasm is building for year 2. We have lots of great educational opportunities for coaches, athletes and parents scheduled. Be sure to register and come join us in the Orlando for Nationals year 2, June 8-12, 2022!! Bryan, like Mike loves talking about NGA, so if you have any questions or need more information, feel free to contact Bryan at bryancpg@hotmail.com

Bryan Neal, *Women's Program Administrator*
