- 3. August 2025 Water Sales and Usage Reports
- 4. Annex to the Employee Reference Guide "Conduct and Code of Ethics"
- 5. Note to the Board-Allocation of FY25 Surplus of Budget
- 6. Resolution 26-01 Official Name and Principal Place of Business

Meeting Minutes

Meeting Date: August 20, 2025

Type of Meeting: Regular Board Meeting

1. Call to Order

The Joint Powers Water Board meeting was held by remote computer access, teleconference, and in the conference room at the Water Treatment Plant. Chairman Young called the meeting to order at 3:01 p.m.

2. Roll Call

A quorum was present with Terry Leigh (SW Co), Aaron Reichl and Jason Palmer (GR), Robert Young and Richard Lee (RS) present. Ms. Sage Hilstad, Counsel for the Board, was in attendance. Staff attending was Bryan Seppie, General Manager, James Tardoni, Engineer, and Sara Richardson, Office Manager. Mark Westenskow, City of Green River and Paul Kauchich, City of Rock Springs were also in attendance.

3. **Approval of Agenda**

Mr. Leigh made a motion to approve the agenda. *Mr.* Lee seconded the motion. The motion was voted on and passed.

4. Approval of July 22, 2025 Board Meeting Minutes

Mr. Reichl made a motion to approve the July 22, 2025 Regular Board meeting minutes. Mr. Lee seconded the motion. The motion was voted on and passed.

5. **Approval of June 2025 Financial Reports**

Mr. Seppie pointed out a few items in the financials as June is the end of fiscal year 2025. Water sales were greater than budgeted and some expenses were lower than anticipated. These factors yielded a surplus of budget of approximately \$312K. *Mr. Leigh made a motion to approve the June 2025 financial reports. Mr. Reichl seconded the motion. The motion was voted on and passed.*

6. Presentation of July 2025 Water Sales and Usage Reports

Mr. Seppie presented the July 2025 water sales and usage report stating that this was the second month for water sales revenue for this fiscal year. July's usage was 103% of the average, this was likely because of the High School Rodeo Finals being held in Rock Springs. Simplot usage was about 113% of average. There was also a break in a transmission line in Rock Springs which was quickly fixed.

7. **Operational and/or Project Updates**

Mr. Seppie began his updates discussing the fiscal year 2025. Some expenses were underspent, most significantly in payroll categories, while water revenues and interest income were slightly higher than budgeted. This resulted in a surplus of budget, also known as carryover. The surplus can remain in the "General Fund" as it has in most years, or it can be reallocated to various reserves. Mr. Seppie explained the Board designated reserve funds and what they were used for. During the budget preparation the Board had placed importance on the funding of reserves, and this surplus could be assigned, in part or whole, to reserves. Mr. Seppie stated that no action was required today but he would like guidance from the Board.

There was discussion as to where the surplus of funds was currently being held and how the accountant funded the reserves each month. Some of the members gave input into which reserve fund they thought should receive money.

The second item Mr. Seppie addressed was an EPA Clean Air Act inspection on August 7th. The inspection focused on the risk management program for chlorine gas. It has been about 10 years since the last inspection. The inspection lasted most of the day, involving a review of the records for compliance. The inspector will be working on the report, and during that time, he has given us the opportunity to submit additional information. Mr. Tardoni has some experience with these types of programs. He is working on a process hazard analysis procedure that would have normally been done in September but has been moved up so that we can submit it. We will be holding a staff meeting tomorrow. There are many components, and it is a challenging set of rules. There was some confusion with the compliance audit and whom is to do it. This may be an area of concern in the inspector's report. We are evaluating how we might want to do that, perhaps in the future we will consider using an outside consultant. We are not sure when we will get the inspector's findings, the last time it took a couple of years.

