

BUILDING GOOD STUDYING HABITS-

Welcome to Study Squad- where we take a little of time each day to study consistently

StudySquad: Maths Coaching that Counts

StudySquad is a premium mathematics coaching school delivering the highest quality coaching for secondary and primary school mathematics. Our instructors draw from extensive teaching experience in subjects including: VCE Mathematical Methods, VCE Specialist Mathematics, and Enhancement Mathematics. The StudySquad instructors are mathematically accomplished, personable, and teach at top Victorian independent schools.

StudySquad Benefits:

Students are given weekly sets of notes that synthesise the course content. Our courses are structured to maximise consolidation of content and skill. VCE Students are supported with SAC readiness as course materials are delivered one term in advance to assist with early familiarisation of content, as well as exam readiness. Regular assessments are provided in order to build exam rigour. Our weekly homework is relevant, interesting and manageable.

StudySquad ethos:

At StudySquad, we believe that there is a reciprocal relationship between mathematical competence and enjoyment of mathematics. Our courses are designed to foster an enduring love of maths. We believe that every child has the ability to reach an appropriate level of competency in mathematics. We focus on consistency, daily routines and building good habits- where students take a bit of time each day to study consistently rather than doing too much work all at once.

Classes Available:

- Year 7 Mathematics
- Year 8 Mathematics
- Year 9 Mathematics
- Year 10 Mathematics
- Year 11 Methods
- Year 12 Methods

“We believe that every child has the ability to reach an appropriate level of competency in mathematics”

StudySquad classes are 75 minutes in duration. We run through some key concepts and examples at the beginning of class. The final 15-20 minutes of class is reserved for homework and any questions.
