Classroom News

I hope you all had a wonderful weekend. I enjoyed the beautiful weather!

This week, the third through sixth graders have state iLearn testing. In light of that, I will not be assigning homework this week. There is still a spelling test and science test this Friday, so make sure that your third-grader is prepared for those assessments.

Because of testing, there is no chapel this week. There also will not be PE this week, but there is Taekwondo this Wednesday. There is also regular milage club after school this Tuesday and Thursday.

In math, we will finish up our chapter over geometry. There is a math test on Monday, April 22. In English, we will learn about the library system. In reading, we will read different texts about spiders. In history, we will learn facts about Minnesota. In science, we will review and prepare for this week's science test.

Please do not hesitate to email me if you have any questions or concerns!
