

# HAMAS' "HEROES" AND THE COMPROMISED UNITED NATIONS

Greg Deuble: [www.thebiblejesus.com](http://www.thebiblejesus.com)

THIS is [Amichai](#), a young Jewish father holding his dead baby son. Look at his face. It's incredibly sad. He and his 21 year old wife were out on a Sunday night, so looking forward to the birth of their first baby in a few short weeks time, late in 2018.

They were at [Ofra Junction](#) in Israel, when suddenly a Hamas terrorist drives by and shoots randomly. Two 16 year lads, two 16 year old lassies, one man in his 20's are hit. So is Amichai and his 21 year old wife [Shira](#). Thankfully none of these suffer fatal wounds.

But [Shira](#) is bleeding heavily from the stomach and is rushed to hospital, where her baby is delivered dead by C-section. His given name is [Amiadi Israel](#).

## NO APOLOGY FROM HAMAS

At the time of [Amiadi Israel's](#) funeral, the Hamas terrorist was still at large. But was the official Hamas position one of sympathy for the parents, and one of condemnation for this heinous crime against innocent people?

Not at all. In fact, not only did they offer no expressions of sympathy and condolence, but to quote their official Hamas statement,

[The heroic Ofra operation is an affirmation of our people's choice and legitimacy in resisting the Zionist occupation and its settlers. It proves that any attempt to condemn the Palestinian resistance will fail in the face of the desire and valiance of our Palestinian people.](#)

This is Hamas. Dedicated to the elimination of the Jewish State of Israel and her people. Any means by which this can be accomplished to end the "occupation" and "invasion" of their so-called Palestinian land is legitimate. So, "heroic" drive-by shootings are "valiant", and Allah is thereby glorified.

That's why one of the [terror tunnels](#) dug by Hamas and uncovered in 2014 led directly beneath an Israeli kindergarten. The goal was a mass kidnapping campaign – if not much worse.

And who, exactly, built these tunnels, which, as of 2012, had resulted in the deaths of 160 Palestinian workers? According to a detailed [report](#) published by the Institute for Palestine Studies, some of the builders (including those who died) were children. In the tunnels, we are told, "much as in Victorian coal mines, they are prized for their nimble bodies."

To repeat: This is who Hamas is and this is what Hamas does. (Anybody here see a repetition of the Satanic hatred of the Jew, whether from Pharaoh of Egypt, Haman of Persia, Hitler of Nazi Germany, etc.?)

## THE SILENCE OF THE UNITED NATIONS ASSEMBLY

Yet the UNITED NATIONS (UN) is so morally compromised when it comes to Israel that it could not muster sufficient votes to condemn Hamas.

As [reported](#) by [Reuters](#) on December 6,

["A U.S. attempt to get the United Nations to condemn violence by Palestinian militant group Hamas for the first time failed . . . because the draft resolution fell short of votes needed in the General Assembly.](#)

“The resolution required two-thirds support and while Assembly resolutions are non-binding, they can carry political weight. The U.S. text received 87 votes in favor, 58 against, 32 abstentions and 16 countries did not vote.

“In an earlier procedural move requested by Kuwait, the 193-member body narrowly voted to require two-thirds support and not a simple majority for adoption of the draft resolution.”

This took place on Thursday, December 6<sup>th</sup>, 2018.

The UN is so morally compromised when it comes to Israel that it could not muster sufficient votes to condemn Hamas.

Just three days later, on Sunday, the 9<sup>th</sup>, and almost as if empowered by the UN's cowardice, the shooting took place in Ofra Junction. On Tuesday, the 11<sup>th</sup> – within one week of the UN's failed vote – baby [Amiadi Israel](#) was dead.

Shame on the UN for its failure to condemn Hamas as a terrorist organization!

May the LORD God of Israel comfort the grieving and grant repentance and justice to the guilty.

May the LORD's peace be upon Jerusalem and the physical descendants of Abraham!

May these people who have faithfully kept their covenants, preserved the holy Scriptures, and given us the Messiah, turn to the Lord God Who has given the world the hope of the coming Kingdom of God upon this war-torn earth, through His Son Jesus our Messianic Lord!
