## ACTIVITY-AT-HOME:

I am SOOOOOO proud of the class and how well they all did on their iLearn Benchmark 3 for both ELA and Math! We would sometimes spend twice the amount of time on Math just trying to help each and every student understand the new skill that day. It was all worth it! I am so proud and we all jokingly said that we hope to never see another fraction again lol

Please continue to read with your child, ask questions about what just happened in the story, practice multiplication and division, and working on any skills assigned to them on IXL.
