“You have the Token to display, you have a right to every redemptive blessings that God promised.”

163 God once gave a Token to the people, and that was a rainbow. Looky, listen close; we’re closing. God ever remained true to that token. Way back in the days of Noah, at the destruction of the antediluvian world, God gave this nation, or give the world, a rainbow sign, for a token. And God ever displays His token, as the thousands of years rolled by. He never fails, because He watches His tokens. All these thousands of years, He has displayed It to us, showing us that He never fails to honor the token. He never fails to honor it.

PRAISES & TESTIMONIALS OF ODCT

Sis. Mercy DaSilva

It was January 1, 2024; the start of the New Year, but also the beginning of God showing His grace and mercy to his sons and daughters. Our dear Sis. Mercy was experiencing severe abdominal pain, hindering her from lying down, sitting, or doing anything. Unable to bear the pain any longer, she decided to rush to the ER. Upon arrival, she couldn't be seen right away; there was a three-hour wait. While waiting, she began talking to God, believing her pain would be gone, expressing gratitude for every word He had spoken. As time passed, she decided to call her pastor (Rev. Edmond Raphino) to pray for her. During the prayer, he told her, "Go drink some water, and in Jesus' name, you will be all right!"

Sis. Nadege Jean-Francois

"The Lord is good to those who wait for him, to the soul who seeks him" (Lamentations 3:25). Last year, in March, just before one of the ODCT Missionary trips to the Dominican Republic, our precious Sister Nadege experienced a medical emergency involving a discharge of blood from one side of her breast. Understandably concerned and uncertain about the cause, she promptly sought medical attention and reached out to her pastor, Reverend Edmond Raphino, for prayer and guidance. Upon arriving at the doctor's office, an atmosphere of despondency permeated the building. However, as a person of faith, she purposefully cultivated her own atmosphere where it was just her and God while awaiting her turn. When she was called in, the doctor discussed potential serious concerns, such as the possibility of cancer, which necessitated numerous tests. The magnitude of the situation overwhelmed her. However, amidst her overwhelming emotions, she held firm to her belief in the power of prayer. She trusted in the prayer that her pastor said that nothing significant would be found and that it would just be a fluke.

GREETINGS TO ALL BELIEVERS

We are a group of believers with a common vision that has called us together and a sincere desire to establish a house of worship. Dedicated to preaching the Original Word as was delivered to us by the Prophet messenger William Marrion Branham.

We are the first message church in New England with many ministers working in the mission field from our post. We stand as a beacon shining in the New England area!

NEXT STEPS FOR MESSAGE BELIEVERS: MICROCHIP TRENDS

Did you hear their going to start putting chips in people's hands? As technology is advancing; so is the way you purchase your items. Contactless payment in the form of a chip in your hand. With this chip, it is easier to pay, but all of your personal information is on that chip. In a BBC News article by Katherine Latham called "The Microchip Implants That Let You Pay with Your Hand" where she explains some of the issues with the chips. According to the article, the future is what people are scared about. The article says "Financial technology or fintech, expert Theodora Lau, is co-author of the book Beyond Good: How Technology Is Leading a Business Driven Revolution. She says that implanted payment chips are just "an extension of the internet of things". By that she means another new way of connecting and exchanging data."

Insight For Message Believers:

This connects to the message Br. Edmond preached in 2012 titled "What Mark You Carry in Your Forehead." He says how there is a difference between **ON** your forehead and **IN** your forehead. Many people think that they'll be an actual mark **ON** you but that not the case. He explains how "the Bible is a book of symbols. AMEN! There's a lot of things that's written in the Bible they mean something else." Then he continues saying how "the spiritual part of forehead in the book of Revelation represents mind. So, it's not a forehead where they're going to take your forehead and put 666 to it." Before microchips dominate the stores, the Bride must take her position in Christ. Do you believe this is what the Bible says how you'll receive a mark on your hand or in your forehead; so, you can buy and sell? Is that what's happening now?

"And he causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or **IN their foreheads**: And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name."

Revelation 13:16-17
