President's Message David Wentzell 905-878-5862 (david.g.wentzell@gmail.com)

Laughter is the Best Medicine

Greetings. I hope this Milton Probus Pulse finds you healthy and happy.

If you participated in our Zoom Trivia in February, you may have learned some little-known facts that have stuck with you. I learned that there are 32 muscles in a cat's ear. I also learned that on average, adults laugh 13 times a day. I got both of these questions wrong. One question, because I studied law, not veterinary medicine, and the other question, because 13 laughs a day seemed too few.

In follow-up research, I have learned that as babies we laughed up to 300 times a day.

Somewhere along the line we outgrew laughter. That is truly retrograde development. Science has shown that laughter really is the best medicine. Consider that laughter has been proven to:

- reduce hormones that cause stress;
- increase infection fighting anti-bodies;
- promote muscle relaxation;
- stimulate both sides of the brain to enhance learning; and
- decrease your standing blood pressure

Perhaps best of all, it turns out, laughter is good exercise. A Stanford University study showed that one minute spent laughing is the exercise equivalent of 10 minutes on the rowing machine! I can now claim to be multi-tasking as I watch an episode of *Schitt's Creek*. "Yes, Dear, I *am* exercising".

With my new-found insights into the medicinal benefits of laughter, I encourage each of you to be above average – laugh more than 13 times a day. It's easy. Here's how. Find delight and amusement in ordinary things, like children do. Be mindful of "lightening up". Avoid negative people, conversations and news. Schedule a daily humour break. Plan to attend the monthly Probus meeting. After all, we end each meeting with the President's Joke!

Here is a little something to get your laugh meter started today.

What if the person who named walkie-talkies named everything?

- *Socks would be feetie-heaties.
- * Forks would be stabbie-grabbies.
- *Wigs would be hairy-wearies.
- *Microwaves would be heatie-eaties

March is PROBUS Month

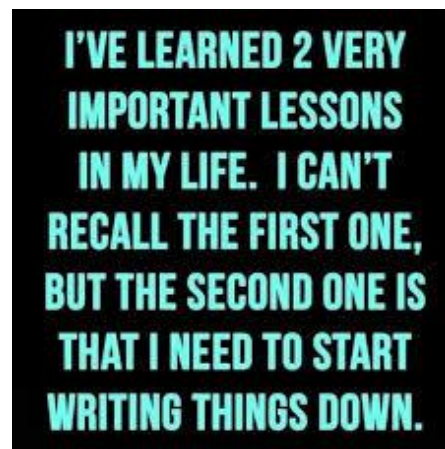

If you need an excuse to extend March celebrations beyond the green beer and shamrocks of St. Patrick's Day, here it is: March is National PROBUS Month!

National PROBUS Month was started in 2013 as an initiative of the PROBUS Club of Shediac Shores in New Brunswick. March was selected in recognition of the founding of the first PROBUS Club in Canada, in Cambridge, Ontario in March, 1987.

When we gather in person, we mark the occasion with a special cake at coffee time. Usually we put off our cake until our April meeting. We don't want a blizzard to stand between us and our cake and icing! Of course, there will be no cake this year. But the absence of celebratory sweets doesn't keep us from embracing the essence of National PROBUS Month. The man behind the idea has said:

"The initial thinking behind National PROBUS Month (NPM) was to celebrate the PROBUS experience, to get to know PROBUS from within and to enhance its recognition and visibility throughout the country. More than an education program, its intent is to give us a chance to express ourselves, even reinvent ourselves."

This month, we encourage you to take up the challenge to expand the reach of your PROBUS Club. Let your friends know about the fellowship and fun you experience through PROBUS. Invite someone to join our meeting on Zoom. There is always a front row seat available.

From the Secretary Walter Eadie 905-691-5100 (walter.eadie@cogeco.ca)

“The personal expressions and messages we routinely exchange in social media are in no way private. Some understand this and use discretion in their digital communication. Others do not or willfully continue to distribute content that puts reputation, property and physical safety at risk.

Refusing to take part in social media will gradually lead to personal and functional isolation. The answer lies in developing an instinct for appropriate digital communication.”

If you would like to learn more about social media usage and its connection to privacy, safety, reputation or finances please join us in March at our Milton Probus Zoom Meeting.

April Speaker

Travel

PROBUS GROUP TRAVEL – Walter Eadie

Probus travel plans were cancelled for 2020 and 2021 so it is time to look ahead to 2022.

I am proposing that we take a 7-day cruise on the St Lawrence River, Kingston to Montreal and return, with St Lawrence Cruise Lines (<https://www.stlawrencecruiselines.com/cruises/celebration-of-spring/>)

The benefits for us are:

- staying relatively close to home
- no airline flights required
- no overseas travel insurance required
- ‘hotel on the water’ – no daily packing and unpacking
- bus transportation (Milton to Kingston and return) will be

incorporated into the planning

The riverboat only has 32 cabins <https://www.stlawrencecruiselines.com/the-ship/> so we will need to make commitments early to secure space. I believe this type of trip will be a popular choice for many.

