Dear Parents:

You know fall is around the corner when collegiate and pro football gets underway. The Colts are actually 2-0 for the first time since 2009! If the ending of Sunday's game was any indication, this might be their lucky year! Whether NFL fans or not, we can all hope for a good season and some sense of pride and unity in our community.

Other events to cheer for include:

Tuesday, September 23: The monthly Mileage Club challenge is called, "Purr-fect Cat Caper." The 1st-6th graders will walk/run for 2 miles dressed preferably in cat colors.

October 2-6: Fall Break – no school

October 8: Representatives from the Lions Club will be coming to school for Operation KidSight. This is a free vision screening for K4 and K5. Permission forms will be sent home with your child on Tuesday, September 23rd. Permission forms need to be returned by October 7th if you want your child to have a vision screening.

October 9: The Marion County Public Health Department will be at school for the annual vision and/or hearing screenings. A free vision screening will be given to students in grades 1, 3, and 5. Hearing screenings will be given to students in grades 1 and 4.

October 10: End of First Quarter

October 21: First Quarter Progress Reports go home

Yes, let's all cheer because fall is definitely in the air! Maybe we can get the thermometer to cooperate!

Mrs. Newton
