

THE MONOPOLY TIMES

5th & 6th Weekly Newsletter

MATH

Mrs. Pascoe & Mr. Newton

5th Math: The students will continue to learn about customary measurements as we work with weight, capacity, and temperature. It will be beneficial for the students to memorize equivalent units of measurement, especially those they are most unfamiliar with.

6th Math: This week we will weigh in on mass and weight, measure the perimeter of complex shapes, continue algebraic addition, and solve percent problems using proportions. There will be no test this week.

SCIENCE

Mrs. Pascoe

This week we will learn more about meteorology and weather maps and discuss a biblical view of the Ice Age.

BIBLE

Mr. McOwen

This week we will begin investigating how Scripture tells us we should relate to one another. Over the next two weeks, we will discuss God's creative purpose for men in the creation mandate and the character qualities God desires for men. Following that discussion, we'll also look at Biblical womanhood.

Memory verse: 1 Corinthians 16:13

SPELLING/ LATIN & GREEK

Tuesday, April 9th: 5th - Test over List #27 and 6th - Test over prefixes #13-18. No new words will be given due to ILearn testing next week.

READING & ENGLISH

Mrs. Baker

Reading Journals: The white, read-only journals are due on Tuesday.

5th Reading: In addition to the official iLearn practice tests on Wednesday and Thursday, we will continue our novel. The students are enjoying learning about Christian and his journeys to the Celestial City.

5th & 6th English: The students will review different forms of writing and various English concepts this week before taking the iLearn practice later in the week.

6th Reading: We will continue our novel this week, reading about Rudi's bravery during the invasion of Poland and his dedication in following the promise he made to his father.

HISTORY

Mrs. Newton

The students will discover that the War of 1812 ends with a battle that did not need to be fought. A young man named Andrew Jackson is the commander. They will also learn about the unique circumstances of the celebration of America's 50th birthday.
