## Course Map

(Larger version available on the [race web page](#))

## Course Information

- The undulating 5 mile/8 km (approx.) trail course is 95% off-road within the park, on a variety of surfaces and through woodland, fields and meadows.
- See course map and description below.
- The course is marshalled at all key points, with additional signage to guide runners through unattended sections. The course route, directions and main marshal locations are indicated on the course map. Mile markers will be positioned around the course, with countdown makers in the last half mile.
- First aid support is provided by St John Ambulance Cymru. The first aid station is located centrally at the Race HQ with a rapid response vehicle able to respond to any serious injuries or medical emergencies on the course.

## Course Description

- The course starts with a full anti-clockwise loop of the main field ('The Meadow') before a short switchback either side of the 1 mile markers.
- It's then out towards and along the park shoreline and a loop around a small copse to head back inland along the edge of the Viaduct Wood. A left turn leads to a trail in Viaduct Wood, initially via a short sharp climb (watch for tree roots) then a gentle downhill through to Porthkerry Viaduct.

- Two arches of the viaduct form a 180 degree turn back out onto and across the former mini golf course (now being reclaimed) before crossing a boardwalk (carefully, please) and back into the Meadow - just before the 2 mile markers.
- After the Meadow, it's a single file pass under the railway bridge (watch for runners coming the opposite way) and across the main park road - **runners must keep to the left and obey race marshals' instructions at all times in this area.** It's then into Cwm Barri before a climb (quite steep and potentially muddy) up through Mill Wood into the (much flatter) 4 Fields area, levelling off just before the 3 mile markers.
- The course loops around the 4 Fields area on fast grass tracks (narrow in two places), leading via two kissing gates into the top of Cwm Barri. This is a fast, downhill section on a firm stone track (4 mile markers about half way down), levelling out as it approaches the road crossing. It's single file running again to cross the road (**runners must keep left and follow race marshals' instructions at all times in this area**) and to pass under the railway bridge into the Meadow.
- Re-entering the Meadow for the last half-mile, runners will then pass 800m, 400m and 200m count-down markers to help pace that sprint finish!

## Traffic Hazards

- Runners cross one of the park roads at the same place in both outward and return directions.
- **Runners must keep to the left and obey race marshals' instructions at all times as they cross the road.**
  - Runners who ignore their directions may be disqualified.

## Water and fruit

- Bottled water and bananas will be available just after the finish line to all finishers.
- Bottles and fruit will be laid out on tables for self-service collection (one item each, please).
