8. **Presentation and Consideration of Summit West CPA Groups Engagement Letter for FY2024 Financial Audit**

Mr. Seppie stated that every year at this time the Board will engage an accounting firm to do the audit. Summit West has done the audit for several years and has served the Board well. 10. **Operational and/or Project Updates**

Mr. Seppie started with operational updates, stating that the ice break-up on the river was early and rapid this year. Thus, the reservoir has been put into service to attenuate water quality concerns. Water was slowly added to the reservoir to lift the reservoir ice without damaging the liner.

There will be at least one more planned shutdown this season, this will be to complete the electrical disconnect to the plant.

Mr. Seppie wanted to make the Board aware of SF0075, the omnibus water billconstruction for Water Development. The bill included an amendment for funding water system redundancy. As Mr. Seppie stated at the last meeting, Representatives Wylie, Larson, and Stith were working to assist the Board in funding opportunities. This was a generic amendment providing potential project funding for things like a generator. The Board may be able to apply for funding once a program is established by the WWDC. There was discussion regarding timelines and limitations. Ms. Hilstad and Mr. Seppie attended the Planning and Zoning meeting where the UPRR presented their Use Control Area overlay for the Old Plant site. The Planning and Zoning Committee approved the request, now it will go to the Green River City Council for 3 readings. Mr. Seppie did not know the schedule for the 3 readings.

11. **Public Comments**

Mr. Kauchich didn't have any comments. Mr. Westenskow thanked the Board for assisting in the Usage Control Area and he would keep Mr. Seppie informed about the upcoming meetings.

12. **Good of the Order**

Mr. Reichl asked about generating oxygen onsite. Mr. Seppie gave the background on why this was not done during the original plant design and construction. There was discussion on alternative options and funding.

Mr. Seppie presented a recent update from the Bureau of Reclamation on the snowpack. The Upper Green is looking good, but the Winds are only about 80% of normal. There was good news for Lake Powell as the overall tributary area is at 111% average.

Note to the Board

Date: April 11, 2024 Subject: Official Depositories From: Bryan Seppie/Sara Richardson

Each year the Board must identify the official depositories of public funds. JPWB currently have accounts at three (3) financial institutions that must be listed.

- Commerce Bank
- RSNB Bank
- Uinta Bank

These institutions have provided properly executed Applications for Deposit of Public Funds.

It is my recommendation that the Board approve these three financial institutions as official depositories.

Information only: Multi-Bank Securities handles investments up to the FDIC limit and thus are not required to be identified in the list above.
