

To all Grey Ghosts,

We are seeking assistance in locating the “Missing Ghosts” listed below, whose membership with the Reunion Squadron has lapsed for several years. Our previous attempts to contact them have been unsuccessful, and it is possible that they have relocated or updated their contact information. They are listed with their years of service in VMFA-531.

If you recognize anyone on this list and can reach out to them, we kindly request that you:

- 1) Check in to see how they are doing.
- 2) Forward their current contact information to Doug Winslow, who will follow up accordingly.

Our hope is to reconnect with these Marines, ensure their well-being, and invite them to re-engage with the Squadron.

If you are a Marine who served in VMFA-531, you are welcome to join us. It’s a great opportunity to reconnect with old Ghosts and make new friends. If you can think of any other Ghosts, you’ve lost contact with over the years and would like for us to start a search party; Forward me the last known information you have and we’ll try to locate them.

Thank you and Semper FI

Doug Winslow
