Application Process

Families should retain copies of all forms and letters.

The parent/guardian is responsible for any tuition and fees that the participating school charges beyond the Choice Scholarship award amount. If the Choice school is selected as the service provider during the first period, the Choice school will be eligible to receive the State special education funding allocated for that student. This funding is to be used to provide special education services for the eligible student. If the Choice school is selected as the service provider during the second application period, the Choice school will not be eligible to receive the State special education funding allocated for that student.</p> <p>For more information on the Choice Scholarship Program and special education, please review the Choice Scholarship and Special Education Services FAQ available on the Choice Scholarship Program website.</p>

Number	Question	Answer
2	Can a student who has been withdrawn from their Choice school return to the same Choice school at a later date in the school year and continue to receive his/her Choice Scholarship award?	At the time a student is withdrawn from the Choice school, the parent/guardian forfeits the remaining portion of the student's Choice Scholarship award. If the student enrolls at another school and chooses to return to the original school, the student may reapply for a second period application at their original school prior to the January 15, 2023 deadline under the previous Choice track. If the student does not return to the original school by the deadline, the student is no longer eligible to receive Choice Scholarship funds for the remainder of the school year.
3	How will the payment process work? Is there anything I need to do once school starts?	The parent/guardian plays a very important role in the payment process. The Choice Scholarship award is designated by the parent/guardian to be paid directly to the participating Choice school on the student's behalf. At the time of application, the Choice school will download and print a Choice Scholarship Endorsement Form. The Endorsement Form must be signed and dated by the parent/guardian. Without the completed Endorsement Form, the State will not make a payment for that student.
4	What happens to the payment if the student is withdrawn before the school year is over? Are there any costs to the family beyond what is covered by the Choice Scholarship?	At the time a student is withdrawn from the Choice school, the parent/guardian forfeits the remaining portion of the student's Choice Scholarship award. Knowing the participating school's policies concerning student withdrawal and tuition payment is important. Individual school policies vary and may require that tuition and fee costs be paid for the full month for which the student withdraws or even for the full semester. In accordance with the school's policy, the family may be responsible for any unpaid tuition resulting from the State's process of prorating payments.
5	How will the payment process work?	To receive a payment, a student must have (1) a current Enrollment record; (2) be included in the Choice school's Membership for Vouchers (MV) submission; (3) and have an Endorsement Form (EF) signed by the parent/guardian and the school uploaded in the STN Application Center by the posted deadline. The Endorsement Form instructs the State to provide payment to the school on the student's behalf. Without the completed Endorsement Form, a payment will not be made.
6	What happens to the payment if the student is withdrawn before the school year is over?	When a student is withdrawn from the participating school, the Choice Scholarship amount is prorated down to the number of days that the student was enrolled at the Choice School providing that the student was claimed in the school's Membership for Vouchers (MV) count and a signed Endorsement Form (EF) was uploaded for the student. This process is repeated for the second count day, with the exception that the EF is only required to be submitted for period two students. Individual school policies vary and may require that tuition and fee costs be paid for the full month for which the student withdraws or even for the full semester. In accordance with the school's policy, the family may be responsible for any unpaid tuition resulting from the State's process of prorating payments.

Number	Question	Answer
7	How often will State payments be made?	At a minimum, Choice Scholarship payments will be made at least once per semester.
Scholarship Granting Organization (SGO) Program		
1	What is an SGO Scholarship?	The program provides a 50% state tax credit for contributions made to qualified Scholarship Granting Organizations (SGOs) that offer scholarships to children to attend non-public schools of their choice. More information about SGOs is posted on IDOE's school scholarship website . For more information on whether your child qualifies for an SGO award, please contact the Choice school.
2	Can a student who receives a Choice Scholarship also receive an SGO Scholarship?	Yes. A student who meets the requirements for a Choice Scholarship could qualify for an SGO Scholarship as well, provided that the combination of the two amounts does not exceed tuition and fees at the school. Please contact the Choice school for more information about this program.
3	What is the minimum SGO award amount?	There is no minimum amount that an SGO can award to an eligible student. However, an SGO award must be at least five hundred dollars (\$500) in order for that student, or the student's sibling, to qualify later for a Choice Scholarship under the Previous SGO Track. This rule only applies to a student or a sibling of the student who receives an SGO award for the first time after June 30, 2013 and otherwise meets the income eligibility requirements of the program.

Admission standards for Choice Scholarship students may not be different than the standards used for non-Choice eligible students.
3	Are all participating schools required to have a lottery policy?	Yes, in accordance with IC 20-51-4-3, even if you don't anticipate ever using a lottery, the policy must be in place. A sample lottery policy is posted in the Non-public School Community on Moodle.
4	Can a Choice student be expelled from the school for academic, disciplinary, or other reasons?	A participating Choice school should follow the policies of the school that have been approved by the school's governing body. The school must notify IDOE within five days if a student is withdrawn from the school by submitting an updated Enrollment report. If a student attends less than the period for which the award is allocated, the IDOE will prorate the amount of the Choice Scholarship and request a refund.
5	Will my school be required to do teacher evaluations?	Yes. Pursuant to IC 20-28-11.5-4, eligible Choice schools are required to develop a plan for annual performance evaluations for each certificated employee.

Number	Question	Answer
6	Our school does not have access to technology for all of our students. Are we required to participate in tests online?	Schools are required to participate in online testing to the extent possible. A school does not need to be 1:1 in order to participate in online testing. Testing can be administered using a stationary computer lab, mobile computer lab, or the Bring Your Own Device (BYOD.) A formal request to the Office of Student Assessment (OSA) must be made for paper testing approval. In some cases, only partial approval may be granted. Approvals will be determined on a case-by-case basis. Schools requesting paper must participate in a Systems Readiness Test to confirm technology capacity issues that would prevent the successful implementation of online tests.
