

# The Old Catholic Church in the United Kingdom & America

We are pleased to be able to congratulate Fr Franklin who recently participated in a trainer's workshop for teachers, organised by the Regional Office of UNESCO in Abuja Nigeria.

As a Religious Institution ourselves, we strive to create a spiritual environment that fosters a religious lifestyle among seminarians and students, and provide an atmosphere of excellent formation to the ministerial priesthood in all its aspects: human, spiritual, intellectual and pastoral. Our programmes are based on and focus on traditional Catholic theology.
