

The Peanuts Papers!

Hear Ye, Hear Ye!

General Information:

This quarter is flying by so quickly. I am very excited about the growth I see already taking place in the classroom. A few things are happening over the next couple of weeks. First, students have an **early dismissal** this Thursday at 2:15. Second, **fall break** is almost here as it approaches on September 24th-27th. Third, **Picture Day** is this week. Please, make sure your child is wearing either their uniform or their Sunday best. If their outfit does not follow our school dress code, please make sure they have their uniform to change into after their pictures. Fourth, students have **chapel on Friday** instead of Tuesday this week due to picture day happening on Tuesday. Last, please continue to **check your child(ren)'s assignment pad** to ensure they are completing their work. Some students have not been turning their work in on time. Students' grades will show steady improvement when they are done well and on time. **FACTS** is a great resource to check regularly to see how your child(ren) is doing. Have a great week.

Upcoming Assignments:

- **4th grade Bible:** Students are learning about the Israelites' journey through the wilderness. They will memorize Psalm 103:10-11 for Friday.
- **4th grade history:** Students are learning about the Minoans, Phoenicians, and other ancient cultures.
- **4th grade science:** Students have a quiz on Monday. They are learning about arthropods.
- **5th/6th grade history:** Students are still learning about various Spanish, English, and French explorers.
- **5th/6th grade science:** Students have a quiz on Monday. They are learning about erosion this week.

Upcoming Events:

- Mileage Club- Tuesday and Friday
- Tae Kwon Do- Wednesday
- Early Dismissal- September 17th @ 2:15
- Fall Break- September 24th-27th

The Peanuts Papers!

Hear Ye, Hear Ye!

4th Grade Math Message

This week is all about subtraction including interpreting the result of subtracting zero and also subtracting two, three, four, and five-digit numbers.

We measure many things in life, and so does God, but God himself cannot be measured - He is infinite!

Have a great week - Fall Break is coming!

Mrs. Rejko

Language Arts A note from Mrs. Baker

Reading: We will begin reading an inspirational biography about Ben Carson. This is an amazing story of how God worked His perfect will in the life of one of His children.

Reading Journals: due Tuesday

English: There will be an English test on Monday. This week we will focus on identifying common and proper nouns.

Spelling: Test on Tuesday