We had the financial audit August 11-13th. They did their field work and seemed happy with the results. They were able to wrap it up a day early. They had a different focus than last year, with different analysis and perspectives. They offered a few suggestions, not deficiencies but recommendations. Some of the recommendations were straightforward, such as, they would like to see a Code of Ethics in our Employee Reference Guide. Mr. Seppie will prepare this for the Board's approval. They also suggested a memo to our employees suggesting that they routinely review their pay stubs. The Auditor's did want copies of the Public Officer Training Certificates because of the new Statute. The two new Board members will need to complete their training within 1-year of their appointment.

An EPA Drinking Water inspection, also known as a sanitary survey, was performed August 19th. This was a new inspector with a different approach than previous inspectors, but he was pleased with the results and complementary to the staff about the cleanliness and upkeep of the plant. Mr. Seppie stated that these inspections take an extraordinary amount of time and staff had worked hard to prepare for them. He

complemented the staff for their efforts. It may take time for the results, and he anticipates the report may identify some minor issues.

There are some new signature cards that need to be taken care of by the Board members, please see Mrs. Richardson after the meeting.

There will be a Joint Agriculture Public Land and Water Resource legislative committee meeting on August 28th that Mr. Seppie anticipates testifying at regarding the cloud seeding program.

8. **Public Comments**

Mr. Kauchich had no comments.

Mr. Westenskow gave an update on the wastewater treatment plant and stated that there will be an uptick in water usage as they are getting the plant up and running over the next couple of months.

9. **Good of the Order**

Mr. Lee updated the Board on the Select Water Committee's meeting in Rock Springs. There is a lot of activity going on and we need to pay attention to these discussions in Cheyenne.

Mr. Leigh asked Mr. Seppie if there was an algae problem at the intakes this year. Mr. Seppie said that the State Engineer's Office had performed two studies this summer involving conveyance losses as they move water and that Fontenelle had varied their releases for these studies. The moss and algae are different every year and this year the majority of the material is aquatic grass. To mitigate water quality concerns, staff have been operating the reservoir like it is a tank, keeping lower volume stored and having a higher turnover rate.

Mr. Seppie stated that the BOR will be holding their Fontenelle fall meeting August 28th at Seedskadee. The Flaming Gorge meeting will be held on August 27th.

Mr. Reichl updated the Board on the Select Water Committee and Wyoming Water Development being in the area and toured a mine. He said they had good questions about water use, and it was a good opportunity to inform them on both industrial and municipal uses. He talked about the SEO working on getting legislation around storage in Fontenelle and water conservation and implementing a voluntary conservation program. Wyoming needs to show some action for negotiations with the 7 basin states. Storage in Fontenelle would give the State flexibility and help in the event of a compact curtailment.

There was discussion regarding writing letters to our legislative members and the need to start the dialogue about these water topics prior to the session.

10. Executive Session

Mr. Seppie stated there was need for an executive session to discuss a legal settlement associated with land and personnel issue. He asked that Mrs. Richardson stay for the conversation.

Mr. Lee made a motion to move to executive session at 3:58 p.m. Mr. Leigh seconded the motion. The motion was voted on and passed.

At 4:18 p.m. Mr. Reichl made a motion to reconvene the regular meeting. Mr. Leigh seconded the motion. The motion was voted on and passed.

No action was taken coming out of executive session.

11. **Next Meeting**

The next regular Board meeting will be held September 18, 2025 at 3:00 p.m.

12. **Adjournment**

There being no further business at 4:20 p.m. Mr. Lee made a motion to adjourn the meeting. Mr. Reichl seconded the motion. The motion was voted on and passed.

Green River/Rock Springs/Sweetwater County
Joint Powers Water Board
(JPWB)

Employee Reference Guide February 20, 2025

Conduct and Code of Ethics

September 18, 2025

EMPLOYEE CONDUCT

Code of Ethics and Core Beliefs

The sole objective of the operation of the Joint Powers Water Board's (JPWB) is to provide safe, abundant, quality drinking water to its customers and residents in their service area. All employees of the JPWB must be aware of the importance placed upon them as a JPWB employee; and being employed by a governmental agency, must realize that they are bound to uphold the constitutions of the United States of America and the State of Wyoming, and the resolutions, rules, and regulations of the JPWB.

