- In natural response to seasonal climate variations, any wood will contract and expand throughout the life of the product and is thus not warranted for this purpose.
- Glue lines or other issues related to the natural characteristics of wood are not defects and not covered under any kind of warranty.
- There is no warranty for built in furniture design if there are cuts or scratches, or damage caused by impacts or accidents, or if the items are handled incorrectly, used inappropriately, or cleaned using the wrong cleaning methods or cleaning products.
- Upholstered furniture will lighten over time if it's exposed to direct sunlight or even in prolonged usage within indoor lighting conditions.
- No warranty is covered for any damages due to the usage of the product beyond its intended use and for general wears & tears in the natural course of product usage.
- These are sample reference images for artistic understanding only and the same shall vary as per actual design.