This 7-day return trip is only done 3 times per year – late May, July and mid-October.

2022 dates and prices are not yet confirmed but the same trip in 2021 will be \$3000 to \$4000 pp depending on the time of year. (we may get a group rate to offset any price increase for 2022).

Singles rates are available but there are only 4 singles cabins. Additional bus cost is still TBD.

Deposits are \$350 pp with full refunds (less \$100 pp fee) up to 60 days prior to departure.

(I am assuming we may need to make deposits by the end of April this year to guarantee space).

The late May cruise will be the cheapest but some may think that is still a bit too soon given the uncertainties around Covid and vaccines, so I'd like to gather opinions on that too.

Please let me know **asap** (walter.eadie@cogeco.ca) if:

- you are interested in participating in this 2022 Probus group trip?
- whether you prefer a late May date, June/July or October date?

Special Events: (Susan Popp 905-876-3241; susulucky66@icloud.com and Henry Popp 905-876-3241; hpopp1891@icloud.com)

Looking for volunteers!

Starting in April, Henry Popp will be the person responsible for “Special Events”, taking over from Susan Popp.

Henry is looking to develop a tight committee (2-3 members) to generate ideas and run Special events. The committee will meet monthly (currently via Zoom) or as often as required for planning. This team could reach out to other Probus members to run a particular event where they have a skill or an interest. An example would be our upcoming Chef event.

If you are interesting in being part of this small Special Events Committee, please drop Henry Popp a line (Hpop1891@icloud.com) or call at 905-876-3241.

The Hungry Flight Attendant

We would like to invite you to a cooking demonstration by Philip Bernardino, son of Milton Probus members Dulce and Joe Bernardino. Philip is a trained chef and has had over 23 years experience working in restaurants and doing private catering. Currently he is also a flight attendant and has travelled extensively gaining inspiration to create delicious meals.

Chef Philip will do a virtual cooking demonstration on **Wednesday, March 10th at 5pm** so you can either cook your own delicious dinner simultaneously or cook afterwards full of inspiration to match cooking his skills!

If you would like to participate, please email Susan Popp at susulucky66@iCloud.com to confirm your attendance by March 7th. The grocery list will then be emailed to you. For those of you who would like to attend but just want to watch Philip please also confirm your attendance. Philip will be preparing Italian meatballs with a tomato sauce.

To see more of Philip’s cooking talents, he can be found on Facebook and Instagram. He will also be launching a new website soon.

LETS GET TRIVIAL.....again

Our last Trivia Night was a great success, well received and well attended. So with that, we will host a second Trivia Night!

We will look forward to seeing you **Wednesday, March 31st at 6:45pm**. The trivia game will start at 7pm. As before, please have pen and paper ready and write down numbers 1 to 50.

The questions will be grouped into categories. Don’t forget we will include some questions from recent Probus Pulse newsletters.

If you prefer to watch the trivia event, you are more than welcome to join, watch and listen to the chatter and fun of the participants.

Special Interest Groups

2 Bridge (Kathy Sellers 647-227-7036; kathleensellers@hotmail.com)

The Bridge Group continues to meet online. They are looking forward to meeting again in person (as we all are). Be safe everyone.

5 Friday Bid Euchre (Joe & Zina Yaworski 905-878-3959; joe_zina@hotmail.com)

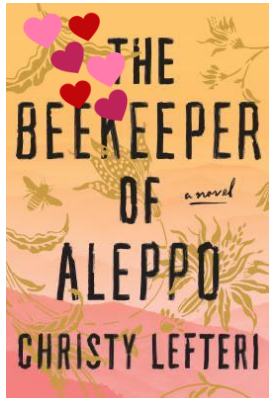

The February Friday Bid Euchre social gathering was hosted by Zina and Joe from Hawaii. Sipping on banana martinis they welcomed the usual group and special guests Hazel and Murray Switzer. We all compared the snowfall amounts in the various home areas and then played February Trivia and Family Feud. Listening to the giggles it almost felt like we were together! Anne Taylor will host the March social.

7 The Hiking Club (Co-Leader Terry Cole 905-845-0171; terryjane@sympatico.ca Leader Marilyn Morita 905-854-5046; george.morita@sympatico.ca)

As February quickly slides by on our way toward Spring, the PWG continued to amass steps in leaps and bounds (as it were). Despite the very frigid temperatures and some goodly dumps of snow our intrepid hikers managed to add another 518,273 steps as of this writing. This brings our total accumulation of step to 82,924,975. I would hazard a guess that our last long trek enabled this able bodied group to withstand the trials and tribulation of frigid cold, piles of snow and slippery slopes. Well done all participants.

