VEHICLE CUSTOMIZATION

2020

Custom Designed For Your Application

We design/build for our customers' needs. Let us create the specific options to create the most efficient vehicle for you. You start with the selection of the many high quality vehicles offered by **On Premise Products** or your vehicle supplier then we customize as needed.

Accessory Equipment

Our in-house design team provides modeling and renderings to see what you have selected.

Function and aesthetics combined.

Select your choice of base vehicle then contact us for the next steps to customize the vehicle.

SPECIALIZED FOOD SERVICE VEHICLE

Our **Portable Cafe** is specifically designed for mobile food service. Additional applications include catering and special events. Standard features allow for an immediate implementation into your food service program.

Internal 12v power ports and food warming bags with internal heating plates

Adjustable internal shelving for maximum capacity

Rear 110v power port creates your POS station

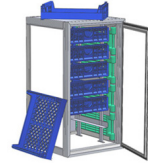

Select your choice of base vehicle then contact us for the next steps to customize the vehicle.

Food Service Design

Custom designed food service equipment packages.

Custom Options For Your Application

Functional designs and options for **your** application

Southern California Facility Vehicles Shipped To Any Location In The US
