

SPIETH America Cleaning, Sanitizing and Inspection Services

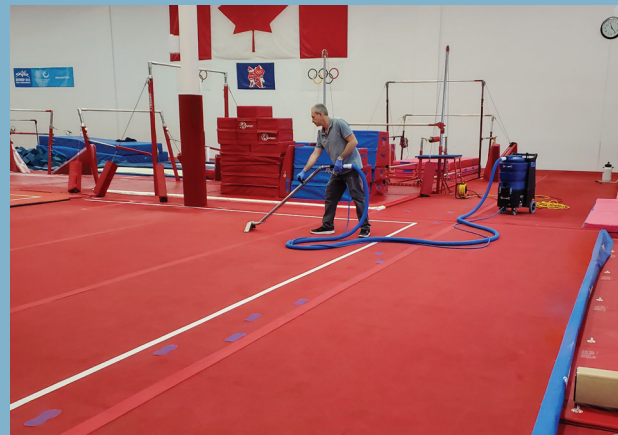

Cleaning ALL your equipment, mats, beams, vault tables and more!

Benefits of a professional Cleaning and Sanitizing Service

- A cleaner gym leads to a safe gym. A safer gym leads to happier employees and improves the gyms customer retention rate.
- Dry Steam Cleaning of mats and carpet bonded foam to destroy germs and bacteria in your gym without harming the foam and carpet with water.
- Hydrostatic Equipment spraying to help kill all bacteria in hard to reach area's without harming the equipment.
- Extracting all the chalk from the carpet bonded foam and throughout the gym creates a safer and healthier environment.

Benefits of Equipment Inspection Services

- Professional inspection of equipment by certified technicians to ensure a safe environment.
- Save money on expensive equipment purchases with regular inspection and maintenance.
- Comprehensive report that includes an image/description on each apparatus also including a forecast and budget on when certain parts should be replaced.
- Receive a detailed floor plan that can be used for coaching and insurance.
- Official dated inspection certificate to show parents and insurance companies when the equipment was last certified.
- Inspection technicians will be able to review any equipment issues and offer suggestions or be able to fix on site.
- Protect the largest and most expensive investment in your business.
- Increase productivity by helping to ensure equipment stays in service.