9 Spinecrackers (Nancy Lynn 905-319-0191; lynn67.personal@gmail.com)

Many thanks to Caroll Williams for her book choice this month. During our Zoom meeting, we had a great discussion about the refugee status in several countries at the present time. We also managed to discuss personal scars, family, health, dressing up for meetings etc. Missing were the desserts and refreshments!

In the novel **The Beekeeper of Aleppo**, by Christy Lefteri, a beekeeper and his wife, an artist, are forced to flee the city of Aleppo when civil war destroys their home and family. It is the story of their flight, the dangers, and their changing relationship as they attempt to reach England and family waiting there for them.

10 Grape Expectations Wine Club (Tom & Alice Carey 905-336-6309;

carealic@sympatico.ca)

We celebrated the February “Zoom” Wine Club with a Valentine’s Night hosted by Anne & Walter Eadie. We had Seventeen Members attending, many of whom had dressed in red for the occasion. Anne & Walter had a fun evening planned. First of all, Walter had a Valentine’s Quiz prepared which turned out to be a lot of fun.

Then the story telling began, we each had to tell about our first Valentine’s Date where we went for Dinner and what Wine did we drink. Then we graduated to the stories about our Wedding Day, did anything funny happen on the day that had stuck with us, like arriving home from our Honeymoon, opening the front door to be confronted by tons of Balloons, or the getaway car covered inside with loads of confetti, next, a Date that went awry, like getting on the wrong train and going in the opposite direction, resulting in getting home much later than curfew. Wines of the evening were ‘Goats do Roam’ Radio Boka Tempranillo, Gato Negro, Black Tower, and a Riesling to name but a few.

Many thanks Walter & Anne for an excellent night.

11 Suds Sippers Beer Tasting Club (Walter Eadie 905-691-5100; walter.eadie@cogeco.ca)

The Suds Sippers met for their monthly 'beer appreciation' evening on Feb 16th.

Since we were so close to Valentine's Day, the theme for this month was obvious and indeed we got chocolate beer (well, actually, milk chocolate stout), red beer and red cans.

David Hunt's grand-daughter even produced a special valentine's wrap for his beer can.

David Wentzell's red can was 'Old Milwaukee' which led to a great discussion on Beers of our Youth – memorable old TV adverts and labels that would not be politically correct these days. David even found a website ranking "Cheap American Beers from Drinkable to Awful".

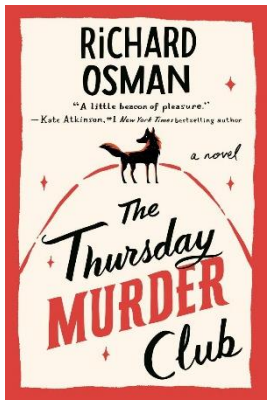

Not content with all that beer talk, our Zoom hosts Nancy and Dave Lynn started us off with a Quiz to test our 'Beer IQ'. 10 questions at the Basic level was challenge enough for us. Did you know that Louis Pasteur wrote a book on beer? (Etudes sur La Biere). No-one scored enough to be a Beer Brainiac but champs

Joe & Zina were crowned Beer Barons!!

Next month's meeting is March 16th and Tom Jones is our host! No prizes for guessing the theme for next month.

12 Bookies (Diane Miller; dianemiller@rogers.com)

The **BOOKIES** book club met and discussed the book “Thursday Murder Club” along with several other fun subjects. We found the book more interesting after the first third which involves confusing character introductions.

At this meeting we got to watch a huge tree being cut down on Betty Ames beautiful lakefront property.

The book for this month’s reading is titled “Outlanders” by Gil Adamson.

We invite Probus members interested in meeting on Zoom to join us. It is a lot of fun and our next meeting is on St. Patrick’s day, Wednesday, March 17 at 1:30 PM. We will be wearing green and bringing along a green drink of our choice.

Please contact Diane Miller at dianemiller@rogers.com for more information. A lifelong commitment is not required.

13 Shutterbugs (905-878-5862; david.g.wentzell@gmail.com)

On February 15, guest presenter Peter Rasberry, retired outdoor educator and amateur photographer, shared his photographs and experiences behind the camera lens. Peter’s glorious photos were an inspiration to those in attendance as was his advice that “the best camera for the shot is the one you have with you”, whether it is a phone camera, a point and shoot or a top of the line DSLR.

At our March meeting (March 15 at 2pm) George Morita will guide us through the workings of PhotoShop and the benefits of using photo editor with digital photographs.

14 Classical Crüe (905-878-5862; david.g.wentzell@gmail.com)

Our February meeting found us at the theatre, musically speaking. Michael Hooker presented a program of music by Ludwig van Beethoven, composed for a variety of theatre openings, operas and musical plays. At our March meeting we will venture into the “other” music created by some of Classical music’s “One Hit Wonders” Carl Orff, Bedrich Smetana, Johann Pachelbel and more. Plan to join us on Wednesday, March 10 at 2 pm for “The Iron Butterfly Syndrome”.
