ACTIVITY-AT-HOME:

I have two boys in my class who are tardy almost 5 days each week. Please make sure that you give them at least ten minutes before the bell rings at 8:30 to get upstairs and place their belongings in the locker. This is affecting our lunch count. We also have our ILEARN practice tests this week and these tests begin first thing.

Some students struggled this week with some of the new shapes we were learning in Math and some of the skills on how to recognize these shapes. Please go over their work that they brought home with them on Friday, in their green folder, and make sure they fully understand it. They will see this again on ILEARN.
