

PROPOSITION 1

Proposition 1 is a **911 Emergency Services Sales Tax**

- The proposed .75 percent sales tax would amount to 7 ½ cents per every \$10.00 spent in Barton County.
- The current wireline tax only covers 32% of the 911 budget, leaving no room for badly needed equipment upgrades and additional training and staff.
- If passed, Barton County 911 Dispatch will be fully funded and able to implement and sustain the following service improvements.

- NEXTGEN equipment upgrades such as “Text to 911”, Geolocation on mobile calls, advanced mapping software and data, and enhanced coordination with other NEXTGEN counties.
- Additional staff to eliminate call rollovers.
- Staff EMD Training to allow dispatchers to assist with medical emergencies.
