## ACTIVITY-AT-HOME:

On Friday, students have earned a movie and popcorn day. They technically have a few more incentives to win but I believe they will achieve it by then so I'm planning ahead!

We are watching Wild Robot since we just completed reading the novel as a class.

As we begin quarter 4, please remind your child what I tell them each day. I am preparing you for 5th grade since you will be a 5th grader in a couple of months.

They are going to have to meet those expectations and I believe they will. The workload and skills will continue to become more difficult so they are going to have to give their best.

As mentioned before, please be on time for school. It is greatly affecting our mornings having several tardies each day. They need more time for their lockers.
