KNOWLEDGE IS POWER

If you're seeking the path to success to regain custody of your progeny, the Child Custody Masterclass is what you need. However, the content in this course is very powerful and extremely sensitive due to the nature of the subject matter. If ANYONE were to use the information irresponsibly or without complete comprehension, it could cause irreparable damage to them and it can do more harm than good to the human family on a global scale. Therefore, to be responsible educators who wish to share this information and ensure the integrity and accuracy of the material from harmful changes or from any potential abuse by people with ulterior motives - we believe the most responsible way to release the information and keep everyone safe from harm, is to keep the Child Custody Masterclass as an in-house training program. This means the Masterclass will be available to members of IRONPMA ONLY. This way you won't have to go up against the agencies alone, which would be a recipe for disaster. Anything less from us would be reckless and irresponsible. We're stronger together, and as a member of the club you'll receive the support you need from an alliance of women who are on the same path. In addition to the support, your membership in IRONPMA will serve two purposes:

- (1) It protects you from retaliation by the agencies due to your membership in a powerful alliance
- (2) It protects the Educators to freely provide you with on-going assistance to grow in knowledge and to provide guidance on how to enforce the notices

THE STARFISH STORY

A young girl was walking along a beach upon where thousands of starfish washed up during a terrible storm. When she came to a starfish, she would pick it up and throw it back into the ocean. Many people watched her with amusement.

She repeated this for some time when a man approached her and said, "Little girl, why are you doing this? Look at this beach! You can't save all of these starfish. It won't make a difference!"

The girl seemed crushed and suddenly deflated. But after a few moments, she bent down, picked up another starfish, and hurled it as far as she could into the ocean. Then she looked up at the man and replied, "Well, I made a difference to that one!"

The old man looked at the girl inquisitively and thought about what she had said. Inspired, he joined the little girl in throwing starfish back into the ocean. Soon others joined, and all of the starfish were saved.
