

## ***Run for Your Money!***

Mileage Club has been a highlight of the Burge Terrace Christian School program for six years. Our students have been strongly encouraged in their pursuit of physical fitness and have been highly successful in their goals. Even though our Mileage Club year was terminated two months early due to COVID-19, our 61 students walked/ran 4,223 miles collectively, which averaged over 69 miles per child.

Each student will be able to gather sponsors who would encourage their effort by pledging a certain amount of money per mile walked. These sponsors could be relatives, neighbors and friends. There is no set minimum or maximum number of sponsors or pledges that each child could obtain.

BTCS will credit each student's school bill with 25% of the money raised by that child. The rest of the money will be used for special needs at BTCS. Please note the included information sheet that explains our projects for 2020-2021.

Mileage Club participants are students in grades 1-6. The dress code for our Tuesday/Friday weekly runs is PE t-shirts and dark blue/black knee-length shorts or BTCS sweatpants with gym shoes. Monthly challenges will feature special theme colors.

Please note that there is no after school care for grades 1-6 during Mileage Club. On Tuesdays and Fridays, after school care starts at 4:15 to allow all the children to participate.

Attached is a sample form for the students to enroll their sponsors. More forms will be available in the school office. Sponsors may be enrolled at any time during the year.

I am looking forward to exciting times in Mileage Club as the students form healthy fitness habits and enjoy the support of their friends!

# MILEAGE CLUB **SPONSOR PLEDGE**

I'm a proud Mileage Club Sponsor for \_\_\_\_\_ at  
Burge Terrace Christian School for the 2020-2021 school year.

I promise to provide the incentive of \_\_\_\_\_ per mile that he/she  
completes. I understand that the school will send me a letter at the end of  
the year to certify the number of miles that my student ran/walked. BTCS  
will credit each student's bill with 25% of the donation and a charitable  
donation receipt for the remaining 75% will also be provided.

# **Burge Terrace Christian School Mileage Club Projects 2020-2021**

One of the highlights of the summer at BTCS is to open the mail and find a Mileage Club donation check and an occasional note. How thankful we are for your generosity!

For the past three years we have spent the majority of Mileage Club funds on needed electronic equipment for our students. We have been able to purchase many Chrome books, hardware and projectors to facilitate interactive white boards. However, this year I feel that the need is totally different.

The students at BTCS presently enjoy two playgrounds. One has been around a very long time and shows much wear. The other was donated by a former school parent who purchased it at an auction.

A playground has so many benefits to a child. It provides a needed environment for the development of cognitive, social, and physical skills. We would love for the students at BTCS to enjoy these benefits by having additional quality playground equipment.

We intend to earmark your generous sponsorship donations this coming year toward enhancing our playgrounds.

Please consider sponsoring a child and help make this happen for our students!

Thank you!

Ann Newton
