

Maximum Performance SMB's

UCX250 Office Communications Solution

Exceptional Innovation

 E-MetroTel

WE UNDERSTAND SMB's

You need the full communication power of a large enterprise at an affordable price.

You require scalability and stability with your investments.

You need reliable technology partners that you can trust.

We are ready to help.

UCX250 MAXIMUM PERFORMANCE OFFICE

Affordable, Powerful, Flexible and Compact.

No monthly fees. Just simple, reliable and affordable leading edge communications for your office.

UCX250 is packed with features and applications. In fact it includes every feature and application that is included in our large office and enterprise solutions because we understand that a smaller office needs the same capabilities as a larger one.

You can choose from our Infinity 5000 line of telephones, seamlessly migrate to UCX from a Nortel solution and retain your digital and IP telephones, use standard SIP telephones, or use the Infinity One soft client both in or out of the office.

UCX250 has a small footprint but is fully scalable and supports remote workers, networking multiple offices together, and all standard phone lines into your office.
