OVERVIEW OF CAREER COUNSELLING

Career counselling is the systematic process of analysing the student's and professional's strengths, interest, skills and abilities, and mapping it with the right career option and education. Everyone requires career guidance at some point in their lives. A professionally trained Career Counsellor guides the student to find the most suitable career path.

A **certified Career Counsellor** with numerous years of experience in the education sector is now on a mission to help students achieve big.

We are specialized in coaching/mentoring school students by identifying their ideal career choices.

Who can take career counselling?

We have classified the student's categories in to three and have recommendations to take career counselling based on that.

1. I have set my career goals, talked to experts, parents are fine with it and I am confident about it - **not recommended**
2. I have set my career goals but unsure about the credibility - **recommended**
3. I haven't set my career goals yet, will decide based on the marks - **highly recommended**

BENEFITS OF CAREER COUNSELLING

Empowering students and parents with knowledge

Clarity on the career goals

Gaining expert advice on careers

Exploring different career options

Determine the strengths and weaknesses

Learn key skills

Broaden the perspective

Develop right strategies

Discards confusion

Moral support from the counsellor

PSYCHOMETRIC TEST

Psychometric tests are standard scientific tests used to measure individual's mental capabilities, cognitive abilities & behavioral style.

These tests are designed to measure student's affinity for a course, stream or role based on the required personality characteristics and aptitude for the same.

These tests are **completely optional** for a student to take.

The reports are based on an individual's ability and interest towards a career.

Dazzling Career Academy

SESSION SCHEDULE

Session 1: 30 minutes. Student and the counsellor, parents are feel free to join.

Get to know more about the student. Clarify any high-level doubts about career counselling and psychometric tests. Ask to send the list of all questions before the next session.

Session 2: 60 minutes. Student, parents and the counsellor.

Start by discussing the psychometric test report (if taken the test). Then, will start discussing the questions which was sent prior.

Open to have a third session if needed.

SESSION FEE

1000/- per student for the session.

1000/- per student for the psychometric assessment

MENTORSHIP PROGRAM

Our Mentorship Program is specially designed for **class X and class XII students** which runs the complete academic year. This program help students get mentally prepared and be focused towards the board exams. A certified Career Counsellor will connect with student and parents on a regular basis to make sure the process is in place.

What do you get?

One-year program

All one-one sessions

Two psychometric tests

Weekly sessions with the student

Biweekly activity based sessions

All set for the board exam

Program fee

9999/- 4999/- (early bird offer) per student per academic year.
