

# News from the Classroom

## This weeks Discovery

### Language arts and handwriting

We are continuing long vowels this week. We will be working on l, o, and u. We will be focusing on counting how many vowels are in words to see if they are going to be long or short.

### Math

We are learning about solid shapes. We will continue to work on addition and subtraction with an emphasis on paying attention to the sign to know which operation to do.

### Heritage Studies and Science

I am very excited about this week! We will be learning about weather. I have some fun and exciting science activities to help the children understand more about rain, lightning, and tornadoes.

## Bible

As I read about the death on the cross, I sit in awe at Jesus' attitude towards those who not only tortured him and crucified him, but stood mocking as he suffered on the cross.

As he looked out on the people he said, "Father forgive them." What an amazing display of love and forgiveness. We will finish out the story of the death, burial, and resurrection of our Savior this week.

### Memory Verses

1 John 4:19, 20, John 3:16

## Things to remember

March 17- Progress reports

Match 23-27- Spring Break

Planting  
our  
flower  
seeds