All JPWB employees are bound by the highest standards of morality and integrity and should be concerned that both their official functions as a JPWB employee as well as their private affairs should be conducted so as not to bring discredit upon or injure in any way the credibility of the entire JPWB organization.

Conflicts of Interest

JPWB personnel are not authorized to engage in private business or professional activity that would place them in a position where there is a conflict of interest for the JPWB. In addition, JPWB employees may not have a financial interest which would place them in a position where there is a conflict between their private interests and their public interests for the JPWB. JPWB employees must not engage in any private business or processional activity or enter into any financial transaction which involves – directly or indirectly – their position and presents the appearance of unethical behavior. Employees are required to disclose any potential conflicts of interest to their supervisor.

Privileged Information

JPWB employees who are involved with plans, programs, or other information of significant public interest may not use this information for personal gain, nor to benefit family, friends, or acquaintances. Each employee is charged with the responsibility of insuring that only information that should be made available to the general public is released.

2

Respectful Workplace and Professional Conduct

Employees are expected to treat colleagues, customers, and vendors with respect, fairness, and courtesy. Discrimination, harassment, or any form of abusive behavior is strictly prohibited. Professional conduct should foster a safe, inclusive, and productive work environment.

Compliance and Reporting

Employees are expected to comply with all applicable laws, regulations, and JPWB policies. Any suspected violations of this Code of Ethics should be reported promptly to a supervisor. Retaliation against individuals who report concerns in good faith is prohibited.

ACKNOWLEDGEMENT OF RECEIPT

Acknowledgement of Receipt

I acknowledge receipt of the Conduct and Code of Ethics Annex to Employee Reference Guide (dated February 20, 2025). I understand that I am responsible for reading and complying with its contents. I recognize that this Annex represents brief summaries of JPWB guidelines, so it may not be all inclusive.

I UNDERSTAND THAT THE LANGUAGE USED IN THIS ANNEX DOES NOT CONSTITUTE A CONTRACT OF EMPLOYMENT, EITHER EXPRESSED OR IMPLIED. I FURTHER UNDERSTAND THAT EMPLOYMENT WITH JPWB IS AT-WILL, AND EITHER PARTY MAY TERMINATE THE RELATIONSHIP AT ANY TIME, WITH OR WITHOUT NOTICE OR CAUSE.

Note to the Board

Date: September 4, 2025

Subject: FY2025 Surplus of Budget

From: Bryan Seppie

As discussed during the August Board meeting, Fiscal Year 2025 ended with a surplus of approximately \$312K. Much of the surplus was the result of underspending during the fiscal year on "Payroll, Taxes & Benefits" and to a smaller degree on "O & M Expenses". There was also a small amount of additional revenues collected in "Water Sales" and "Interest Income".

When a surplus has occurred in the past, the amount normally stayed in the General Fund and no action by the Board was necessary. However, during the current year's budget preparation, the Board prioritized funding its reserves and thus this may be an opportunity to further that goal. If the Board desires, they could utilize a portion of this surplus toward one of the Board Designated reserves.

The surplus of \$312K in FY2025 includes unrealized gains of approximately \$32K which is illustrated in June's Financial Statements as "Net Ordinary Income" of \$280K. Mr. Varley explained to me that the unrealized gains can technically turn into unrealized losses (if the CDs were taken early and penalties paid). So, when looking at this surplus, the conservative approach is to not include the unrealized portion (i.e.. \$280K or even less).

Based on the Board's conversations during the FY2026 budget preparation and discussions during August's Board meeting, I recommend that the Board allocate \$250,000 of the surplus from FY2025 budget toward the "Water Resource Reserve".
