Dear Rt Reverend Dr Robinson

07 October 2020

## Thank You for Caring

Please accept my most sincere thanks for your incredibly kind donation of £50 to Leeds Cares. As requested, your generous gift will help support the Leeds Little Livers at the Transplant Games.

As the official charity partner of Leeds Teaching Hospitals, Leeds Cares supports NHS staff to deliver the best care for patients and their families, by raising funds for equipment, services, education and research. Donations for the hospitals help to fund things that fall outside of the core provisions of the NHS – the added extras that really do make a big difference to staff, patients and families.

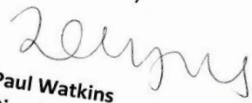

The Leeds Liver Unit is the third largest in the UK, serving patients across the North of England in all aspects of liver transplantation, from assessment through to long term post-transplant care. Donations from people like you help to support the service for example we have recently refurbished a small clinical area for patients, as well as funding a mobile ultrasound machine, which improves the services nurses can provide. We work closely with our NHS colleagues to ensure donations are used where they will have the greatest impact.

Our work always centres on improving health and wellbeing for patients, families and staff, but we simply couldn't continue to make a difference without the generosity of people like you.

We are incredibly grateful for your support and would love to keep you in the loop with our work and the difference your donations make. Please take a moment to read the reverse of this letter to find out more about keeping in touch and how to update your preferences. You can also stay up to date by visiting [www.leeds-cares.org](http://www.leeds-cares.org) or by finding us on social media.

On behalf of everyone at Leeds Cares, thank you once again for your gift today and for showing how much you care - we really appreciate your support.

Yours sincerely

  
pp Paul Watkins  
Director of Fundraising
